NORTHERN ICE BATTLE IS REAL HOCKEY TEST

Quebec and Springfield Demonstrate How Rough Hockey Can be—Penalties Thick In Final Session—Quebec Wins 6 to 1.

Quebec, Feb. 15—The Springfield Indians played the man instead of the puck last night, and the result was a handsome trimming, the score in their match with Quebec being Quebec 6; Springfield, 1.

All but one of the goals came in the last period, when the Indians evidently thought they were playing football for on four occasions in this twenty, the puck carrier would be taken out of the play by the defence in approved football fashion, but this did not prevent him from slipping the rubber over to an uncovered teammate, and the result was that the little blue light twinkled a goodly number of times.

During the first twenty minutes of play, which was featured by an accident to Jeff Malone, the arbiter hurting his ankle when he fell to the ice, while during the second session but one tally was pushed in, this going to Queeneville's credit, so that there was every prospect of a keen battle, with one goal telling the tale, and absolutely no indication of the deluge that was to arrive with the third period. Indeed for the first few minutes no particular harm was done to either citadel, but suddenly Wasnie decided that it was time to take a hand in the proceedings, with the result of a goal. Hardly had the cheering died away then Sorrel, Halderson and Wasnie combined in a triple threat on the Springfield net. Sorrel was taken out of the play, but shoved the disc over to Wasnie, who in turn poked it over to Halderson, and another was the result. This was followed in rapid succession by Quebec's fourth, the two defencemen combining to get it.

The point went to Halderson. Then Goldsworthy got the sole Indian point on a rush with Chapman, but Wasnie went through the whole team single-handed to score Quebec's fifth, and McVicar and Leo Murray combined for the sixth, the actual scoring being done by Murray.

Halderson was laid out by Vail and Sorrell, had to go off for repairs after Maracle had finished with him near the boards, while Garipey got a lacerated head from a broken hockey stick, part of which entered his cranium. Eleven penalties in all were handed out to the Indians.

Fusiliers Got Into N. B. Finals Though Hub Wins

Moncton Defeated Fusiliers 1-0 at St. John Last Night—Ice Wet and Going Heavy—Will Meet North Shore Champs.

St. John, Feb. 16—Although they blanked their opponents by a score of 1 to 0 the Moncton Atlantics were not able to shoot through enough counters to overcome the Soldiers' two goal lead made in Monday's game and the Saint John Fusiliers were given the crown of the Southern Section of the N. B. Hockey League following a terrific encounter here Wednesday night at the Arena.

The winning score was made by Wilson who scooped up Earl Kervin's rebound and made the red light twinkle after seven minutes of play in the final stanza of the game.

The Edgett Trophy, emblematic of the sectional championship, was presented to the winners by Colonel W. B. Anderson, C. M. G., D. S. O., O. C., M. D. No. 7. H. G. Ellis, president of the Southern Section accompanied Colonel Anderson to the centre of the ice where with appropriate remarks the much cherished cup was handed to Capt. Alden Clark of the Fusiliers. The players of both teams exchanged the "old glad hand" and the hearts of the fans swelled with pride as these stalwarts filled the Arena with their genuine cheers.

Both teams were cheered to the echo, the visitors for their wonderful accomplishment in handling the locals their first beating received in a league game on their own ice during the season and the Fusiliers for their gameness in the uphill fight which finally terminated in victory.

The Fusiliers' next move for premier honors of New Brunswick will be when they meet the winners of the North Shore League in home and home games.

The game on Wednesday night had the largest crowd of the season on their toes throughout the entire 60 minutes despite the fact that the ice was wet and the going heavy. The last two periods was virtually a "naval" engagement.

DEMPSEY IS OFFERED BOUT WITH JACK GROSS

Philadelphia, Feb. 15—Refusing to take seriously the reports that Jack Dempsey would never enter a ring, Jules Aranson, Philadelphia promoter, awaited today an answer to his offer of \$100,000 to the former champion for meeting Jack Gross here this summer.

Although no time for the fight was specified by Aranson, he has taken over the Phillies' ball park for the summer and it was said he wants to open the season in the latter part of May with the former champion featuring his opening show.

The offer said that \$50,000 would be deposited to Dempsey's credit upon the signing of articles

1932 OLYMPICS MAY BE IN A CANADIAN CITY

St. Moritz, Switzerland, Feb. 15—Canada is making an official bid for the winter sports of the 1932 Olympics.

P. J. Mulqueen, chairman of the Canadian Olympic Committee requested Gustavus A. Kirby of the United States Olympic Games, to forward the proposal to the committee sponsoring Los Angeles for the 1932 games.

Mr. Mulqueen said if the request were granted the games would probably be staged in Montreal.

