RAMSAY MACDONALD ISSUES LABOR DAY GREETINGS TO CANADIAN LABOR MOVEMENT

Former Labor Prime Minister is Impressed With
Canadian Natural Beauty and Resources—
Expresses Hope That the One Will Not be
Desecrated Nor the Other Unshared.

(Special to The Daily Mail.)

Jasper, Alta., Sept. 4—"On behalf of the labor movement of Great Britain, I bring greetings to the labor movement of Canada and trust that it will have a very auspicious Labor day. In travelling through Canada as we have been doing I have been impressed by two things particularly, Canada's beauty and its wealth. With regard to the former I hope it will never be desecrated for the sake of utilitarianism and I trust that the working people will see that they get their just share of the latter." This was the message to the people of Canada on the eve of Labor day by Right Hon. J. Ramsay MacDonald, first Labor Prime Minister of Great Britain, who is now enjoying a short rest at Jasper Park Lodge. With his three daughters, Isabel, Sheila and Jean, Mr. MacDonald arrived at Jasper from Prince Rupert on Sunday evening after what he describes as one of the most delightful trips he has ever taken. The voyage on the Prince George from Vancouver, the journey from the coast here was

full of incidents. Mr. MacDonald was enthusiastically greeted at every stop and at one village in the mountains he was met by a delegation consisting of an Irishman, a Swede and an Italian. His daughter Jean drove the engine for twenty miles on the trip bringing it to a successful stop at Mount Robson where she gave up the thrill of controlling the throttle for that of enjoying the scenery. Sunday morning the four climbed into the saddle and rode over the twisting mountain trails to Maligne Canyon. The route which is a new one, winds through the woods and goes from the canyon back to the lodge by way of the swift Maligne River and the Athabasca giving the riders many spectacular views. Although they declined to wear chaps or sombreros the MacDonalds showed themselves to be enthusiastic trail riders. They were accompanied by E. H. Knight, Supt. of Jasper National Park and his two daughters. After luncheon the former Prime Minister and his daughters made up a foursome and played over the lodge golf course.

MARITIMERS HAD FINE TIME IN TORONTO

pointed to act in conjunction with a committee from the Association in an effort to promote closer commercial relations with the province of Ontario. Premier Baxter, Hon. L. P. D. Tilley and J. D. McKenna are the New Brunswick members of this committee. A Maritime Building at the Canadian National building for the display of Maritime products may be one of the results of last week's gathering in the Queen City. The appointment of a maritime agent at Toronto whose duty it will be to boost the products of these provinces may be another.

Visited Niagara.

At eight o'clock on Sunday morning party set out for Niagara Falls as the guests of the Ontario government. They made the journey in three large motor busses, travelling over the famous Toronto-Hamilton and Dundas highways. The great Niagara fruit belt was a revelation to the visitors. At Niagara Falls, they lunched at the Park Commissioner's restaurant and on the home-ward trip took dinner at the Royal Connaught hotel at Hamilton.

The maritimers left Toronto on Sunday by C. N. R. and C. P. R. trains, reaching Montreal at eight o'clock yesterday morning. On arrival they repaired to the Windsor Hotel where they were taken in charge by a committee from the Maritime Provinces Association. They were given a drive about the city followed by a trip around the harbor on the tug Sir Hugh Allan. Upon returning to the wharf the party were driven to the St. George Club, Westmount where luncheon was served. L. A. Forsythe president of the Maritime Association made an excellent chairman and the list of speakers included George Henderson, president of the Board of Trade, Mr. Alex Thurber, M. L. A., and R. L. Calder, K. C., a noted lawyer who claims Cape Breton as his birthplace. The Montrealers seemed determined not to be outdone by Toronto in the matter of hospitality to the maritime visitors.

Premier Baxter did not remain at Montreal for luncheon, being obliged to return for home by an early train. Before the party disembarked from the tug Sir Hugh Allan, after inspecting the harbor, he was called upon for an address and spoke briefly, expressing thanks for the hospitality and stressing the advantages of St. John as an all the year round port.

ATTEMPT MADE TO BLOW UP HOUSE OF PROV. POLICE

the perpetrators of the dastardly act. Later in the morning a man was picked up by the authorities, suspected of being connected with the crime. He is being held for further investigation into the matter. It is quite likely that the officials will take severe measures with the guilty parties and every effort is being made to discover those responsible.

Search this morning in the vicinity of the wrecked homes revealed the fact that considerable damage was done to the neighboring houses of the two constables. Had the charge been heavier and timed more exactly the consequence would in all probabilities have been of a very serious nature.

Rev. Canon A. P. Shatford of Montreal was the speaker at the weekly Rotary luncheon held today at their rooms on Queen street. This eminent theologian chose as his subject "Rotary and Labor" and gave a very interesting discourse on the two. A good attendance of members listened to Canon Shatford. J. A. Reid was chairman of the meeting.

McAdam and Devon Clash Tonight
on Devon Diamond in First of
Playoff Series in York County.

