

ANNUAL BOWLING TOURNAMENT TO OPEN TOMORROW

The annual New Brunswick and Maine Candlepin Tournament, with its beautiful trophy, emblematic of the championship of the Maritime Province and Eastern Maine at stake, will commence tomorrow morning at the Palace Bowling Alley on Carleton street, at ten o'clock with Grand Falls and the local pinticklers hooked up in the opening pin duel. The tournament will continue for three days and the winner of the trophy will be decided by the games won and lost columns; the team having the highest winning average taking the candlepin trophy and its attendant honors. Two games will be played at each playing period. Twelve game will be played the first day, thirteen on Wednesday and on the final only eleven games are scheduled. The bowling trophy which has been in competition since the year 1908 has been won by Black's Allys of St. John no less than fifteen times, while the other competitors have more or less split even in the annual tournament. The capital bowlers, winners of the trophy last year at Eastport, are holding it for the second time since its being in competition and this year's team looks to be as strong if not stronger than last year. This year's capital team will be: J. L. King, J. G. B. Pugh, G. W. Kitchen, J. A. Lawlor, M. G. Kierstead, Spares, C. D. Rutter and M. Maxwell.

MT. A. GIRLS LOSE TO WINDSOR

Sackville, N. B., April 27—When Dawson sank his only shot of the game in the final twenty seconds, he broke the tie score of nineteen all and won the Eastern Canadian basketball title for Windsor Collegiate Alumni, taking the two game series from the Mount Allison basketball team by two points, the final score being 41-39 for the series. By virtue of this victory the Windsor players win the right to play the University of British Columbia five for the Canadian title. The game was one of the hardest fought contests witnessed on the gym floor this season and was witnessed by a crowd which taxed the capacity of the gym. The Mounties went into tonight's contest with a two point lead which the Ontario players soon overcame by five man defence tactics waiting for an opportunity to break through and quickly snapping passes through with deadly precision, controlling the ball and stalling a good deal.

France and Germany are getting together in "trade." That sounds all right, but we are fearful of what will happen when one of them gets the horse home.

WALTER HAGEN STILL IN FORM

London, April 30—Walter Hagen practiced today for his 72 hole match with Archie Compston tomorrow and Saturday over the Moor Park course. Although he has played little golf of late, he did not seem to be seriously off his game. Arrangements have been made to care for a gallery of 1500. Thirty-six holes will be played tomorrow and another 36 on Saturday, if so many should be necessary. A record price will be charged the spectators, 15 shillings a day, or two days for 10 shillings. Compston has been practicing for weeks and declared himself much pleased with his form. Hagen was doubtful as to the soundness of his game, as he has given more attention this year to making a motion picture than he has to perfecting his golf shots. However, today his approaching was deadly. If he can but the ball up to the pin in competition tomorrow as he did in practice, Compston will not find him a setup.

BIG TRAIN GIVEN WELCOME BY FANS

Newark, N. J., April 30—A bit drawn from his long siege of illness but declaring he felt fit, Walter Johnson ex-pitcher of the Washington Senators arrived today to take charge of the Newark club of the International League.

More than 300 fans gave him a rousing reception. Mrs. Johnson wept as the crowd surged about her husband. "In all our years together I have seen no finer tribute to Walter" she said. Johnson's illness followed an attack of influenza last February.

Macon, Ga., April 30—Tommy Berry, trainer for the Hanover Shoe Farms, is continuing to give lessons to his trotting pupils here despite two fractured ribs suffered in a recent accident.

LOCKHART NOTED DRIVER AT AN EARLY AGE

Held Numerous Track Records — He Was 26 Years of Age.

Indianapolis, April 27—Frank Lockhart, race driver killed during a speed trial at Daytona Beach, Fla. was 26 years old and was born at Dayton, O. He moved to Los Angeles with his parents when he was a small boy.

Lockhart entered the sport of automobile racing as a driver in dirt track races. He came with other race followers to Indianapolis for the 500 mile contest in 1926. A few days before the race the illness of Peter Kreis left one of the cars without a pilot and Lockhart was given the place. He qualified the car in record time and then won the race.

Several months ago Lockhart set a speed record on the dry lake bed at Lake Modoc, Utah. He then came to Indianapolis to supervise the building of the special Stutz racer in which he met his death.

The bullet-nosed machine, powered with a 16 cylinder motor and built to do upward of 220 miles an hour, was the creation of its victim and the Stutz Automobile Company of America. A fortune was spent on the car, the rear axle alone being valued at \$20,000.

In winning the speedway race here in 1926 Lockhart drove a Miller special at an average of 98.885 miles an hour. The race was 400 miles long, being stopped because of rain.

Lockhart was backed by a group of Lafayette, Ind. auto racing enthusiasts. At the time of his speedway victory he held all existing records from one to 25 miles for dirt track racing.

Lockhart was entered in the 1927 speedway race here and won several lap prizes before his car was forced out by mechanical difficulties.

Removes Warts

"ENGLISHWOMAN" writes to the Montreal Star:

"I read a letter in your paper asking for a remedy for warts, and as I found one that took an ugly one off the side of my forehead I will give it to you. I had a bottle of Minard's Liniment in the house that I use for rheumatism, and casually reading directions I saw it was a good thing for corns and warts, so being so simple I tried it. Just dab it on with the cork two or three times a day letting it dry on. Well it all went away in about two weeks, dried up and came off by degrees.

"Another also appeared on my cheek not so large, but I applied the same remedy and could pick it off like the other."
