NEW GOVERNMENT IS SWORN INTO OFFICE; HON. GEORGE B. JONES IS MINISTER FOR N. B.

Ottawa, July 13—The following
ministers attended on His Excellency
the Governor-General this evening
and accepted office in the new gov-
ernment:

Rt. Hon. Arthur Meighen, prime
minister, secretary of state for ex-
ternal affairs and president of the
privy council.

Hon. Sir George Perley, secretary
of state.

Hon. R. B. Bennett, minister of
finance.

Hon. E. L. Patenaude, minister of
justice.

Hon. Hugh Guthrie minister of
national defence.

Hon. H. H. Stevens minister of
customs.

Hon. S. F. Tolmie, minister of
agriculture.

Hon. W. A. Black, minister of
railways.

Hon. R. J. Manion, postmaster
general.

Hon. J. D. Chaplin, minister of
trade and commerce.

Hon. George B. Jones, minister
of labor.

Hon. E. B. Ryckman, minister of
public works.

Without portfolio:

Hon. Sir Henry Drayton, Hon.
Donald Sutherland, Hon. R. D. Mo-
rand, Hon. John A. MacDonald.

The portfolios of marine and fish-
eries, the interior, immigration and
colonization, health and soldiers'
civil re-establishment and the post
of solicitor-general are left unfilled
for the present. Three of these

will be allotted to the province of
Quebec of which it is expected two
will very shortly be filled. It is in-
tended that the portfolio of the in-
terior shall go to the province of
Saskatchewan.

Mr. Patenaude will be acting
minister of marine and fisheries;
Hon. R. B. Bennett will be acting
minister of the interior; Dr. Morand
of health and soldiers' civil re-
establishment and Sir Henry Drayton
of immigration and colonization.

Dr. J. L. Chabot, of Ottawa will
be made a privy councillor.

To Be Acting Premier.

In the absence of Mr. Meighen dur-
ing the course of the campaign Sir
Henry Drayton will be acting prime
minister.

The date of the election will be
announced in a few days.

Ministers of the government of
Rt. Hon. Meighen were sworn into
office at Government House this eve-
ning. While the ceremony of swear-
ing in the ministers was taking place
at Government House an official
statement giving the personnel and
portfolios of the new ministry was
handed out from the office of the
prime minister.

One Surprise Sprung.

The outstanding surprise in the
official announcement is that Sir
Henry Drayton forecasted repeatedly
as the new minister of railways,
enters the government without por-
tfolio.

The date of the election it is an-
nounced, will be made public within
the next few days.

The official slate follows for the
most part along the lines already in-
dicated in forecasts. The fact that
Sir Henry Drayton is not assuming
a portfolio causes a change in the
line-up as forecasted. Hon. W. A.
Black, who it was expected would
be minister of marine and fisheries
becomes minister of railways. The
portfolio of marine and fisheries is
not filled, while the portfolio of the
interior, immigration and coloniza-
tion, health and soldiers' civil re-
establishment and the post of solicitor
general are also unfilled for the
present.

The province of Quebec is repre-
sented in the new government by
two ministers. Hon. Sir George
Perley becomes secretary of state,
while the portfolio of justice goes
to Hon. E. L. Patenaude. It is
stated however, that three of the
vacant portfolios will also be filled
from Quebec, two of them very
shortly.

Jones for N. B.

The province of New Brunswick is
represented in the new ministry by
Hon. George B. Jones, who assumes
the portfolio of labor. Prince Ed-
ward Island is represented by Hon.
John A. MacDonald, minister with-
out portfolio. British Columbia has
two representatives in the Hon. H.
H. Stevens, minister of agriculture,
Hon. R. B. Bennett, minister of
finance is the representative from
Alberta and Manitoba is represented
by the prime minister. It is official-
ly announced that the portfolio of the
interior will go to the province of
Saskatchewan.

Seven From Ontario.

Seven ministers, three of them
without portfolio, have been selected
from the province of Ontario. They
are: Hon. Hugh Guthrie minister of
national defence; Hon. R. J. Manion
postmaster-general; Hon. J. D. Chap-
lin, minister of trade and com-
merce; Hon. E. B. Ryckman, min-
ister of public works and Sir Henry
Drayton, Hon. Donald Sutherland
and Hon. Raymond D. Morand with-
out portfolio.

