Will Attempt Destruction Of the Pirate Stronghold

Foreign Powers Aroused Over the Recent Attack on the Steamer Sunning—Cooperative Effort is Being Sought Against the Pirates—Many Foreign Ships Attacked Since 1923—Financial Losses Have Run Into Millions of Dollars.

(Special to the Daily Mail by the British United Press)

SHANGHAI, Nov. 19—Aroused by the recent attack on the steamer Sunning shipping interests of the Far East are seeking a co-operative effort on the part of the foreign powers to destroy the pirate stronghold at Bias Bay on the Ewantung coast near Hong Kong.

Maritime records show that since October 1923, pirates have attacked fourteen Japanese, French, Portuguese, British and Chinese ships.

The attacks have resulted in nearly one hundred deaths and the kidnapping of several hundred Chinese passengers. Financial losses resulting from the pirate attacks are said to run into millions of dollars.

ONLY TWO OF THE PREMIERS FAVOR PACT

London, Nov. 18—The report of the premiers' committee of the Imperial Conference on the Locarno treaties will commend the work of Sir Austen Chamberlain, in their negotiation and recognize the part the treaties played in creating a new attitude in Europe, but will not express any opinion one way or the other on the acceptance of the treaties by the Dominions.

The treaties again were before the Premiers' committee today and they will be considered further before a final resolution is adopted, but the foregoing is now regarded as the most probable outcome.

Under the Dominions as a whole neither accept nor reject the treaties. It is left to any individual Dominion to assume the treaties if it wishes.

On the acceptance of the treaties the Dominions, according to an unofficial report, divided—Newfoundland and New Zealand in favor of acceptance, and Canada, South Africa and the Irish Free State against. Australia apparently favored acceptance, but did not wish to press the point unless the Dominions united on the question. The discussion has continued at intervals for several weeks.

BIG TRAFFIC IN BOOZE WITH UNCLE SAM

Ottawa, Nov. 18—The existence of an extensive traffic in liquor between British Columbia and the United States was alleged before the Royal Commission investigating the customs department, at today's sitting.

C. P. Blair, chief executive assistant of the department told the commissioners that liquor was shipped from British Columbia ports, such as Vancouver, Victoria and Prince Rupert to islands or points along the British Columbia coast.

Once there, it awaited the arrival of United States vessels which took it on board without going through the formality of obtaining clearance papers, and smuggled it into the United States. Mr. Blair said he knew of nothing which could prevent the shipment of liquor to points along the British Columbia coast. The apprehension of the vessel which called for it at these points would deal a blow at the traffic.

Vessels were never cleared for the high seas, the witness said. A vessel, however, could clear for a certain port, discharge her cargo along the Canadian coast and then return "from the high seas."

Mr. Rowell suggested that if vessels entering port were compelled to state that they came from some definite port instead of "from sea" they might be checked up.

The witness agreed to this.

SEYMOUR CHASE FOR GRAND JURY IN JANUARY

In Meantime Released on Recognizance to Appear—Magistrate Not Satisfied With the Stories of Witnesses.

Seymour Chase was this afternoon ordered by Police Magistrate Limerick to appear before the Grand Jury at the January Session of the Court of King's Bench if wanted on the charge of breaking and entering the Quality Pharmacy. In the meantime he is to be let go on recognizance.

His Honor said that the evidence satisfied him that Chase had been in possession of goods stolen from the Quality Pharmacy and also satisfied him that the stories told by Chase, McGoldrick and other witnesses did not hold together.

The defence closed its case Thursday afternoon. E. Allison MacKay counsel for the accused moved for the dismissal of the case.

Two witnesses were put upon the stand Clifford Lunn and the defendant himself. Lunn gave evidence of measuring the cellar window of the pharmacy through which it had been sworn entrance had been effected at the time of the break. Counsel for Chase then caused measurements of the person of the accused to be made in court and placed in evidence claiming that it would be impossible for a man of the size of Chase to force his body through the window. Chase is a short and fleshy man.

