## The King of Roumania is Reported Dying of Cancer

**His Condition Aggravated by His Recent Appearance in Public to Allay Public Excitement—Operation May Be Performed—His Regime Will Fight to Hold Power in Case His Majesty's Illness Should Prove Fatal.**

(Special to the Daily Mail by the British United Press)

BELGRADE, Nov. 26—Despite severance of telephone communication between Bucharest and Belgrade, it was learned here today that King Ferdinand of Roumania was sinking rapidly.

His already serious condition was aggravated by his recent appearance in public to allay the country's excitement. He has also been weakened by his starvation diet. The King, it was reported, must submit to an operation for cancer.

### His Condition Hopeless

Berlin, Nov. 26—King Ferdinand's condition is known to be hopeless despite official denials at Bucharest, the Vossische Zeitung said today.

The present regime, it added, was preparing for a fight to hold power in case His Majesty should die. The strength of the opposition was sufficient to make civil war possible, the paper said.

The interruption of telephone communication between Bucharest and Belgrade was laid by the newspaper to an attempt by Roumanian officials to veil some recent catastrophes in Bucharest or to suppress news of some impending event.

## GLOUCESTER BYELECTION DECEMBER 18

Saint John, Nov. 26—The Provincial Government yesterday announced that the Gloucester bye-election, made necessary by the resignation of Hon. P. J. Veniot to take a seat in the Dominion House and the portfolio of postmaster general, would be held Dec. 18. Nominations day will be one week earlier on Dec. 11.

As yet neither party has selected candidates for this constituency. The party organizations there, it is said, are in good working order and conventions will shortly be held to select candidates, it is understood.

Another matter under consideration by the cabinet was the suggestion of a New Brunswick exhibit in the annual sportsmen's show at Boston.

A delegation from the New Brunswick Guide's Association met the government yesterday afternoon to urge the necessity of a grant being made for a New Brunswick display in this Sportsmen's Show. The delegation waited on the government included W. Harry Allan, and Bert Moore. The government deferred action until later when more information will be gathered. It was stressed that never in the history of New Brunswick has the need for fuller and more widespread publicity been apparent. With increased hotel accommodation, new steamer facilities in the making and the increasing motor traffic, the guides stated that the province should be advertised as widely as possible in the American centres.

The resignation of Dr. L. M. Curren as chairman of the Saint John Board of School trustees had not been received by the government, Hon. Dr. Baxter said.

### A York County Resort

Mr. William Buckley of Keswick, who was employed as guide during the summer months at Mrs. Strang's camps at Palfrey Lake in York County near the Maine border, has returned home. He says that a large number of American tourists were cared for at the camp last season and greatly enjoyed themselves. Palfrey Lake is well stocked with black bass and landlocked salmon which bite readily and provide fine sport for the tourist visitors.

## FOX KILLERS SENT UP FOR TWO YEARS

Port Arthur, Nov. 25—After making a trip of 23 miles over frozen trails to the Silver Islet Fox Farms, operated by the Cross Brothers, John Sandrill, George McKidd and Fred Hudson used wire cutters to break through the netting, captured and killed nine foxes, with a value as fur-bearing animals of \$5,000 and much more as breeders, according to evidence adduced at the trial of the three men today.

When the Cross Brothers, Ernest and John, shortly afterwards discovered the footprints of the intruders in the snow and following up, found the gap in the wire fence, they set out with rifles to hunt for the marauders. They came upon the three men, whom they found carrying gunny sacks. Covering them with rifles they put them under arrest and marched the trio more than a mile back to the old Silver Islet jail, which thus received its first prisoners in more than 35 years.

The Cross Brothers brought word of the incident to Port Arthur. Provincial police took a tug to the islet, and brought the three prisoners before Magistrate O'Brien this morning. The magistrate sentenced them to two years each in the penitentiary, plus one year if they fail to pay a fine of \$50 each.

## LONDON WAIF IS ADOPTED BY THE QUEEN

London, Nov. 25—A child of the London streets has been adopted by Queen Mary.

The boy, whose Christian name is Arthur, was dazed when the authorities at one of the homes of the Church of England's Society for Waifs told him that he had been chosen for adoption by a Queen. His companions crowded about him seeking to touch the hand of the lad who after today will be looked upon as a young god by many of his playmates.

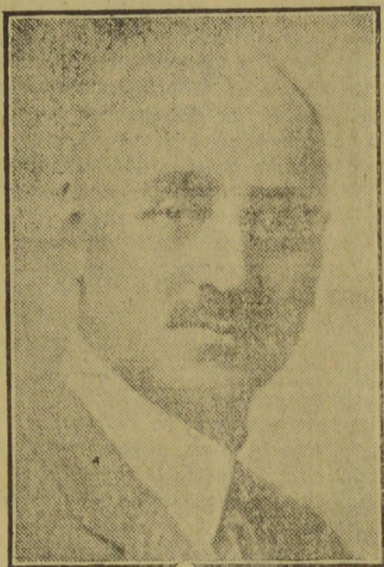

The Queen has assumed all responsibility for Arthur's education and will select the schools he will attend and his future home.

