MAY HARNESS MEDUCTIC FALLS

TAXI WITH A HISTORY REACHES N. Y.

Will be Exhibited at the American Legion Convention.

WAS USED IN GREAT WAR

Was One of a Fleet Used by General Gallieni.

(Special to the Daily Mail by British United Press)

New York, Oct. 6—The most famous passenger to arrive here Tuesday upon the S. S. Republic was a taxicab. It was one of the fleet that carried General Gallieni's army from Paris to the defense of the marines in 1914 and will be exhibited at the American Legion Convention at Philadelphia beginning Oct. 11.

HINDENBURG DECLINES GIFT TO AID WIDOWS

Berlin, Oct. 6—President Von Hindenburg has quickly brought to an end a move on the part of Pommeranian well wishers, who purchased him a country estate, which it was intended to present to him on his birthday, October 2. On that day he will be seventy-nine years old.

When the President learned that a newspaper was circulating a subscription list he requested that the money be refunded to the donors, or if this were impossible to turn it over to the widows and orphans of soldiers killed in the World War.

BRIDGE OVER LAND TO SPAN A RESERVOIR

Birmingham, Ala., Oct. 6—A modern highway bridge half a mile long, more than a hundred feet high and built almost entirely over dry ground is nearing completion near here.

It is one of the large bridges, in the building of which engineers did not have to contend with caissons, cofferdams and troublesome water conditions. The bridge at present spans a creek only a few yards wide. It is being constructed by the Alabama Power Co. under an agreement with the state highway department to provide transportation across a huge reservoir which the power company will form by a dam across the creek valley further down.

The steel spans will be floated into place between the completed piers after the reservoir is filled.

SECRET OF BIG AIRSHIP IS WELL GUARDED

London, Oct. 6—The utmost secrecy is being maintained in building England's giant airship, the R-101, for England-India-Australia service. Armed guards keep all visitors away from the hangars and each one of the 300 persons employed in its construction is sworn to secrecy. Various groups of workers are strictly confined to separate parts of the erection work and not more than half a dozen persons know anything about the complete plans for the airship, which it is hoped will gain for Great Britain the supremacy of the air.

KING GEORGE TO MAKE GIFT TO CATHEDRAL

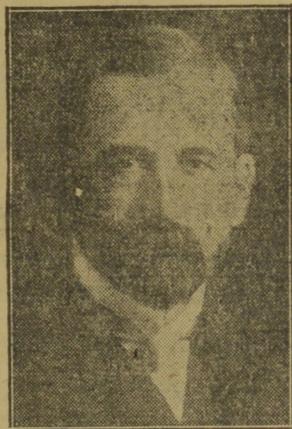

Will Present Silver Arms Basin to N. Y. Edifice.

APPROVES OF THE DESIGN

Bishop Manning, Back From Europe, Makes Announcement.

(Special to the Daily Mail by the British United Press)

New York, N. Y., Oct. 6—A silver alms basin will be presented to the Episcopal Cathedral of St. John the Divine here now in course of construction here by King George of England. Bishop William T. Manning, just returned from abroad announced that the King had approved the design and the basin would be finished in two or three months.

SIR GEORGE PERLEY Who May Be House Leader of the Conservatives During the Coming Session.

BIG GAME PLENTIFUL IN ALBERT COUNTY

Non Resident Hunters Now Go to That Section of the Province.

The county of Albert is rapidly coming to the front as a big game district, according to Hon. Lewis Smith, Minister of Agriculture, who was here yesterday attending a meeting of the Provincial Government. He says that moose have become very plentiful in that part of the province in recent years, owing to the abundance of feed to be found there, and some splendid heads have been taken out. On the opening day of the season no less than seven moose were shot in the vicinity of Alma. The guides are well equipped to take care of non-resident hunters, and many of them have their services engaged by non-residents for the entire hunting season. The moose have migrated to Albert County during late years from the northern portion of the province and seem to have increased rapidly in numbers. The indications are that Albert County this season will make a very liberal contribution to the revenue of the province in non-resident license fees.

WEAR GLASS HAT

Paris, Oct. 6—One of the very latest sights to see in Paris is part of the Champs Elysees under glass. What is called the Arcades of the Champs Elysees was officially opened yesterday on the site of a former palatial residence.

Miss Marie Feeney of Montreal is spending her vacation in the city.

