WHY IS THIS WRONG?

Thousands of letters are delayed in delivery from two to ten hours in big cities because business men do not place their return street address on letterheads and envelopes. Even though a company may be an important one, all postal employees do not have its address committed to memory. Consequently its mail will surely be delayed if persons who must reply to its letters are given no street address.

Of Interest to the Women

MY NEIGHBOR SAYS.

To keep lettuce fresh place in a tightly covered lard pail until wanted.

A pair of scissors for cutting celery and cabbage for salad should always be kept in the pantry.

All baked puddings, if placed in cold water for a few minutes just before serving will leave the dish freely.

Before frying fish do not put it in water after it is split. It is the water that makes the fat fly while fish is frying.

When making peppermints waxed paper is much better to drop them on than a pan. If waxed paper is placed in a pan and made to fit the corners the candy comes out easily when cool.

White of egg is most nourishing should be given freely to invalids beat it slightly and add to tea or coffee, or it may be stirred into any kind of farinaceous food just before serving.

Your rubbers will last longer if you put a half inch layer of crushed tissue paper into the heels. The paper forms a soft cushion for the hard heel of the shoe and thus lessens the wear on the rubber.

No matter how fast or how rough the pace of a train you can write smoothly and comfortably if a cushion is held in your lap. Rest your tablet and arm on the cushion and neither joint nor jar will disturb you.

CHRISTMAS LOAF.

Three pounds of granulated sugar, 1 pint white corn syrup, 1 1/2 pints of sweet cream, cook till it reaches the soft ball stage. Take off stove and when partly cool stir in 1 1/2 pounds of shelled nuts, all kinds preferred, stir and knead until you can work it in a long loaf or roll. Melt bitter chocolate, an paint the sides and top, when hard roll over and finish, cut in slices. This is very rich and makes a large roll. I am sure everyone will enjoy this.

RAISIN SQUARES.

Use two cups flour, 2 tablespoons shortening, pinch salt, teaspoon baking powder, tablespoon sugar and just enough milk to moisten like pie crust; roll out thin as possible have a cup of raisins ground, place on half of dough and cover. Cut into 3-inch squares and bake until slightly brown. Hoping some of your readers will enjoy these.

APPLE SAUCE CAKE.

One and a half cups sugar, 1 1/2 cups unsweetened apple sauce, to which add 1 level tablespoon soda, 1/2 cup butter, 3 cups flour, 1 tablespoon cinnamon, 1/2 teaspoon cloves, 1 cup raisins floured. Add nuts if you like.

PINEAPPLE MARMALADE.

Core the pineapple, pare and slice it into small bits. Make a syrup of a cup of water to two pounds of sugar. Melt and heat to a boil. Heat the pineapple in a kettle set within a kettle of boiling water. When it is thoroughly hot and has a clear appearance, add to the syrup. Boil half an hour, straining or until it is a clear, smooth paste.

ADD THIS TO THE LIST.

It's easy enough to be pleasant. When it's time to go to bed, But the man worth while Is the man who can smile

When late parties bang o'erhead.

Here and There

The fourth Eastern International Dog Derby to be held from Quebec city February 21, 22 and 23, promises to be the most keenly contested ever held. It is expected that over 20 teams will be entered for the race.

Christmas tree shipments from Quebec to the United States ran to 450,000 over Canadian Pacific lines last year, and present expectation is that this number will be equalled at least this year. Revenue to farmers of the province from this source ran to \$100,000 last year.

Four carloads of silver foxes, valued at \$750,000, have left Prince Edward Island in one shipment for the Western States: Wyoming, Utah, Colorado, Oregon and Washington. Viewed as a livestock shipment, it is said to be a record one. A number of prize winners were among the pack.

Dog teams will be used this winter by the Hudson's Bay-Marland organization to prosecute oil development work in the Ribstone field in North-eastern Alberta. This is the area where the quest for oil started following a favorable report by Dr. G. S. Hume, head of the Dominion Geological Survey.

Christmas travel over the Canadian Pacific routes to the Old Country has been heavier this year than ever before experienced. Special trains have been run from Winnipeg directly to the ship's side at Saint John, N.B. The westerners credit this heavy movement to England for Christmas to the excellent conditions that prevail throughout the west.

The hundred settler families from the British Isles brought out by the Scottish Immigrant Aid Society to form the Clan Donald Colony are doing splendidly, according to a field supervisor's report just submitted. When they landed at their destination they found farms, houses, barns and equipment ready so that no time was lost in preliminaries.

Turkish tobacco, grown in Alberta, is better than that grown in Turkey or Greece, according to a Mr. Baker here, who grew 1,000 pounds as an experiment this season. He plotted out three-quarters of an acre to ten varieties of tobacco seed. The crop was harvested ripe before the coming of frost, and of the ten varieties Turkish, White Barley and Orinoco thrived best.

Nearly 1,050 overseas vessels entered the Harbor of Montreal and over 350 coastal vessels docked there in the season just closed. This makes a very favorable showing compared with the 1,255 overseas and 215 coastal vessels of the previous season. During the period of open navigation over 113,850,000 bushels of grain were shipped from the port and flour shipments totalled 2,090,000 barrels.

Canada scored again at the Chicago Exposition when the blue ribbon grand championship in the Clydesdale stallion division went to Forest Favorite, owned by Haggerty and Black of Belle Plaine, Saskatchewan. Last year the University of Saskatchewan took the coveted honor with Green Meadow Footsteps. This year, it is said, the veteran Canadian stallion was an easy winner over all others.

"There is better hunting today in the Canadian Rockies than was the case when white men first began systematic exploration of them nearly fifty years ago," said Tom E. Wilson, of Banff, one of the outstanding pioneer mountain guides, when interviewed at Canadian Pacific headquarters recently. Mr. Wilson was the first white man to discover Lake Louise and Yoho Valley. A plaque or statue has been erected in the Yoho Valley in honor of him, by the Trail Riders of the Canadian Rockies.

"And these old pieces of furniture are bedrooms, I presume." "Yes, indeed. My grandfather paid the first installments on them and we've kept up the payments ever since."