## A. T. WELDON NAMED VICE PRES. OF C. N. R.

**J. E. Dalrymple Retires  
After a Career Extending Over 43 Years**

Montreal, Nov. 25—J. E. Dalrymple, vice-president in charge of traffic and express, Canadian National Railways, tonight announced his resignation to take effect Dec. 31 next.

A. T. Weldon, general traffic officer,

MR. A. T. WELDON.

Now Vice President of the C. N. R. in Charge of Traffic.

cer, is appointed vice-president, succeeding Mr. Dalrymple. The position of general traffic manager will be abolished.

"I have been contemplating this move for some time past," said Mr. Dalrymple, "in anticipation of which our traffic department has undergone re-organization and now that the new officers are functioning, I feel that I can relieve myself of the arduous duties which have devolved upon me for so long and still be satisfied that the work in which I have taken such a keen interest will be carried on to a successful conclusion. Naturally it will be a wrench, but one that I have been planning in order that I might have more time at home with my family and friends."

Gets Leave in December.

Mr. Dalrymple added that the management had granted him leave of absence during the month of December and that he was, therefore, immediately transferring all outstanding matters to Mr. Weldon, his successor. On being asked as to his immediate plans, he stated that he proposed to stay at home and get better acquainted with his family and was not going to think about business, until at least the New Year. He proposed to continue to reside in Montreal.

Mr. Dalrymple has had a striking career, having been engaged with one railway interest for over 43 years, starting in as office boy with the Grand Trunk in July, 1883, and finally filling the position of vice-president of the succeeding company, the Canadian National Railways.

## BEARS RAIDING SHEEP FLOCKS OVER IN MAINE

Farmington, Me., Nov. 25—Farmers who raise sheep in the northern part of Franklin county are becoming alarmed by the numerous and increasing losses by raids of bears. Raids have almost wiped out some flocks, at first supposed to be the work of dogs. Local hunters have as yet had but little luck in bear hunts, and none of the marauders have been reported shot. The farm bureaus who have been attempting an increase in wool production declare that measures must be taken to protect the flocks of the farmers.

## SEVEN POUND GIRL ARRIVES IN BERLIN HOME

**May Soften the Heart of  
Grandfather Mac-Kay.**

**DAUGHTER WAS  
DISINHERITED**

**Married a Jewish Song  
Writer Against Her  
Father's Wishes.**

(Special to the Daily Mail by British United Press)

New York, N. Y., Nov. 26—The Berlin's baby has arrived—a seven pound girl and already a name has been selected. She will be known as Mary Wills. It was rumored several months ago while the couple was still in Europe honeymooning that Mrs. Irving Berlin formerly Ellin MacKay, was to present her song-writer husband with a baby.

The child came Thanksgiving afternoon. And now the question is will the tiny hands of the new arrival soften the heart of Grandfather MacKay, wealthy head of the Postal Telegraph Company, who disinherited his daughter when she married Berlin, wealthy Jew of Tin Pan alley.

## PROSECUTIONS FOR FAILURE TO HAVE SEWERAGE

**Sanitary Inspector Act-  
ed in Two Cases—Con-  
dition of Milk is Very  
Good.**

The Fredericton Sub-district Board of Health was in regular monthly session Thursday night. The report of the Sanitary Inspector, A. C. Fleming, was to the effect that three cases of scarlet fever existed of which one was in the Isolation Hospital. Quarantine had been released in nine other cases. The dwellings where the cases had been were fumigated and so was the Morrison school house.

The Sanitary Inspector also reported that action had been taken against two householders who had refused to connect their premises with the city's sewerage system.

The report of the Plumbing Inspector was presented and also the report of analysis of milk and water used in the city. The reports were satisfactory. Milk was reported in particularly good condition.

Further action with regard to the improvements at the Police Station awaits the December meeting of the City Council. The Board of Health wishes all necessary improvements made as soon as possible.

### DIRECTORS ELECTED

Alonso Staples, G. H. Clark and T. V. Monahan Chosen by Agricultural Society.

Agricultural Society No. 34 at its annual meeting held Thursday afternoon elected three directors to replace those whose terms had expired. Alonso Staples and George H. Clark were re-elected and T. V. Monahan was elected in the place of L. B. C. Phair. The directors will meet at a later date and elect officers.

A contract for the 1927 midway attractions was entered into with Ben Williams of New York who was here Thursday. Mr. Williams takes similar contracts elsewhere in the Maritimes.

