Ottawa, June 1—Hon. Ernest Lapointe, minister of justice, announced in the house this afternoon that the department of justice had in hand reference of the Alberta school question to the Supreme Court of Canada.

Mr. Lapointe said the amendment made by the legislature of Alberta "without our consent" to the natural resources bill suggested that the laws of the province might differ from, or be in conflict with section 17 of the Alberta act. Otherwise the amendment would be useless and futile. The Alberta act had stood as the constitution of the province for 21 years.

"We cannot directly or indirectly even in a tacit manner acknowledge that its validity might be subject to question," added Mr. Lapointe.