TRADES UNIONISM WAS DISCUSSED AT MEETING OF THE NATIONAL UNION

Old Country Conservative Conference Being Held at Scarborough—Woman Presides for the First Time in the History of the Organization Attitude Towards Trades Unions is Indicated by Resolutions.

(Special to the Daily Mail by the British United Press)

Scarborough, Eng., Oct. 6—Trade unionism, strikes, picketing and organization of union finances came under a cross fire of resolutions here today when the national union of the Conservative party began its 5th annual session. For the first time in the party's history, a woman presided over the conference. Tonight, Premier Baldwin was to speak.

The scope of the conference's intentions toward the trade unions were indicated in the resolution introduced by Sir Arnold Gridley in behalf of the Rugby Conservative Association. In four blunt items the resolution proposed that any strike which had not been proceeded by a secret ballot should be illegal; that greater protection should be given unionism against victimization and intimidation; that mass picketing and the picketing of workers' homes be forbidden by law and that the national accounts of trade unions be subject to public inspection, with annual certification by chartered accountants.

The Enfield Conservative Association asked the movement to make a private investigation of all testimony to be secret, in an effort to discover whom the workingmen themselves blame for "the difficulty from which they are suffering under trade unionism." Dame Caroline Bridgeman, who has been actively engaged in Conservative party work for many years, presided today.

COL. RALSTON WILL ENTER THE CABINET

Yarmouth, Oct. 5—A meeting of the executive of the Shelburne-Yarmouth Liberal Association was held at Barrington Passage this afternoon with a full attendance of delegates present for the purpose of considering the offer to Mr. Hatfield of a seat in the senate in order that he may retire as a member of parliament to make a seat for Col. J. L. Ralston who is slated as minister of defence. Resolutions were passed expressing approval of Mr. Hatfield's promotion to the senate and also expressing confidence in Mr. King and Mr. Hatfield.

Before the session adjourned the officers of the association were authorized to make arrangements for the calling of a convention of the Liberals of Shelburne-Yarmouth constituency at an early date.

The president H. R. L. Bill, of Lockeport, presided and the meeting was addressed by Hon. Robert Irwin, Shelburne; H. A. Waterman, Yarmouth; P. L. Hatfield, M. P., and others.

WHERE MOOSE ARE PLENTIFUL

Elgin, Oct. 5—The big game season has opened with big success and about 20 moose have already passed through the village. Those of the village who were successful in getting one were J. B. Barchard, Lloyd Tucker, Edgar McArthur, Dr. Marshall, Irving Horsman, Harold Bannister and Edward Tucker. The moose are especially fat this season and the meat is delicious.

ASKING PUBLIC TO SHOP ON REGENT STREET

London, Oct. 6—An invitation to shop in Regent Street is now to be expected by the reader of any London newspaper. Not any particular shop in the famous street, but an association representing the whole thoroughfare is at present buying large space to advertise the shopping center, which is as well known as Fifth Avenue or the Rue de la Paix.

This goes to show that to tear down and build up a street with such traditions isn't such a paying proposition as it looked at first sight. Years devoted to destroying Nash's Georgian architecture evidently left in the public mind such an unpleasant impression that Regent Street feels the need of rehabilitating itself as a shopping center.

Motor Patrols.

Hon. D. A. Stewart, Minister of Public Works, has been experimenting this season with motor patrols on the trunk highways and is well pleased with the results so far achieved. He has one on the highway between Moncton and Shediac, another between Sussex and Salisbury and a third operating on the North Shore between the Miramichi and Bathurst. A man operating a motor patrol can easily get over twenty-five miles or road surface a day and they do the work thoroughly. The minister is well satisfied with the results achieved and may add to the number of machines next season.

Rev. J. C. Berrie is attending the Maritime Synod of the Presbyterian Church at Halifax.

ATTENDED A CHURCH SERVICE IN NIGHT GOWN

Woman Arraigned in Court at Chicopee, Mass.

WAS HELD FOR SENTENCE

Judge Found That She Threw Brick Through a Window.

(Special to the Daily Mail by British United Press)

Chicopee, Mass., Oct. 6—If attending services at Saint Stanoslaw's church in her night gown had been the only charge against her Mrs. Mary Kiook might have had her case filed.

But when the judge was told that on her way out of church she threw a brick through a Rectory window, he continued her case for sentence.

