

## DOMINION PARLIAMENT TO OPEN THURSDAY; A FORECAST OF SPEECH FROM THE THRONE

Ottawa, Jan. 20—More review than promise will, it is expected, feature the Speech from the Throne to be submitted to Parliament next Thursday, as there will be little contentious legislation to be introduced before the budget speech. The matters to be dealt with in the first document will be confined largely to a recital of the accomplishments since the last session.

At the outset there is likely to be reference to the celebration of the Jubilee of Confederation, then to the expanding position of Canada in relation to the other countries of the world and to the Dominion's place on the Council of the League of Nations and to the adoption of the practice of direct communications with the Imperial Government as a result of the last Imperial Conference.

### Financial Record

The spirit displayed and the results achieved at the provincial conference last November are likely to be alluded to; the growing revenues of the Canadian National Railways and the improvement of the government-owned system; the efforts to rush the completion of the Hudson Bay Railway, and the success of the Empire settlement.

Other questions to be dealt with, it is expected, will include, development of the air postal service between Rimouski and Montreal and the move to establish air routes throughout the Dominion; reorganization of the Department of Revenue and the early tabling of the final report of the Royal Commission named to probe the administration of that department, and the favorable trade relations between Canada and certain other countries.

### Usual Formalities

On the first sitting of the house there will be the usual formalities including the introduction of two members, George W. Spottonn, new Con-

servative member for North Huron, and William Bock, new Liberal member for Maple Creek, Sask., to succeed George Spence, now holding a portfolio in the Saskatchewan government.

The House will adjourn to Friday instead of the following Monday as has been the custom, so that the debate on the throne speech can be resumed on the first of the week, as the government has not yet had sufficient time to study the final report of the National Advisory Council on the St. Lawrence waterway project. It is improbable that there will be any specific mention of that document in the throne speech, and what policy is to be adopted will not be disclosed to parliament for some time.

### Tariff Later

Any reference to impending tariff changes is likely to be left until the budget speech is delivered by Hon. James A. Robb.

One parliamentary appointment awaits to be made before the opening and that is to fill the vacancy in the Senate caused by the death of Hon. Gustave Boyer of Rigaud. It has been stated that the three names most frequently mentioned are those of Sir. Lomer Gouin, J. E. Provost, M. P. for Terrebonne, and P. R. Du Tremblay, but it is believed now that the list has been narrowed down to those of Mr. Du Tremblay and Lawrence A. Wilson, M. P. for Vaudreuil Soulanges with the odds in favor of the publisher of La Presse, Montreal.

Frequent conferences between the government and the advisory board on tariff and taxation indicate as already intimated that some important changes in the tariff schedules may be expected this session, and it is likely that the list of proposed changes will be completed early in the session so that the budget speech may come without delay.

## MAY REVISE THE SUBSIDY PAYMENTS

Ottawa, Jan. 20—When parliament meets, or shortly after, the Government will announce that a Board of Audit, will be appointed to investigate the whole question of provincial subsidies from Confederation down to the present time. This announcement may be made in a speech from the throne, or may be disclosed to the House of Commons later by the Prime Minister. The investigation of the Board of Audit would require at least one year and presumably would be followed by a revision of the subsidy payments.

## DUMB BEGGAR TALKS TO ESCAPE A COURT FINE

Chicago, Jan. 21—Edgar Boger, "deaf and dumb" beggar, was brought into court today for begging on the streets.

"If the poor man could only speak," remarked the judge, "he could probably give a good reason for his begging and gain leniency."

"Well, your honor," responded Boger, "I'm trying to support a wife and two children in St. Louis."

When telegrams revealed the St. Louis address to be fictitious, the judge said: "Ten dollars and costs."

### ON INSPECTION TOUR

(Moncton Times) An interesting visitor in the city is Assistant Provincial Police Commissioner E. C. Morgan, who is at the present time making an extensive tour of inspection of all Provincial Police detachments stationed at different points in New Brunswick. Mr. Morgan arrived in Moncton yesterday by the Ocean Limited and will remain here for some time, where he will go into all phases of the Provincial Police work in this district.

## HEAVY FINE IMPOSED IN BOOZE CASE

Bathurst, N. B., Jan. 20—The case of Narcisse Legere, of Caraquet, charged with having liquor not purchased from the N. B. Liquor Board, was heard before Police Magistrate Lemarand today. After hearing the evidence of several witnesses, the accused was found guilty and a penalty of \$1,500 and six months imprisonment was imposed. This is the first case of this nature to be tried in Gloucester county.

In this it was proven that the value of the liquor seized was greater than \$10 and it is provided by the Liquor Act that in such a case there shall be a fine of not less than \$500 and not more than \$5,000, together with not less than six nor more than twelve months in gaol. Accused was committed to gaol this afternoon.

It is reported that the case will be appealed.

## NO BETTER MEDICINE FOR LITTLE ONES

Is What Thousands of Mothers Say of Baby's Own Tablets.

A medicine for the baby or growing child—one that the mother can feel assured is absolutely safe as well as efficient—is found in Baby's Own Tablets. The Tablets are praised by thousands of mothers throughout the country. These mothers have found by actual experience that there is no other medicine for little ones to equal them. Once a mother has used them for her children she will use nothing else. Concerning them Mrs. Charles Hutt, Tanook Island, N. S. (writes "I have ten children, the baby being just six months old. I have used Baby's Own Tablets for them for the past 20 years and can truthfully say 'know of no better medicine for little ones. I always keep a box of the Tablets in the house and would advise all other mothers to do so.'")

