# CANADIAN SPRINTER SHOWS WITH BEST

G. B. Hester, Former Olympic Team Sprinter Now at University of Michigan — Has Done Well.

Toronto, May 13—Not much attention was paid to G. B. Hester when he qualified at the final trials to represent Canada at the Olympic games two years ago. He had done nothing to justify the expectation that some day he would become one of the foremost sprinters of the world. After the Olympic games Hester returned to this city and went to the University of Michigan for the engineering course. Now he is wearing the famous Maize and Blue of the Wolverine State Institution and is the star of the track squad which will compete at the Western Conference ("Big Ten") meet at Iowa City, Ia., on May 28 and 29. Hester a stocky bundle of nervous energy, worked his way into the semi-finals of the Olympic 100-metre dash. Wearing the big red maple leaf of Canada on his jersey he forced Abrahams of Great Britain the ultimate champion to equal the Olympic record in the second trials to win. Hester also reached the second trials of the 200-metre dash. During his sophomore year at Michigan the Canadian sprinter has built up a great record. He won the 75 yard dash at the Illinois relays; then he was victor in the 50-yard dash event at the "Big Ten" annual indoor meet equalling the conference mark for the distance. At the Ohio and Pennsylvania relays he headed a big field of stars. One of his victims was the sensational Frank Hussey, United States Olympic sprinter.

# ANOTHER CLAIM OF WORLD RECORD BEATEN

San Francisco, Cal., May 13—Phil Barber of the University of California, competing here in the Pacific Athletic Association track and field meet, won the 100-yard dash in 9.519 seconds, beating the accepted world's record of 9.6-10 and tying the mark recently set by Roland Locke of Nebraska. Jackson Scholz of the New York Athletic Club finished second, and Newhoff, Olympic Club, San Francisco, third.

# MILES IS NOT ENTERED IN THE BALTIMORE

Baltimore, May 13—Although John D. Miles, 18-year-old runner from Sydney Mines, N. S., and winner of this year's Boston Marathon, in which he created a world's record, has not entered, Canada will be represented in the National Championship Marathon to be run over the Laurel to Baltimore course here on Saturday, by Arthur Scholes, Toronto star, and one of Canada's leading distance men. Other entrants include Stenrooz, Olympic champion in 1924; Albert Michelson, Port Chester, Conn., twice winner over the Maryland course; Clarence Demar, four times Boston winner, and Frank Zuna, Newark.

"What is a blizzard children?" asked the school teacher.  
No one spoke.  
"Come, come," said the teacher.  
At last a little chap volunteered.  
"Please teacher, the inside of a chicken."  
—If at first we don't succeed  
Again we try.  
Our failures are the things that need  
An alibi.

# RESIDENCE RULE FOR HOCKEY TO BE ENFORCED

Hockey-tourists in Evidence in Ontario — O. H. A. Warns That the Migration of Players Must Stop.

The tourist hockey player evidently is still on the go. The following from the Toronto Globe indicates that the Ontario Hockey Association the largest and most powerful hockey organization in the world is taking firm action.  
Clubs and players in the Ontario Hockey Association know, or should know by this time, just what is required of them by association. Organizations or individuals who want to play fast and loose with O. H. A. regulations without penalty, or who feel that the big league is too exacting are privileged to withdraw. If they do not like it there is always that alternative. Secretary W. A. Hewitt says: "Clubs and players who wish to play in the O. H. A. next winter have been given fair warning that the importation and migration of players must stop. Playing certificates will not be issued to any player who changes his residence where there is any doubt as to the bona fides of such change. Players who have already moved have a week to get back whence they came if they want to play hockey next winter; otherwise they will find themselves out in the cold when next winter rolls around. Players who expected to make last-minute changes this week will receive even less consideration and have been warned that if they leave their present towns they will be debarred from the O. H. A. altogether next winter. Those who are wise will stay where they are."

# KINGS BAY'S FUTURE LOOKS ROSIER NOW

Kings Bay, Spitzbergen, May 13—This frozen little settlement on the top of the world, from which Commander Richard E. Byrd flew over the north pole and back in a one day jaunt is one of the farthest outposts of civilization and yet optimists are dreaming of its becoming an important junction in the air travel of the future.

It is looked upon by some persons here as the logical junction for air routes which may some day connect America, Europe and Asia with a network of transport lines running over the pole. It even has certain attributes which might turn it into a popular health resort but for the difficulty of reaching it by water.

For the greater part of the year boats cannot reach Kings Bay without blasting a channel ahead of them with dynamite. During this period, however, some 250 persons—and during the past winter this included thirty women and twelve children—live in Kings Bay as employees of the Norwegian Coal Company. In summer there are about 400 residents. There is one general store, but trade is so slack that it is kept open only two hours a day.

