

NEWS of SPORT

DALHOUSIE UNIVERSITY HAS MUCH MATERIAL

Many of Team of 1925 are Still at College—Many Lost by Graduation.

Halifax, Sept. 28.—The Dalhousie Football squad has been getting in some good practice during the past week and the men are rapidly showing improvement under the able direction of Coach Chipman. Although the Arts and Science men have not yet returned there seems to be a wealth of material. Two teams are turning out daily and Captain "Kelly" McLean and Manager E. Doull are quite optimistic concerning the results of this season.

There are many newcomers from other Maritime Universities in the Professional Faculties and these men together with those in the Arts Faculty will be given an opportunity to show their wares, and the old members of the team will make ample material from which to choose a team capable of upholding the honor of Dalhousie in the City League and in exhibition games.

No teams will be chosen until after all have had an opportunity to turn out and so it is quite impossible to indicate who will be chosen until after lectures begin in Arts at Studley and several practices held with candidates from all Faculties in the University present. The best men available will represent Dal when the City League opens, the date of which is not yet ascertained. However a game with Bermuda has been arranged and this will take place on the Studley Campus on Wednesday, October 20.

Among the members of last year's team who have already returned and who have been turning out for practice are Capt. McLean, Rex Moore, Baird, Tupper, Cox, Baxter, Wickwire, Hewatt, "Doc" Smith, "Bunker" Murphy and Langstroth.

The team has lost through graduation and otherwise the services of Donald McInnis, Monte Haslam, Rockingham, Bates, Harrington and Livingstone but, as has already been indicated, there are several candidates from whom to choose men to take their places.

MONCTON HIGH WON AT SUSSEX

(Moncton Transcript.)

The Aberdeen High school football team won a close decision from the Sussex High School in the first football game of the season at Sussex on Saturday afternoon by a 11 to 8 score. The game was attended by a large number of spectators. McBeath and Balser were the stars of the Moncton team making all the scores. The former scored two tries one of which was converted by Balser, who later scored a try himself.

Rugby Attractive to Student Body at U. N. B. During Present Season

Every Second Student Out for Football—Holes in 1925 Team Being Filled—Personnel of Fifteen Being Gathered.

The objection that college athletics concern only a few does not hold at the University of New Brunswick during the football season for practically every second male student is turning out for rugby. Coach C. B. Burden has been embarrassed by the wealth of material at his disposal. The best thing which he has been able to do is to permit four fifteens to play with changes of personnel during the workouts. About seventy men are playing rugby the majority with little hope of making the team, but for sport for sport's sake.

Filling the Vacancies.

The great Red and Black team of 1925 which won the MacTier Cup at Montreal and the Eastern Canadian title has a number of holes which must be filled but appearances indicate that they will be filled. The Intercollegiate Conference will be held at Truro early in October and it will determine the composition of the Maritime Intercollegiate League. It is hoped that Acadia will come in again and the league remain as it was.

Apart from intercollegiate games U. N. B. can play any student registered but the intercollegiate team is the basis of the rugby squad.

Those Working Out.

At present the scrum is little different from last year. McLennahan and Woods are playing front-line with Dalzell as lock and Macaulay and MacMurray mating him. Capt. W. W. Donohoe is playing third line as before with Fowler and Petrie working for the other third line position. MacMurray, Petrie and Capt. Donohoe are from Saint John. Currie at ball-half and Babbitt at stand-off half are as before. Keene as forecasted by the Daily Mail some time ago is not attending the university, and Hickson has been moved up from full-back to his position at blocking-half. Keene probably will go to Montreal. The three-quarters used so far include Goodspeed, Steen, McCaffrey and Doddridge who played last season also Holmes and Simpson. Fullback is a position which must be filled anew. Holmes, Jones and Jackson have been used there.

ACTRESS IS SHOCKED.

New York.—The biggest shock in the life of Irma Harrison, screen actress, was when Al Jolson said in court he thought a movie in which he appeared, was written. Irma, who played opposite him, regarded it as great.

M'GILL ENGLISH TIED WITH SUN LIFE FIFTEEN

Teams representing the McGill and Sun Life English Rugby Clubs played an exhibition match at the McGill Stadium on Saturday and after the result stood at a 5-5 draw. The game had no real importance aside from the fact that it provided excellent training for the players. McGill's score came as a result of a try by Playfair which was converted from a difficult angle by Graeme. The Sun Life players knotted the count when Read went over for a try and also converted.

McGill—Graeme, Peters, Playfair, Wise, Angevine, Howell, Brown, McGoun, Connell, Campbell-Brown, Crandall, Eve and Sterling. McGill played two men short.

Sun Life—Mackenzie, Morrison, Bennett, Read, Lewis, Murdock, Brown, McMasters, Dance, Shipley, Latchmore, Rice, Tucker Caron and Hayes. (Wise and Angevine of McGill formerly played with Mt. Allison.)