### The Right of Appeal

St. Croix Courier: At least one act of the Baxter government stands to be commended, the amendment to the provincial liquor law allowing appeal to the higher court from decisions of police courts, the need for which has been urgent and has existed since the law was first enacted. One hundred per cent convictions in cases brought does not tend to increase any sense of justice but rather a feeling that a change should follow.

M. D. Coll of Saint John is registered at the Queen.

## American Explorers And Wives Believed To be Lost in Africa

**Party of Four Lost Somewhere Between the Congo and Cunene Rivers—Two Doctors in the Party—Have Not Been Heard From Since September.**

(Special to the Daily Mail by the British United Press)

CAPETOWN, South Africa, Nov. 26—Two American explorers and two white women who accompanied them were believed today to be lost in Angola, West Africa, between the Congo and Cunene rivers.

The Americans were Dr. N. L. Magoon and Dr. W. W. McMillan, whose expedition into Angola had not been heard from since September, when it was reported that bushmen had looted the party's provisions and had killed five native attendants.

Magoon was reported to have been blinded by the explosion of a rifle.

## A DEADLOCK OVER ELECTION OF A LEADER

Kamloops, B. C., Nov. 25—At the end of the sixth ballot early this evening, the Conservative convention was still deadlocked on the choice of a candidate for permanent leadership of the party. With four candidates running, the struggle developed a test of strength between L. J. Ladner, M. P., for Vancouver South, and Senator J. D. Taylor, New Westminster.

Col. Nelson Spencer, Vancouver, and C. F. Davie, M. L. A. for Cowichan, while remaining in the field, were never serious contenders.

On the third ballot during which 546 votes were cast, Mr. Ladner showed his greatest strength, securing 317, just 11 short of the necessary 328 to decide the issue.

The sixth ballot result was: Ladner, 300; Taylor, 218; Davie, 10; Spencer, 14. (Col. Nelson Spencer mentioned above, is a native of Bloomfield Ridge, York County and was at one time prominent in politics at Medicine Hat, Alberta.)

## THE MAYOR OF BOSTON TO WED TODAY

(Special to the DAILY MAIL by the British United Press)

Boston, Mass., Nov. 26—With his three young children participating in the ceremony, Mayor Malcolm E. Nichols of Boston will be married here this afternoon to Miss Carrie Williams, twin sister of his dead wife.

The mayor's nine year old son, Clark Nichols, will be best man, another son Dexter, will be ring bearer and the mayor's four year old daughter, Marjorie, will be flower girl.

## ART BY EASY PAYMENTS IS NEW PLAN

London, Nov. 26—Art by easy payments is the new slogan of artists in this country which the faculty of arts is now broadcasting. Furnishing one's picture gallery on the installment plan is the novel method this organization, which has just celebrated its fifth year of existence, has adopted to promote sales of its members' works.

The slump in the market for pictures has led to the introduction of a scheme by which paintings can be purchased by installments through the faculty, which stands responsible to the artist for the full amount.

## SINCLAIR IS HOPEFUL OF WINNING OUT

Napanee, Nov. 25—In an address here tonight at a meeting held in the interests of Dr. E. Ming, Liberal-Prohibition candidate in Frontenac-Lennox, W. E. N. Sinclair, provincial Liberal leader, answered the query of a newspaper which asked who would be premier should Premier Howard Ferguson be defeated in the coming provincial general election.

Prefacing his reply with the remark that the signs everywhere pointed to a strong flow of public opinion in support of the candidates opposing Mr. Ferguson, the Liberal leader said:

"This paper has no need to worry about who will be premier, because I have a large body of candidates supporting me who are going to win constituency after constituency, and I know that all those who are in opposition to Ferguson will be glad to join hands with me and give me the support to carry on the affairs of the province, if the voice of the people is that Ferguson shall no longer continue as premier."

## STAGE DRAWS MOVIE STARS

Hollywood, Nov. 26—A few short years back there was a great drift from the legitimate stage to the movies. But now it seems the tide is turning. The drift seems to be more from the movies to the stage. Many have already left the films for the older form of acting and now three more well-known stars are deserting to an announcement here. The trio are Coward Tearle, Theodore Roberts and Mildred Harris, former wife of Charlie Chaplin. All three will enter vaudeville.

## THE K. K. K. IN MAINE CONTEST

Augusta, Me., Nov. 25—Arthur R. Gould, Republican United States senatorial nominee repudiated by his governor on the eve of a State investigation of his primary campaign expenses, tonight turned on his accusers with a statement that characterized Governor Brewster as "a lawyer" and his Democratic opponent, Fulton J. Redman, as a candidate who has "pledged himself to support the principles of the Klu Klux Klan if elected."

APPROVED BY KING.

London, Nov. 26—His Majesty King George today gave approval of the appointment of the Hon. Vincent Massey as first Canadian minister plenipotentiary to the United States.