The first of a series of games for honors in the provincial play-off in which the York County League is represented will take place this afternoon when McAdam and Devon will clash on the Devon diamond, the game starting at 4.30 o'clock.

The contest brings together youth vs. experience. The Devon team is comprised mostly of youngsters, while the McAdam nine are veterans many of whom have years of experience with them. The railway town team have been seen here previously this season, but have never taken away a victory, owing to the fact that first string players were not used. The Devon team are out to win tonight game and will put every effort into their play to get an edge on their rivals. "Johns" Keene, the husky Devon hurler is expected to do mounds duty for Devon with Bailey on the receiving end. For McAdam it is quite possible that Russell Blair will do the pitching with Boone on the receiving end of the McAdam battery. Both teams have a surplus of pitchers and it is thought that neither manager will hesitate to change if he thinks the game will get away from him. A large crowd of spectators should be out for tonight's contest.

WANTS THE N.S. TEMPERANCE ACT REPEALED

Halifax, N. S., Sept. 3—"Resolved, that the Halifax District Trades and Labor Council, in meeting assembled, hereby endorse the action of the City Council in going on record for Government Control of the sale of wines, beer and spirituous liquors and for the repeal of the present unpopular and unworkable so-called Temperance Act.

"And be it further Resolved, that this Council considers this an economic question in so far as the revenue to be derived from the sane control of wines, beers, etc., can be used to put into operation the Old Age Pension law, Mothers Allowances and other social legislation now benefiting the workers in other Provinces under Government Control."

This was the wording of a resolution unanimously passed by the Trades and Labor Council at a special meeting held in the Board of Trade Building last night.

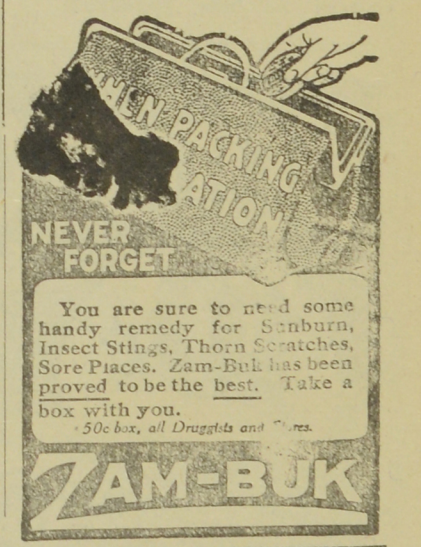

PROHIBITION WAS DEFEATED

Sydney, Australia, Sept. 2—Near complete returns in the New South Wales Liquor referendum, held today, show that prohibition sustained defeat by more than two to one. Voting was compulsory.

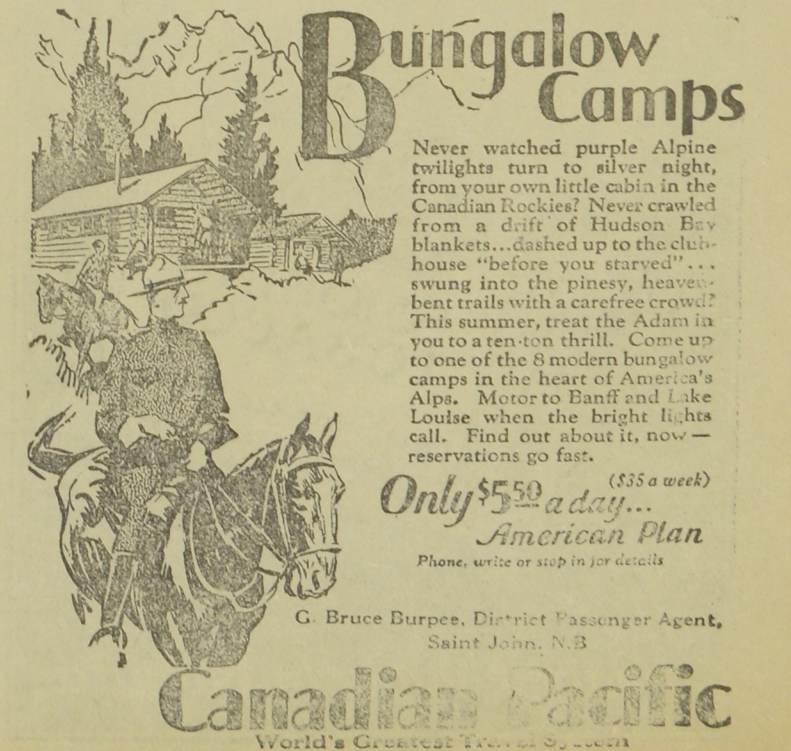

When the returns were nearly complete there were 316,270 votes for prohibition and 789,554 against.

In the federal district of Canberra, there were 82 votes for prohibition, 342 for public control of liquor selling and 445 in favor of licensed premises.

Probably the severest test of dignity is the rumble seat.
