ST. FRANCIS FINISHED STRONG AGAINST TECH

Won by Scoring Three Goals in Last Period—Chuck McDonald the Heavy Scorer.

A detailed account of the opening game of the Eastern Section, Maritime Intercollegiate Hockey League, in which St. Francis Xavier defeated Nova Scotia Tech 5 to 3 at Antigonish shows that St. Francis won in the last period when they scored three times. As St. Francis is favored again to win the Eastern Section the showing is of interest to Western Section teams.

The account of the game is as follows:—

First of It Even

Antigonish, Feb. 12—St. Francis Xavier's speedy hockeyists opened the Eastern Section of the Maritime Intercollegiate Hockey League with a 5 to 2 victory over the Nova Scotia Technical College players of Halifax here tonight before over five hundred spectators.

It was an aggressive attack in the final session that brought victory to the locals and it came only after a determined stand made by the visitors. In the first two periods there was little to choose between the teams, both sides dishing up good hockey most of the way.

The first score of the game came after sixteen minutes of fast play in the opening session, when Stevenson, of the visitors drove a scorcher past Currie from close in. The locals tried hard to even the count and there were many exciting moments before the session ended but there was no further scoring.

Eleven minutes of play in the second frame produced the tying counter, Boyle going from end to end for a pretty score. One minute later McNeil gave the Xaverians the edge when he bounced a shot off Cameron's pads into the twine. The visitors were pressing strongly as the session ended.

Tied Again.

The Xaverians produced a strong finish in the final session and flashed to victory by scoring three goals. Three minutes after the play had opened Stevenson rushed down the lane and beat Currie with a shot to tie the count. Then the locals got busy and it was only a minute after Stevenson had scored that McNeil drove in a tally that turned out to be the winning count.

Not content with a one goal lead Chuck McDonald, of Windsor fame, batted in a rebound to make St. F. X's victory more secure. The same player was also responsible for the final count when he took Cotter's pass and rammer the rubber past Cameron.

Hadley McDonald handled the whistle and had the game under control all the way. The game was very clean. The teams: Nova Scotia Technical College—Cameron, goal; Clancy and Fraser, defence; Stevenson, Morrison and Moore, forwards; Tuttle and Bayer, subs.

St. Francis Xavier—Currie goal; White and Cotter, defence; R. McDonald, C. McDonald and Boyle, forwards; Coleman and McNeill, subs.

FOOLISH RIMES

"In the spring a young man's fancy lightly turns to thoughts of love!"

In the summer he is wedding with his little turtle dove;

In the autumn he is paying—rent and coal and wife's clothes;

In the winter he warms bottles—that's the way the old world goes!

Prof.—Can you prove that the square of the hypotenuse is equal to the sum of the squares of the two sides of this triangle?

Stude—I don't have to prove it. I admit it.

There are about 8,000 persons listed as beekeepers in the United States.

Univ. of N. B. to Use Same Squad Against Mt. Allison Thursday

Doddridge Will be Used as Forward as Well as on Defence — J. A. Payne of Saint John is Selected as Referee—Leaving on Wednesday Night.

The University of New Brunswick hockey squad worked out Monday afternoon and probably will work out again Wednesday afternoon preparatory to the match against Mt. Allison at Sackville on Thursday. The team is to be the same as that which defeated Acadia here on Thursday last except that Doddridge will be used as relief player either forward or on defence as he may be wanted.

The squad is to leave Wednesday under the management of R. J. Burgess of Grand Falls. The team will take the ice as follows:—Goal, Carten (capt.); Defense, Steen and Fraser; Centre, Chalmers; Left Wing Keene; Right Wing, Keenan; subs, Doddridge, Lynch, Gagnon. Wednesday night will be spent in Saint John. J. A. Payne of Saint John who gave excellent satisfaction here in the Acadia-U. N. B. game is to officiate.

An exhibition game at Moncton or Saint John Friday night has been suggested but has not been arranged definitely.

On paper U. N. B. should be the favorite over Mt. Allison but on home ice and under the instruction of Fred McLean the strength of the Garnet and Gold is not to be underestimated. A win or a tie will give U. N. B. the Western Section title.

BILL CARSON TO REMAIN IN AMATEUR RANKS

Stratford, Feb. 15—Dr. Bill Carson has no intention of turning professional despite the intimation to this effect contained in Toronto despatches since the centre player was suspended by the O. H. A. Furthermore, Carson will remain in Stratford.

According to Manager Roy Brothers, Stratford decided against entering the Western Ontario pro. league.

At the conclusion of the big six schedule Stratford will arrange an exhibition game with University of Toronto, intercollegiate champions. In this game several new players who may be found in Stratford uniforms next season will be seen in the local line-up.

The management realize that now is the time to plan for next year and more real surprises are in store for Stratford fans in the near future.

Doctor—I'm afraid I'll have to operate on your liver.

Car Mechanic—Well, can't you rent me a liver while my old one is being overhauled?