From the third week in April until the third week in September the sun never sets, and during this summer period vegetation reacts quickly. Although there is not a tree in all Spitzbergen, and in most places the land is a flaky substance in which nothing can grow there is good soil in Kings Bay, and in summer this is covered with a pink saxifrage which blossoms profusely. Scientists have found more than 130 species of flowering plants here.

Even in summer, however, it is very cold, and furlined leather clothing is necessary to keep out the penetrating chill.

Miss Louise Sterling who has been spending some weeks in New York returned home yesterday.

# SUZANNE IS TRAINING FOR HER BIG MATCHES

Intends to Limit Her Playing This Year — Says Tennis Has Almost Become Slavery.

Paris May 13—Suzanne Lenglen arrived from Nice and will start training at the Racing Club courts with professional champion Burke.  
She confirmed reports she would play in the International championships in France and at Wimbledon but declared she would not compete in the Franco-American and Franco-English women's matches.  
"One must know how to limit one's playing," Mlle. Lenglen said. "Playing tennis has become almost slavery. If one did not resist all the suggestions, demands, requests and supplications one would play from Jan. 1 to Dec. 31 and then have to recommence."

# MARBLEHEAD PULPIT TO BE INN COUNTER

Marblehead, May 14—From church to hotel is the history of an ancient solid mahogany pulpit in this town. It was used more than 200 years ago in the second edifice erected by the First Congregation Church. Now it is to grace the foyer of the Snow Crest Inn which is being remodelled.

The pulpit was discarded by the church when it built its present edifice, now 100 years old. It was discovered hidden away in a loft where it had been undisturbed for a century. A pewter inkstand and a quill holder of the same period as the pulpit were found in other old marblehead buildings and will be used on the pulpit-desk.

# BISHOP IMPOSES DRESS REFORM

Passau, Bavaria, May 14—The bishop of Passau has set himself the task of reforming feminine fashions in his diocese.

He has placarded a "Christian clothing edict" upon the church door. Hereafter women and girls will be banned from divine services in Passau unless their clothes are closed at the neck cover the knees and are made of opaque material. Sleeves must reach at least to the dimples on the ladies' elbows.

Mrs. A. M. Gibson and Miss Kathleen Gibson who were at Savannah, Ga., for some weeks have returned home.

# TWENTY SEVEN CUBAN PLAYERS IN ORGANIZED BALL

Several Players Named Gonzales — Toronto Maple Leafs at One Time Had Three Cuban Players.

The name of Gonzales heads the list of Cubans in organized baseball appearing on the rosters of four teams. Ramon and Eusebio, formerly of the Leafs, are with Waco and San Antonio, respectively in the Texas League. Miguel is the famous Chicago National catcher and Oscar an infielder, is with the Greenville, S. C., team in the South Atlantic League. Ramon and Eusebio are brothers. There are twenty-seven Cubans in the organized game. In addition to "Mike" Gonzales, there are two others in the majors, Adolfo Luque also a former Toronto pitcher and Ramon Herrera, Boston Red Sox infielder.

# ROSE BELIEVES HE WILL GIVE NURMI BEATING

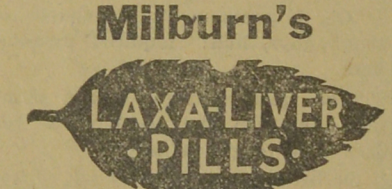

New York, May 13—Completing the second lap of his 15,000-mile journey in quest of a race with Paavo Nurmi, Randolph Rose, sensational New Zealand miler, had his first workout here on a cinder path. Rose, who sailed for England on Wednesday, pointed out that all his races thus far have been contested on grass and that his running should improve on cinder tracks.  
"I have never yet been extended. I am sure that in a close race I could come near to Nurmi's world record of 4.10 2-5," Rose said.

# SHORTEST SKIRTS WORN BY SPANISH GIRLS

Madrid, May 14—Who wear the shortest skirts, Spanish or French women?  
Paris girls took the lead for a while but just now numerous Madrilenas have them beaten by half an inch, they claim, and proudly parade on the Castellana with skirts above the knees.

# A Severe Illness Caused Constipation

Mrs. Wm. Hill, Wapella, Sask., writes:—"Three years ago I had a very severe illness, and ever since I have suffered with constipation. A few months ago a friend advised me to use

which I did, although not expecting any results, but I am pleased to say that since using them I have had perfect use of my bowels without any trouble or pain, and have never had bleeding piles since. Now, I never fail to recommend 'Laxa-Liver Pills' to all my friends."  
Put up only by The T. Milburn Co., Limited, Toronto, Ont.
