48 Express Which Runs  
Between This City and  
Centreville Went Off  
Track This Morning  
—No One Injured.

Word was received in this city this morning of the derailment of the Canadian National express train No. 46 which runs between Centreville and this city, at Avondale Road on the other side of Woodstock. The accident occurred at about six o'clock this morning a short time after the train left Centreville. As far as can be learned no one was injured in the wreck. The train consisted of three passenger cars besides the engine and tender and baggage car.

A relief train was sent up to the scene of the wreck this morning immediately after the word was received and the passengers brought to their destinations. Considerable panic was raised by some of the passengers at the seriousness of their predicament but when it was learned that there was no danger they became calm and assisted in the work of clearing up signs of the wreck.

Crews of workmen are now busy at the scene restoring the engine and cars to their proper position and it is expected that the train will soon be able to resume operations. The exact cause of the accident was not stated.