Nell—What would you give to have such hair as mine?

Belle—I don't know—what did you give?

CHATHAM BEAT BATHURST IN PLAYOFF

Bathurst, N. B., Feb. 15—Chatham eliminated Bathurst from the northern section of the M. A. H. A., last evening, when they defeated the home team 6 to 5 in a midnight match. The Chatham boys will play off with Campbellton on Wednesday evening for the right to meet the Moncton Atlantics for the provincial title.

The game did not start until 11:30 o'clock, as the train with Referee "Buzz" McLeod, of Moncton, was delayed. About 500 fans saw one of the fastest games of the season.

The game started with a rush. The first period was lightning fast and at its close the home boys apparently had the game on ice, Lawlor, Carroll and McKeeman bagging four tallies, while the visitors were held scoreless.

The second period was about even, each team scoring once. Chatham sprung a sensation in the closing frame notching goal after goal, while the Bathurst boys were unable to count. Carvell, in the Chatham net, gave a great exhibition stopping shot after shot. Finnegan also made some wonderful saves. Keoughan, Fallon and Kerr tallied in this period and Kerr got two.

The following is the line-up of both teams:

Chatham	Bathurst
Goal	Finnegan
Carvell	Defense
Fallon	Crosby
Keoughan	J. Fallon
Kerr	Forwards
McMahon	Carroll
Duncan	Lawlor
Keating	D. Cripps
	Substitutes
	McKeeman
	Gannon
	Referee—"Buzz" McLeod.

(The Chatham team was the one which was outclassed by Fredericton here last Friday.)

WOMEN STRIKE IN EAST AFRICA ON DANCE ISSUE

London, Feb. 15—Women of the Kitui district of the Kenya colony and protectorate in British East Africa went on strike when the young men of that region were drafted for work on the railroads, according to advices from the acting governor.

Queried as to the reason for their revolt, the women replied that the draft took away their dance partners.

The acting governor reports that modern ideas are permeating the region and that mirrors and finery are now demanded by the women as gifts from their lovers where once a lion's paw or a leopard skin was considered a splendid token.

He related, too, that the modern dress habit had proceeded so far that one of the natives was seen at a dance wearing a "bowler" which, oddly enough, he had made by cutting off the hump of a black bull.

At least three hundred royal and princely young men of Siam are now studying in Europe and America, the most of them under assumed names.

The largest gas well in the world is one located near Amarillo, Texas. Its yield of gas amounts to no less than 107,000,000 cubic feet per day.

Among the interesting relics preserved in Notre Dame cathedral, in Paris, is the robe worn by Pope Pius VII. at the coronation of the first Napoleon.

Thatched roofs cover four-fifths of the buildings in Poland.

BOB SHAWKEY GIVES REASONS AGAINST RESIN

Warns That Rule May be Changed Suddenly—Believes Infractions of Rules Sure to Follow.

Bob Shawkey, veteran right-hander of the New York Americans, is opposed to the use of resin by pitchers. Even in the days when it was permissible to apply slippery elm, etc., to the ball, Shawkey employed no "foreign substances." But he advances an argument that ought to give some pitchers cause for thought. There is no certainty that the use of resin will be permanent, and Shawkey opines that fingers who become dependent upon the use of the substance may get a rude shock if the rule be suddenly abrogated. He cites instances of pitchers who used resin, vaseline, and various chemicals on the ball to swell the seams or take off the waxy smoothness of new balls, even when such action was illegal. Shawkey is no pessimist, but he feels that the use of resin will pave the way for infractions of the rules.

Shawkey has been in New Brunswick and has many friends in this section.

HAPPINESS.

Bracken and broom
And a stiff breeze blowing
Over the moorland wide
Heather and gorse
And a late lark going
Under a rainbow pied.

April and May in a green, gold nimbus
Woven from jonquils bright;
Robin and thrust
In their Maytimes trimness
Singing of old delight.

Maple and oak
And the late leaves falling,
Crimson and ochre and brown;
Clover and wheat—
And the sparrows calling—
Calling, the snowflakes down.

Beauty and Life
And the joy of living
Wonderful world and wide;
Heaven and Hope
And a long thanks 'giving.
Happiness—never denied.

PEGGY REID.

"What's a confirmed bachelor, paw?"
"Oh, a fellow who endows women with faults he thinks they ought to have."

Ethel—Capt. Fitzclarence never paid me any attention before but he danced with me four times last night.

Maude—Oh well, it was a charity ball, you remember.

Waiter—Is your soup too hot, sir?
Diner—It's not the heat; it's the humidity.

She Could Never Do The Things Other Girls Did

Miss I. J. Ross, Scollard, Alta., writes:—"I am only twenty years old, but have suffered from heart palpitation and nerve trouble for several years."

I could never do the things other girls did, that is, in the line of sports, skating, etc., and could never depend on myself at work.

About six months ago I began taking

and am just twice the girl I was, and can enjoy everything in general life so much more. I am very grateful for what your Pills have done for me."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.