THE HOT DOG IS GAINING IN OLD COUNTRY

London, Nov. 17—Englishmen at sporting events during the cold weather have adopted the "hot dog" habit. The demand for the little red skinned sausage, poked into a bun and smeared with mustard, has become so great that "Hot Dog, Limited" has been organized and registered to manufacture and deal in a comestible known in the U. S. A. under the name of 'hot dog.'

At first the sandwich was called by the Englishmen "a sausage and a roll with mustard." The promoters decided that they could make the sausage popular at quick lunch counters and coffee stands by simply using the snappy "hot dog" appellation.

They say that the "hot dog" already has taken the country by storm.

Case Has Since Been Before the Courts for a Period of Six Years—Suit for \$20,000 Damages Was Brought, But the Jury Returned Verdict For Only \$1—Judge Ruled the Amount Insufficient and Ordered a New Trial.

(Special to the Daily Mail by the British United Press)

Today after six years of litigation, Weinecke was ordered to pay the girl's father \$1,250 for the loss of her eye.

Quebec, Nov. 19—The steamer Montreal of the Canadian Steamships Line was totally destroyed by fire early this morning near Sorel in the St. Lawrence River. Three or four members of the crew were injured but there was no loss of life. No passengers were on board.

While advices to Quebec reported four or five lost in the burning tonight near Sorel of the Canadian Steamships river boat Montreal, long-distance telephone messages here from Sorel did not tell of any loss of life but stated three members of the crew had been badly burned.

The fire broke out near midnight while the steamer was opposite St. Joseph De Sorel en route from Montreal for Quebec. The ship was beached. She carried a crew of 40.

BROTHERS HAD NARROW ESCAPE FROM DEATH

Campbellton, Nov. 18—Rex Alford, aged 23, and his brother, 15, had a narrow escape from being burned to death yesterday morning at Falls Brook, about 45 miles from here on the Campbellton-St. Leonard's Division of the C. N. R., when gasoline, which they were drawing from a barrel caught fire from a lantern, which one of the boys was holding. The vapor was translated into a blanket of flames which enveloped both of them and only by leaping into a brook, near at hand, did they escape with their lives.

The older brother was badly burned about the head, hands and body.

HAS ACCEPTED ONTARIO CHARGE

Westville, Nov. 19—Regret at the departure from Westville of Rev. John Hardwick was expressed at a farewell social held in St. Andrew's Church Hall. The building was filled to overflowing, and it was found necessary to adjourn to the church.

Rev. Dr. Robert Johnston of New Glasgow, presided, and expressed the regret of the Presbytery of Pictou at Mr. Hardwick's impending departure. He spoke in appreciative terms of the services rendered the Presbyterian cause, not only in Westville, but throughout the County, by Mr. Hardwick. All regretted that he is leaving, but the call which has come from Carleton Place, Ontario, to the Westville minister was one that he apparently could not refuse.

The regret of the congregation was expressed in a suitable address, which was read to Mr. Hardwick, and which was accompanied by a purse of gold. Mr. Hardwick has been pastor of this church for the past fifteen months, and under his leadership progress has been made. He expressed his appreciation of the kindness which had been extended to him during his pastorate, and said he would always carry in grateful remembrance the loyalty and co-operation of the Westville Presbyterians.

Eulogistic speeches were made by Rev. J. M. C. Wade, rector of St. Bees' Church; Rev. Donald McVicar, of Thornburn, and Rev. C. B. Condit, of St. Andrew's, New Glasgow.

(Rev. Mr. Hardwick was for a time stationed at Edmundston, N. B.)

MOVIE MAKING NOW BARRED

London, Nov. 19—Public parks in Great Britain shall not be used as movie sets, the House of Commons was informed when Harry Day, a theatrical producer, a Laborite and a member of the Commons, asked about it. "I am a married man," replied Hacking, "but she might submit a photograph."