GUY M'KINNEY WON KENTUCKY FUTURITY EVENT

Lexington, Ky., Sept. 28.—Guy McKinney, undefeated three-year-old champion, won the \$14,000 Kentucky Futurity in straight heats here this afternoon. Both heats were trotted in a light drizzle of rain over a slow track.

The time for the first heat was 2.07 and for the second 2.06½. Nat Ray drove the son of Guy Axworthy-Queenly McKinney.

\$8,000 Won for Owner.

By his victory this afternoon Guy McKinney won \$8,000 for his owner Henry B. Rea, of Pittsburgh, and \$1,000 for R. L. Nash, of Tates Creek Pike, nominator of his dam. Kentucky Futurity, Three-Year-Old Trotters, 2 in 3, Purse \$14,000. Guy McKinney, b c, by Guy Axworthy (Ray) 1 1 Catherine (Murphy) 2 4 Charm (White) 5 2 Guy Dean (Wright) 4 3 San Juan (Fleming) 3 5 Ellie Trabue, Peter Maltby also started.

Time—2.07, 2.06½.

BILL FLEMMING WON ROCHESTER 2.11 TUESDAY

Rochester, N. H., Sept. 28.—Campaigners all the way from Aroostook county, Maine, to the middle west are here for the Rochester Fair races which opened briskly today. Irving Pottle, the Maine driver, took the first heat of the slow trot with Silk Worm favored by the spectators but failed to show much after that. Harry Brusse landed a favorite in the slow pace. Billy Flemming upset the talent by taking the 2.11 trot with Chestnut Dillon when Herbelyn was picked as a sure winner.

SENIOR RUGBY GAME SATURDAY

The Trojan Athletic Club of Saint John which has competed against University of New Brunswick in rugby for a number of seasons is slated to open the season here against the college team on Saturday next. The Trojans have a strong aggregation and the university seems to have a good squad also largely made up of the 1925 team.

N.H.L. TO HAVE LONGEST SEASON IN PRO HOCKEY

November 16 to April 2—Two Five-club Sections—Minor Leagues Also Organized.

Montreal, Sept. 27.—The National Hockey League met here Saturday.

The same committee that is dealing with the player question worked out agreements with the new minor professional circuits Saturday night. The Central League which will now become the American Association was taken into affiliation first of all and given a separate agreement while the Canadian League, the Prairie League and the Canadian-American League were given one agreement which was practically the same as that of the American Association. The agreement calls for no territorial rights, no draft, but the right of the National Hockey League to purchase outright from a club any player that may be on the market. They must deal directly with the club owning the player, however. The minor leagues will have their waiver rules but no waivers will be necessary should a player be sold to the N. H. L.

The meeting also straightened out the grouping for the sections of the league this winter. The four Canadian clubs, Canadiens, Harpoons, Toronto and Ottawa will play in the eastern wheel with the New York Rangers, Detroit, Chicago, Boston and Pittsburgh will compose the western loop. Each team will go around the other section twice. The schedule, which has not been announced yet, but is expected to be given to the public within a week or ten days, will commence on November 16, end April 2, and will give each club about twenty home games. It will be the longest season in the history of professional hockey.

SIX GREAT HARNESS HORSES

Fred Hyde is at the races with a six-horse stable the like of which has never been equaled. All six can do 2.10 over a half-mile track—Bee Worthy, Natuna, Gladys Axworthy, Miss Fellows, Rudale and Herbelwyn. The last named is not Hyde-trained, but Fred's half-dozen 2.10 trotters of his own making this year goes, for Golden Worthy earned a winrace mark of 2.10¼ back in June.

HOBIE KITCHEN SOLD TO DETROIT

Hobie Kitchen, who last year was suspended by the Montreal Maroons, will don a Detroit sweater this season. The husky defence man was sold by the Montreal Maroons to Detroit hockey club in a deal made over the week-end.

PETER TANLAC WON THE 2.14

Farmingham, Me., Sept. 28.—The race program of the Franklin County Fair started off today with a congress of the Maine circuit campaigners all after the money, 26 horses coming out all finished at sunset. An Aroostook invader, Peter Tanlac from Houlton, cleaned up the 2.14 class after dropping one heat.

Maxey Alright, from Jack and Johnson's Denmark stable, took the 2.19 class without much trouble. J. W. Jordan's Princess Roch, from Augusta, and Frank Hayden's Sylvia Peter were fighting out the 2.17 class with two heats each when darkness came on.

SPRINGS TO PROVIDE HEAT.

Budapest.—Hot springs are going to provide heat for city's buildings. Next thing, perhaps, will be the piping of some refrigeration down from the north pole in summer.
