Italian Chausseurs Searching Ice Bound Coast of Spitzbergen

Every Effort Being Made to Locate the Aircraft Which Carried General Nobile and His Companions Over the North Pole Last Week— Supply Ship of the Dirigible is Blocked by Ice Floes.

(By LARS HANSEN, British United Press Staff Correspondent.)

King's Bay, Spitzbergen, May 30—Two detachments of Italian Chausseurs were landed on the bleak, icebound coast of Spitzbergen today to centre of an international difficulty, start searching for the dirigible Italia.

One detachment will go along the north coast while the other will penetrate the interior, seek-Pythian Castle by some 300 enthusiastic support- illness at his London home. He was try situated in a district known as the ing some trace of the craft that carried General ers from all parts of the province. The program, about four feet in height, and had birthplace of wars and as the powder Umberto Nobile and his fifteen followers over the north pole last week.

King's Bay, Spitzbergen, May 30—Beaten back by storms and ice from her rescue expedition, the Citta Di Milano, supply ship of the lost polar dirigible Italia, arrived here at 4 a. m. Eastern Standard time today from Amsterdam island.

Before her departure from Amsterdam island—at the urgent demand of her Norwegian pilot, who said flatly that the jamming ice would panies, Limited, have decided to erect a 45,000- effectively. Some time ago M. Leon was not forthcoming, and smash her steel sides—the city Di Milano landed the bleak, icebound Spitzbergen coast to search for the Italia.

Hold Second and Third Positions — The clogged waterways. Laid 189 Eggs.
