A blue rug with enough pattern in it to keep every footprint from showing, white muslin bedspreads over pink sateen and lamps painted blue with pink organdie shades would make a charming child's room.

Yellow walls are good in children's rooms because of their cheerful light giving quality. In a dark room one might have pale yellow walls and curtains of yellow organdie ,made with knife pleated ruffles about two inches wide and furniture painted blue, with yellow lines. The bedspreads should be yellow sateen, scalloped and bound in blue, and the furniture can be either walnut, mahogany or painted

A. M. Johnson, President of the Canadian Club of Boston, visited Montreal for the first time on the new "Redwing" train now running between the two cities on Canadian Pacific lines. In telling of the charitable and naturalization aid given Canadians by the Canadian Club cf Boston, Mr. Johnson said there were some 900,000 Canadians in the State of Massachusetts. Of Sir Esme Howard, British Ambassador to the United States, stated on his arrival in Toronto on a C.P.R.

train that the question of European peace was the most urgent and immediate problem of the day. It was necessary for Great Britain to assist in maintaining peace and the League of Nations offered a suitable vehicle. Sir Esme claimed that if the League disappeared England would be compelled to join some European combination against any country which threatened to dominate the continent.

The development of tourist traffic to the Dominion has been one of the most noteworthy events of the Canadian economic situation in the postwar period. Holiday makers of the United States apparently find Canada's vacation charm irresistible as the number of visitors shows large increases every year. In 1925 2,-429,144 United States' automobiles entered Canada for touring purposes, as compared with 1,889,210 in 1924. A new record is expected this season.

Speaking at the Canadian Daily Newspaper Association meeting at Toronto recently, E. W. Beatty, President of the C.P.R. said there is no class of worker more closely in touch with, or more soundly informed of, the problems of the country's industrial life than the railway and newspaper workers. Each was building up the country as he served the actual needs of the community. Mr. Beatty was impressed by the universal willingness of the Canadian press to get behind appeals that must be made to the public on behalf of works of charity, civiq benefit and education.
