## NEWCASTLE MANSLAUGHTER CASE ADJOURNED TILL NEXT TUESDAY FOR JUDGMENT

**Preliminary Hearing Ended Yesterday in Case of  
Percy McCormick of Concord, Mass., Charged  
with Homicide After Striking and Killing  
Richard Saulnier with Motor Car — Brother  
of Accused Claims No Drinking.**

Newcastle, Aug. 28—The preliminary hearing of the charge of manslaughter preferred against Percy McCormick, druggist of Concord, Mass., a visitor here at the home of his brother, as the result of the death of Richard Saulnier, 60 of Nelson in an automobile accident at Millbank near here, an August 19, which was begun yesterday was continued here this morning before Magistrate A. S. Debere and after several witnesses had been heard was adjourned until next Tuesday when the magistrate will give his decision. George M. McDade appeared for the defendant and T. H. Whalen was counsel for the Crown.

Saulnier was killed almost instantly when he was thrown from the truck, driven by Ben Deroche as the motor vehicle was ditched to avoid being struck by an oncoming car said to have been driven by McCormick. The McCormick car was alleged to have been on the wrong side of the road.

### Hears Screams

Andrew Lyons, near whose home the fatality occurred, told on the witness stand of hearing the truck pass his house and, later a woman's screams. He looked up and saw an open car going up the road. He ran to the scene and saw Saulnier lying on the highway. The car driven by Harry Gray, a resident of this locality, was the first to arrive after the accident, he said. Witness did not see any tracks such as might be made by an automobile turning out to allow the truck to pass in safety. He judged that Gray arrived about eight minutes after the accident.

### Identifies Driver

Harry Gray, who was the next witness, told of meeting one car about one half mile from the scene of the fatality. He did not know the occupants but at the coroner's inquest he recognized the defendant as the man who was driving the car. When the witness, arrived the truck dropped off the road as the rear wheels were going over the culvert there. Saulnier was lying on the road. Gray helped to lift him on to the truck and telephoned for the doctor. Witness said there was no indication of a car turning out.

When the McCormick car passed him, it turned out and gave him plenty of room in which to pass.

### Fails to Stop

Howard Lyons, who was just across the road from the accident was the next witness. He saw the truck and the car passing. The open car proceeded along the road without stopping and the truck took the ditch. The car was an open one, he said, but he did not know what make it was nor who was driving it.

Mary Henry, who was sitting beside Saulnier in the truck, said that all she remembered was being thrown out. Being in the back of the truck, she did not see any car. The truck went into the ditch suddenly and she fell out below the culvert.

### Says Brother Sober

James McCormick, the brother whom Percy was visiting here, who was a passenger in the car, swore that his brother was sober during the drive. He himself did not see the truck or know anything about an accident until later in the day. He remembered passing a car and thought Harry Gray was driving it.

Provincial Policeman Pettigrew told of being called to the scene of the accident and because of the information he received, proceeding toward Newcastle. On the way he recognized McCormick as the one answering to the description. He went to James McCormick's house and found Percy asleep on the lounge. He could not awaken him and went for Dr. Park. He would say that it was two hours after the

accident that he returned with Dr. Park to see McCormick.

### In Stupor

Dr. Park told of going to the house to examine Percy. He said that he was in a stupor and that it took him about five minutes to arouse him. He knew of nothing detrimental to Percy's character and thought "that a man could consume a goodly quantity of alcohol between 10.30 and 12 o'clock but that it would be impossible for him to get drunk on good liquor between 10.45 and 11.30 o'clock."

Provincial Policeman Faulds told of going to the McCormick house and finding Percy asleep on the lounge. He could not awaken him and stayed with him while Policeman Pettigrew went for Dr. Park. When Policeman Faulds arrested McCormick at about 4 o'clock in the afternoon he was apparently sober.

The evidence of Officer Coughlan was much the same as that of Policeman Faulds. He did not detect an odor of alcohol on McCormick's breath.

## FRANCIS HUNTER NO. 1 PLAYER ON TENNIS TEAM

New York, Aug. 28—With William T. Tilden under suspension, Francis T. Hunter has been placed as No. 1 player on the team of eight which was selected Saturday to represent the United States in the International tennis team matches with England and France that will start next Saturday.

The others on the team are as follows: No. 2, George Lott, of Chicago; No. 3, John Hennessey, of Indianapolis; No. 4, John Van Ryn, of Orange N. J.; No. 5, John Doege, of Santa Monica, Cal.; No. 6, Wilmer Allison of Austen, Texas; No. 7, Fritz Mercur, of Harrisburg, Pa.; No. 8, Wilber F. Coen, of Kansas City. Berkeley Bell had been invited to participate but a previous engagement prevented him from accepting.

The team was selected by Joseph W. Wear, chairman of the International Team Play Committee, and Charles S. Garland, chairman of the Team selection Committee of the U. S. L. T. A.