Nova Scotia is represented by
Hon. W. A. Black, minister of
railways.

Two to Assume Charge.

For the time being it is announced
two of the ministers sworn in with-
out portfolio will assume the admin-
istration of departments. Sir Henry
Drayton will be acting minister of
immigration and colonization and
Dr. Morand acting minister of health
and soldiers' re-establishment. Mr.
Patenaude will administer the de-
partment of marine and fisheries
and Hon. R. B. Bennett the interior
department for the time being. Dr.
J. L. Chabot former member for
Ottawa will it is announced be made
a Privy Councillor.

New Cabinet Meets.

After taking the oath of office at
government house tonight the mem-
bers of the cabinet returned to the
Privy Council Chambers on Parlia-
ment Hill, where the first meeting
of the new cabinet was held. Only
Hon. H. H. Stevens, minister of
customs was absent. He is confined
to hospital through illness.

The meeting lasted for an hour and
a half and later the members of the
cabinet went to the premier's office.
Premier Meighen who was the last
to leave the Privy Council tonight
stated that immediately after his
Ottawa meeting on July 20 he ex-
pected to begin his campaign tour
of the Dominion. His itinerary was
not settled, he said. He did not
know whether he would turn east
or west of Ottawa first.

Members of the cabinet were in
jovial mood tonight after the ten-
sion of the last two weeks. They
will practically all leave for their
constituencies soon.

The Prime Minister stated that he
intended to hold a few more cabinet
meetings before the new privy coun-
cillors dispersed, which means that
they will be here for a few days
yet.

REMOVAL OF PLANT TO DEVON IS FORECASTED

(Continued From Page Eight.)

ion that current produced from coal
could compete with hydro current
as it is doing in other places.

Contemplate Removal.

The Vice-president further intimat-
ed that heavy capital expenditure was
contemplated by company with the
abandoning of the present site and the
reestablishment of the plant on a site
adjacent to a railway where direct
connection could be made. Mr. Donald-
son intimated that Devon would be the
place selected. One reason would be
the residential quality of the section
where the plant now is located and
the other the desire for rail connec-
tion.

BAY STATE CIRCUIT FAST

Some idea of the kind of a trotter
required to get money one the Bay
State Circuit may be gathered from
the fact that one of the campaigners
this year practically green, has raced
in 2.12 or faster at all four meetings,
has not made a break, but his gross
earnings has not offset the shipping
expense from track to track.

SPECIAL ATTRACTION
AT GAIETY THEATRE

"Soul Mates" is the photo play
at the Gaiety for Wednesday and
Thursday with Edmund Love and
Alleen Pringle in the leading roles.
Constant action keeps interest
alive in the screening of "Soul
Mates." But action is not the only
good thing about this Elinor Glyn
picture. Plenty of whimsical humor
and excellent acting in addition to
capable directing, give the story a
polish.

With a tangle of old mortgages,
an aspiring capitalist and young
hearts, the plot affords the charac-
ters generous opportunities to dis-
play their ability. Edmund Lowe,
while hardly better than in "East
Lynne," is superb in his role of
the debonaire Lord Tancred. Playing
opposite is Alleen Pringle.

A supporting cast of ability does
first class work in forming an in-
telligent colorful background.

A watch for the boy

To give a boy a good watch is to awaken his sense of responsibility. His roller skates, his bicycle—these are just boy's things, after all. But a good watch is a symbol of his growing up, a possession of which he will be very proud.

Hay Loaders

The International Loader has rapidly made its way in Eastern
Canada because of its strong durable construction and the conven-
iences which it possesses that are not found on other Loaders of
this type. It is practically all steel which is a distinct advantage
when it is necessary to leave the loader out of doors.

The adjustable carrier section permits the delivery end of the
loader to be lowered about three feet. Thus when starting to load
hay on a windy day with the gale sweeping across the rack, the hay
is delivered directly to the man on the wagon where he can catch
it before the wind has a chance to blow it off.
