## Of Interest to the Women

BLACK AND WHITE USED SEPARATELY OR IN CHECKS SMART.

For sporas wear in and about New York or at foreign shores nothing is more captivating just now than black and white plaid or check straight line with three fourths length cape in wool poplin or flannel, or a full length straight coat of white flannel with an all over embroidered design with collar and cuffs of the white material.

All wool Thermo coats are exceptionally attractive and serviceable for rough outdoor wear. Worn with a box plaited skirt, it makes a complete sport outfit.

The cherished tailored suit usually has plaits inserted in the coat and is belted. Rather than wear the over-b blouse exclusively many models have a flat crepe or taffeta blouse attached to skirt.

The two piece costume continues to find flavor with many but for early summer the most popular of these will be in white. A few models introduced the short sleeve.

## FASHION HINTS.

Tailored clothes will follow straight lines.

There are a good many three piece suits.

Spring tailors often have short coats.

Princess and demi-princess lines prevail.

Hats of straw are covered with flowers.

The jabot collar is a pretty feature of the new mode.

Printed chiffons are surely fashionable for the spring season.

The short cape appears on coats suits and frocks for spring.

Some of the new sleeves are puffed.

Try rilling potatoes by way of a change.lice cooked potatoes lengthwise, brush with melted butter sprinkle with salt and pepper and broil under broiler flame in the gas oven.

When putting cakes into airtight tins do not put them in straight from the oven, but see that they are quite cold.

Figs and raisins chopped make a good pie filling.

Before putting potatoes into the oven to bake try greasing their skins with bacon fat. You will be surprised to see that the skins of the baked potatoes will be soft and smooth, not dry and hard.

Next time you make biscuit add four tablespoonfuls of ham finely chopped. Roll and rut, and bake until brown.

Try adding a small amount of bluing to the water in which glasses

are washed and they will be given a high sparkle when dried and polished.

Braising is steaming meats in their own juices—a method suitable for solid pieces of meat not tender enough for roasting but of better quality than those utilized for soups or stews.

An easy way to skin a beet without bleeding it and causing it to lose color is to put it into cold water as soon as it is cooked. Then draw the hand gently down each one, and the skin will drop off without trouble.

We might well eat more raisins, dates and prunes than we do. They supply both fuel and mineral matter at a moderate cost besides having a value as base forming foods.

The above design is polished on both sides. The top is hammered to a fine smooth finish with the edges nicely turned. The sides are rustic; that is rough broken surface with the edges carefully chamfered in hammered finish. The ornamentation on the corners is cut in light relief not just traced. The Initial of the family name can be cut in the apex instead of the little design shown. ### For Deep Chest Colds

All colds should be treated with vapors, for vapors alone can carry the medication DIRECTLY to the air passages and lungs.

Vicks is a "vapor" treatment in salve form. For deep chest colds you first apply hot wet towels over throat and chest to open the pores, then massage briskly with Vicks for 5 minutes, spread on thickly and cover with a flannel cloth.

Vicks not only penetrates like a poultice or plaster, but the ingredients, vaporized by the body heat, are inhaled all night long. This double action usually checks the most stubborn cold overnight.