The opening matches will be played next Saturday against the English team at the West Side Tennis Club, Forest Hills, L. I. The next matches will be played on Labor Day. There will be three singles and one doubles match, best two out of three sets each day. The matches with France will take place at Philadelphia on September 6, 7 and 8. Three singles are to be played the first day, three doubles on the second day and three singles on the last day.

### Seeks Reinstatement

Boston, Aug. 28—William T. Tilden, 2nd, barred from amateur tennis by a ruling of the executive committee, of the United States Lawn Tennis Association said Saturday that he would apply for reinstatement at the September meeting of the committee. In a statement given out here Saturday he said he resented the implication of the committee which "as much as called me a liar."

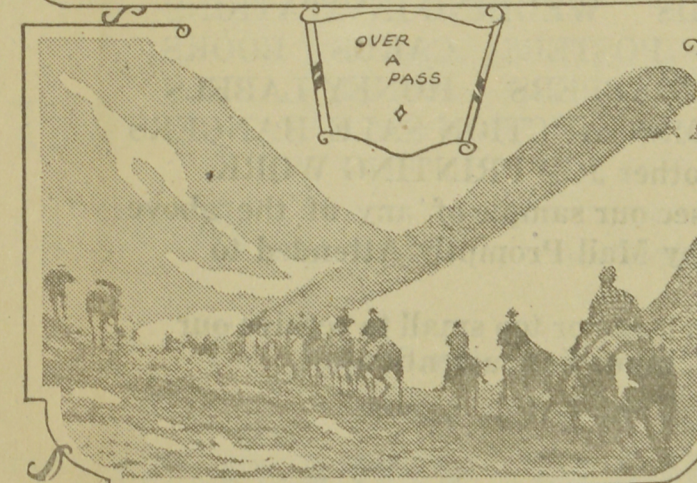

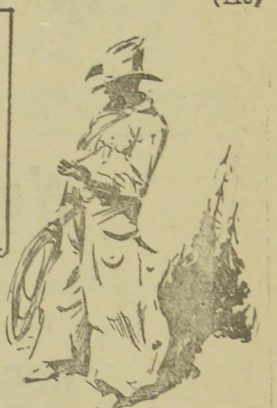

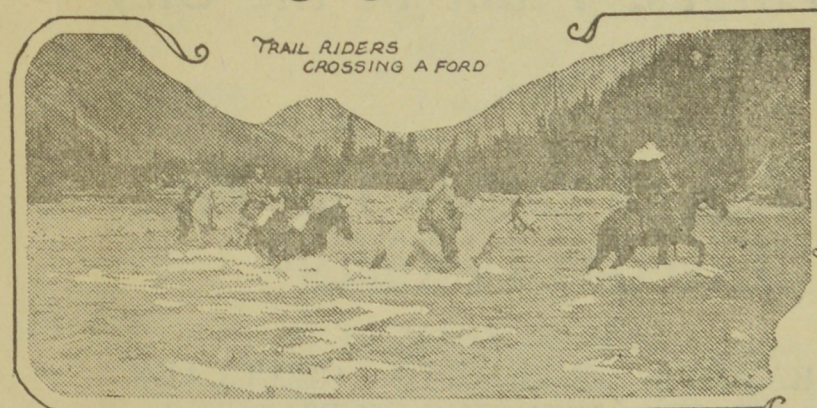

He said the official statement of the executive committee attempted to show that he was eager to play on the Davis Cup team this year. This was not so, he said.

Tilden said he would consider no professional offers at any time and that if permanently barred from amateur tennis he would tour the country giving exhibitions at schools colleges and clubs where no admission would be charged.

## Trail Riders of the Canadian Rockies Visit Lake of the Hanging Glaciers in British Columbia

(118)

Hundreds of lovers of the great outdoors have joined the Trail Riders of the Canadian Rockies, an organization of poets, novelists, scientists, educators, artists, Indian chiefs, cowboys, nature lovers in general, and those who wish to perpetuate ancient trails in the Canadian Rockies and get the grand kick of a wonder-

ful horseback ride through the Canadian Rockies to scenic wonders which have been viewed by a mere handful. John Murray Gibbon, of Montreal, first organized this great ride, which this year started August 2, for the Lake of the Hanging Glaciers, from Banff and Lake Windermere, B.C. Each year it has been bigger and

better and the membership now exceeds a thousand, many of whom have won the gold and enamel button signifying that they have ridden at least fifteen hundred miles. Of the hundred so qualifying, 23 are ladies. Three of the girl-members who joined up with the main party this year on the start for the Lake had already covered upwards of 200 miles of mountain trails.

The Lake of the Hanging Glaciers, about 7,500 feet above sea level, in the Selkirk Range, was discovered about 20 years ago, but is still as wild as ever. Its name gives some idea of its spectacular appearance, which is that of an immense cirque, with eight glaciers forming a moraine which drops off sheer in an ice wall nearly 800 feet higher than the lake itself. From this wall icebergs are falling continually, and forming a miniature Arctic sea in the heart of the mountains. Surrounded as it is by jagged Alpine peaks, many of which exceed 11,000 feet in height, this district has challenged the ambition of many Alpine climbers.
