Something Worth While

Halifax Recorder: The Fredericton Exhibition litho., advertising their Fair, Sept. 15 to 22, is something worth while. Very often lithographs of this description are quite similar, so that they only attract ordinary attention, but this is different, showing a Sunday morning with a group of a half dozen handsome equines in the field with a dog in front of them, which is a real work of art. The Fredericton Association is always up-to-the-minute.

LADY TRAINER WAS ATTACKED BY TWO TIGERS

Miss Stark of Staff of Robinson's Circus Had Narrow Escape From Death.

Bangor, Me., May 31—Mabel Stark, the tiger woman with the John Robinson circus, was attacked by two of her tigers while doing her animal act at the performance here tonight and is in the hospital with quite severe lacerations about the legs and body.

She had started the act when she slipped on the muddy ground and two of the tigers began to get unruly. She left the ring cage but went in again when she was attacked by two of the tigers. Ring employees, by firing pistols and bombs, drove the tigers back so that they could release Miss Stark and get her out of the cage.

The tigers continued in an unruly state, stopping the show for some time before they could be driven from the ring cage back to their van. There was but little excitement in the audience and no panic. The full show was given.

At the hospital tonight the extent of injuries to Miss Stark had not fully developed, it was said, but are not believed to be serious.

BLIND CAMPAIGN IS MEETING WITH SUCCESS

Halifax, May 31—In the campaign for the adult blind of the Maritime Provinces, Halifax has secured over two-thirds of its quota and there is every indication that the amount in this city will be considerably over-subscribed. It may go to \$100,000.

Reports from all sections indicate practically all communities will secure at least their full quota, many having it over-subscribed.

Dr. Baxter said on Thursday that there would be a meeting of the Provincial Government next week, just prior to his leaving, when some member of the government would be designated to act as Premier of the Province, during his absence.

Premier Baxter on his trip to England will not be accompanied by Mrs. Baxter. While in the Old Country he anticipates visiting various places in England and Scotland.

The hearing of the case before the Privy Council will in all probability take about two days, the Premier said.

CHASSEURS START SEARCH FOR THE ITALIA

King's Bay, May 31—Four alpine chasseurs guided by Paul Kremer, a hunter, started from here today on foot in search of traces of the Italia, which they will travel in a northeasterly direction, going from winter house to winter house and inspecting the whole terrain for traces of General Umberto to Nobile and his men.

A plan to send a party of Alpine troops on skis, in the use of which they are unusually expert, to Wood Bay or Wijde Fjor has been virtually abandoned. Glacier cracks along the route are numerous and dangerous.

The soldiers, themselves, however, are still discussing the plan aboard the Clitta Di Milano, base ship of the Nobile expedition.

CRISIS WILL LIKELY END IN NOTHING

This is the Opinion of High Authorities in Great Britain.

BRITAIN NOT TO INTERVENE

The Demands of Premier Mussolini Are Not Unreasonable.

London, June 1 (British United Press by Herbert Bailey)—The crisis arising out of the conflict between Italy and Jugo-Slavia will end in nothing in spite of all the gloomy predictions that have been made.

This is the view held by those in high authority here, and it is stated that Britain has no intention of intervening at the present.

It is emphasized that the government of Jugo-Slavia regards Premier Mussolini's demands as not unreasonable, according to information reaching officials here and it is likewise stressed that it would be ridiculous for Italy to take any drastic action against the Jugo-Slavian Government.

SEVEN KILLED IN TRAIN WRECK IN ILLINOIS

Danville, Ills., May 31—Seven persons were killed and 23 injured, when two interurban trains of the Illinois Traction System crashed head-on at Fithian, seven miles west of here, late this afternoon.

The dead are:

Frank Craig, of Danville, motorman of the eastbound train.

Dr. George Johnson, of Champaign, Ills., pioneer.

George Johnson, of Haute, Ind.

Dennis Pyle, of White Heath, Ills.

Ire Clodselpher, of White Heath, Ills.

Fred Guick, of St. Joseph, and an unidentified person.

The crash is attributed by Pat Cummins, motorman of the westbound limited train to the failure of his air-brakes. When he saw the crash could not be averted, he leaped from his cab and escaped injury.

The westbound limited was of steel construction and was little damaged by the impact. The eastbound local was an old wooden coach and the front end, in which was the smoker and the motorman's cab was crushed to splinters.

Apparently every passenger in the smoking compartment was killed outright. Motorman Craig died on the way to the hospital in Danville.

WAS KILLED BY AN EXPLOSION IN THE KITCHEN

Lubec, Me., May 31—Mrs. Laura Quirk, 36, wife of a World War veteran and mother of three children, died this morning from the effect of foot in search of traces of the Italia, burns caused by the explosion of a liquid which she supposed was kerosene with which she was kindling the kitchen fire yesterday.

Although blinded by the flames and her clothing in a blaze she snatched up her infant and ran from the house. When neighbors came to her help her clothing was nearly all burned from her body but the baby was unharmed. Death came from burns and shocks. The liquid has been sent to the state chemist for analysis.

(By HERBERT BAILEY, British United Press Staff Correspondent.)

Sir Leo Money and Miss Irene Savage, who were recently arrested and charged with misconduct in Hyde Park, were entirely cleared of the charge and the police severely censured for their conduct in the matter.

RIOT OF GAMBLING DRAWS THROG TO FRENCH CASINO

Le Trouquet, France, June 1—High play at the casino of this northern resort bids fair to establish new records in France during the 1928 season. Although the fashionable exodus from Paris does not begin until well in June, the casino has been crowded at all hours of the day and night, and great sums have been won and lost. Habitués declare that the patronage this year has been more cosmopolitan than ever. There have been several Indian princes and the picturesque members of a Greek gambling syndicate, who have made remarkable sums at the tables.

So popular is the play that it is frequently possible to see fashionable people in evening dress emerging from the casino at 9 o'clock in the morning after a long night of gambling. At 6 o'clock one morning every table was filled, and people were standing five and six deep behind the chairs of some of the heavy players.

TWO CHILDREN STRANGLED BY THEIR MOTHER

Windsor, Ont., May 31—Convinced that she would be sent to an asylum where her children could not accompany her, Mrs. Evangeline Montforton, 28 years old, 523 Janette Avenue, strangled her two children at one o'clock this afternoon, and then telephoned the police to come and get her.

Mrs. Montforton said she had felt for some time she was going crazy and she preferred to see her children dead rather than be separated from them. Her husband, Theophile Montforton, is employed at Fordson, Mich., and was at work when she killed the two children, a girl, Rita, 5 years old, and a boy, Donald, four.

Mrs. Montforton, who is demented, had planned the action for some time apparently. She put the children in different beds and strangled them with a short length of thin clothes rope.

After examination today the woman was ordered confined to an asylum.

Kiselev, Russia, June 1—In some Red schools children write in red, for economy's sake use of ink is prohibited here. Pig's blood or huckleberry juice is substituted.