Baby's Own Tablets are sold by all medicine dealers or will be mailed upon receipt of price, 25 cents per box, by the Dr. Williams' Medicine Co. Brockville, Ont.

Mr. and Mrs. David O. Steel of Moncton are in the city today on a visit to relatives.

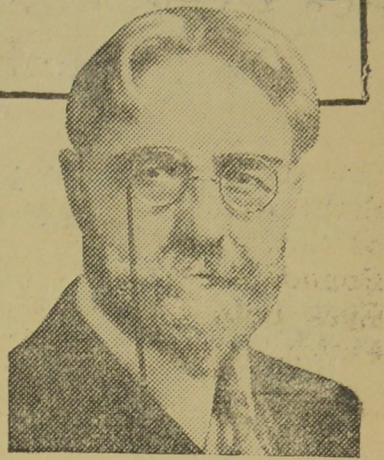

## What Doctors Think of the Laxative Habit

In all history, no Indian was ever known to have constipation. Nor need YOU. He chewed the bark of a tree called cascara. Today, we have the candy cascara.

Cascaring the bowels never forms a laxative habit. If already formed, an occasional cascara will usually break the habit. For cascara strengthens the muscular walls of the bowels and their need of any at all grows constantly less. What other cathartic has the characteristic? The writer knows of none.

An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morrow—and for days after. For there is no REACTION as with sickening salts, or any of the man-made purgatives that go through one's system like a bullet.

Physicians tell us cascara is the ideal laxative—and the tongue tells us candy cascara is its ideal form. At least a million people know this; what a pity there are any who don't! Especially parents; because children love to take a cascara. After which, for days-on-end, the bowels will be seen to work of their own accord. The only habit from cascara is that

of regularity! Cascarets tone and train the bowels. But at the first sign of returning sluggishness another cascara is as effective as the first. There isn't a druggist who hasn't cascareds, so WHY experiment with laxatives?

## N. Y. YOUTH BUYS \$5,000 VIOLIN

New York, Jan. 21—An East Side youth whom Leopold Auer, noted violinist, recently assisted in a Carnegie hall concert to provide funds for his musical career, was announced today as the purchaser of a \$50,000 violin.

Bepno Rabinof, the youth, contracted to pay \$1,000 a month for four years, in addition to an initial payment of \$2,000. The violin, sent from London for his inspection, was once used by Lipinsky, a Polish contemporary of Paganini, and later purchased by Wilhelmj.

## Here and There

Evidence of reconstruction work in Yokohama is seen through the fact that a five storeyed steel and reinforced concrete hotel was officially opened recently. The building, known as the Hotel New Grand, is of fireproof and earthquake-proof construction and is modelled after the style of the best Canadian hotels.

Toronto.—The Province of Ontario is at the close of the greatest gold producing year in its history, according to officials of the Department of Mines, who forecast an increase in gold production this year of \$2,000,000 as compared with last year's output. In addition, the total mineral production is expected to be more than \$91,000,000—a gain of \$6,000,000 over 1926.

Halifax.—Boys' and Girls' Swine Clubs are now well established here. Calf Feeding Clubs are also on the increase and it is expected that in 1928 the latter will attain the same number in the province as the former. Egg marketing circles are also being organized and much good work is already reported. These should prove a valuable aid to the poultry industry.

Preparations for the Banff Winter Carnival, to be held February 4-11, are well under way. Canadian mushers are training and intend to make a strong effort to bring back to Canada the "Strongheart Trophy" which was carried to the United States by Warren Cordingley, of Ashton, Idaho. It is anticipated that there will be several teams from the United States competing again this year.

Saint John.—An epoch in the transportation of cargo between Canada and the United Kingdom was feted here recently when W. R. MacInnes, vice-president in charge of traffic of the Canadian Pacific Railway; W. A. Wainwright, assistant to the chairman, with other officials of the railway, inspected the C. P. fast cargo liner "Beaverburn," which recently docked here, completing her maiden voyage.

According to a report covering the activities of the past year of the Canada Colonization Association, a subsidiary of the Canadian Pacific Railway, 626 families, consisting of 3,443 persons, were settled on 162,982 acres of land by the association. The value of these transactions is in excess of \$6,000,000. Nearly 300,000 acres of land are ready for settlement and prospects for the current year are very bright.

Vancouver.—In an address before the Board of Trade upon the services rendered the Dominion by the late Sir William Van Horne, founder of the city of Vancouver and president of the Canadian Pacific Railway, C. A. Cotterell, general superintendent of the railway's British Columbia district, said: "The Canadian Pacific Railway is the largest taxpayer and the largest purchaser in the province; it spent last year \$20,750,000 in stores and supplies, taxes, wages, etc."

Mr. D. L. Stinton of St. John is in the city today on business.

## The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste. It's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them! Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

## DEMAND

**ASPIRIN**

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin;  
it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

"My knee and ankle joints bothered me a lot—they were a bit swelled and quite painful. I got great benefit when a rubbed on Nerviline. It is a great liniment, and destroys pain quickly. I could feel Nerviline sink in deeply. It went right after those pains that had made my joints so sore. I urge all sufferers from rheumatism to faithfully try out "Nerviline". This was the experience of E. H. Hillyard, well known in the city of Georgetown. Pain, soreness and stiffness vanish before the magic power of this wonderful liniment. Get a 35-cent bottle of Nerviline from any storekeeper; it will do you good."