DUNCAN REPORT IS BEFORE THE GOVERNMENT

Ottawa, Oct. 5—Premier W. L. Mackenzie King, following today's meeting of the Cabinet, stated there was no announcement to make.

Matters of a routine character were, it is understood, under consideration.

Premier King attended a dinner tonight tendered to His Excellency, Lord Willington, by Chief Justice Anglin, of the Supreme Court of Canada.

The report of the Duncan Commission which investigated the claims of the Maritime Provinces is now before the government. It is understood that press of other business has delayed consideration of the report by the ministers, but it will probably be made public within a few days.

CAPT. DUNCAN WAS INJURED

(Chatham Gazette)

Capt. W. J. Duncan was the victim of an unfortunate accident on Saturday afternoon when he suffered a fracture of his leg at his Camp, Bartibouque. Capt. Duncan in company with his son George had just gone into the camp on a short hunting trip. While in the woods near his camp, he slipped on a wet log and fell heavily, breaking his leg.

The injured man was brought to the Hotel Dieu Hospital where medical aid was rendered by Dr. Losier. The captain is reported as resting quite comfortable at present.

WEATHER BAD BUT GOOD FOR GROWING CROPS

Ottawa, Oct. 6—Canadians have a hearty and informal way of greeting Old Country folk that is refreshing after the formal phrases of older countries. The new Governor-General had a taste of the good-natured Canadian style which he greatly relished when he stepped ashore at Quebec on Saturday. The weather was foggy and a gentle rain was falling, but His Excellency was soon made to feel at home by Canada's jovial Minister of Agriculture.

"Welcome to Canada!" exclaimed the Westerner with a hearty handshake.

"Beautiful weather," commented His Excellency. "But it's great growing the weather," observed the philosophic Hon. W. R. Motherwell, who evidently had been thinking of the fall wheat in Ontario.

DANGEROUS CRISIS IN THE RHINELAND

French Sergeant Was Stabbed in Cafe by German.

ESCAPED ON MOTORCYCLE

Affair Was Planned by Members of a Nationalist Band.

Paris, Oct. 6—Another crime has embittered matters in occupied Germany. At Neustadt yesterday a German civilian stabbed a French sergeant while in a restaurant and escaped on a motorcycle which had been waiting before the door.

Like other incidents of the last few weeks between German civilians and French soldiers the affair seems to have been planned and executed by members of some Nationalist band. The sergeant was sitting in the restaurant which was full of Germans when one of the latter approached and asked him to drink from his glass as a sign of amity. In order to avoid discussion the sergeant did so. Then the German produced a dagger with which he said he intended to kill his wife. Suddenly he seized the Frenchman by the throat forced his head back and stabbed him in the region of the heart although not fatality. No attempt was made to stop him as he escaped from the restaurant jumped on a motorcycle and made off.

The incident following those at Germansheim illustrates the danger of the situation in the Palatinate and Baden where a Nationalist celebration was organized yesterday.

WEDDING AT ST. DUNSTAN'S THIS MORNING

Miss Agnes Burns the Bride of Joseph O'Sullivan of Aroostook Jct. — Honeymoon in the States.

At St. Dunstan's Church this morning at eight o'clock Very Rev. Dean Carney united in marriage Miss Agnes Burns, daughter of Mr. and Mrs. Patrick Burns of this city and Joseph T. O'Sullivan of Aroostook Junction. The bride wore a pretty dress of diana blue crepe morocain and a black moire and velvet hat, and carried a bouquet of Ophelia roses and a silver mesh bag containing a rosary. She was attended by her sister Miss Gertrude W. Burns wearing a bran crepe back satin dress and a black moire and velvet picture hat. She carried a bouquet of carnations and sweet peas. William J. O'Sullivan, Assistant Terminal Superintendent of the C. N. R. at Saint John supported the groom.

After the ceremony a dainty wedding breakfast was served at the bride's home, after which they left for Saint John en route to New York, Washington, Philadelphia and Richmond, Virginia. On their return they will reside at Aroostook Junction where the groom is assistant station agent with the C. P. R.

Going away the bride wore a sand velour coat with seal trimmings and a blue and gold hat. The bride was the recipient of many beautiful gifts.

In the suit of Edmundson vs Moore before the County Court a verdict for the defendant was rendered by the jury last evening. The suit concerned a team of horses. C. R. Hawkins appeared for the plaintiff and P. J. Hughes, K. C., for the defendant.