There could be no better place than Montreal or Banff, Mr. Mulqueen said in an interview. He said that some prominent Canadians were aware of the suggestion. He had even received a cable from E. W. Beatty, president of the Canadian Pacific Railway, assuring him the sender's moral and financial support in case it was decided to take the 1932 winter sports to the Dominion.

At a dinner tendered by the United States Olympic party last night, Gustavus Kirby, chairman of the U. S. party, referred to "that country to the northward of Canada, which we admire so much." It was quite fitting that the winter sports should go there he said, and not elsewhere. It was the unanimous opinion of those present that this was an intimation the American may yield the winter sports of the next Olympiad to Canada, although their right to hold them in the United States is uncontested. The 1932 Olympic games are to be held in the States.

SPORT BRIEFS

As a promoter of international friendship and confidence, the Olympic Winter sports meet at St. Moritz has hardly been a success in its three days' existence, no less than three regrettable incidents having cropped up already as well as one not directly connected with the big meet, in which a Belgium entry claimed his bobsled in the St. Moritz derby was tampered with.

First came a French protest over British hockey players; then a Norwegian objection to the arrangements for the skating races and yesterday, Charlie Gorman, Canadian skating ace left the 1500-meter skating race flat after his protest against being shut out in the 500-meter event, because he was interfered with when an opponent fell, was overruled.

The Cubs are going to use their prize package in 1928, Hazen Cuyler, in right field. Anyway, the right fielder gets as many cuts as any of his mates.

The more one studies tennis ranking lists the more the wonder grows whether they serve any useful purpose, if so, what? The two or three leaders usually earn their places in a clear-cut manner but after that it is a jumbled mess which must be untangled to find the next dozen or so, and place each in his or her proper niche.

If there is always fire where there is smoke, some changes in the make-up of the National Hockey League look probable another season.

Spark Vail of the Springfield Indians has attracted the attention of the National League scouts and is declared to be pretty sure of a big time berth next year, probably with the Rangers. He is a Canadian and only 19 years old.

U. S. UNIVERSITY CLUB SEXTETTE WILL PLAY IN N.S.

Victors Over Varsity Grads To Go To Nova Scotia For Exhibition Games—Will Play Wilcats and All-Nova Scotia Team.

Halifax, Feb. 15—Nova Scotia hockey fans are to have an opportunity seeing in action another wonder team—reputed to be the finest amateur aggregation extant in the United States.

Manager P. C. Neville, of the Forum, announced last night that definite arrangements have been completed to bring the University Club team, of Boston, to Halifax, to play a series of two games, on February 23 and 24. The University Club is composed of the stars of several outstanding American colleges, players who have won their spurs in college hockey across the border. Harvard, Dartmouth, Boston College, Mass. Tech., and other institutions have sent players to the University Club team and the sextette which comes to Halifax this month is recognized as the peer of all amateur hockey teams playing in the domain of Uncle Sam.

Pitted against the University Club will be an all-star Nova Scotian sextette, so Manager Neville said last night. The Nova Scotian team will be assembled in Halifax for several days prior to the first game and thus given an opportunity of developing team work so sadly lacking in the clash with the Toronto Grads. The team that will play the University Club on the second night will probably be the Kentville Wilcats, who last winter staged two memorable battles against the University Club in the Boston Arena.

LOUGHRAN IS READY TO MEET ANY CONTENDER

New York, Feb. 16—Tommy Loughran is ready to defend his world's light-heavyweight title against any opponent on March 30 at Madison Square Garden.

In the radiogram today from the steamer Reliance, on which he is making a West Indian cruise, Loughran notified Jess McMahon, Garden matchmaker, to pick out an opponent.

McMahon left later for Philadelphia to confer with Joe Smith, Loughran's manager, on matching the champion with Leo Lomski, Joe Sekyra or Jimmy Slattery, considered the leading contenders. Loughran will return from his voyage on Feb. 21.

HOOF PRINTS

Goshen, N. Y., Feb. 15—The first foal by Guy Trogan, 2:03, a star trotter on the Grand Circuit two years ago, has arrived at the Arden Homestead Farm, owned by the New York sportsman, E. Roland Harriman, here. It is a bay colt and is called Janus. Jane Hall, a daughter of Walnut Hall, is its dam.

Hartford, Conn., Feb. 15—Will Collier, noted Hartford reinsman, has added the former Ohio trotter, Guy Worthy 2:07½ to his stable and will campaign him over eastern half-mile tracks.

Springfield, O., Feb. 15—Truax (4) 2:03½, who defeated the great trotter, Mr. McElwyn, 1:59¼, as a two-year-old, has entered the list of sires. His first foal recently arrived at the Calumet Farm here, being out of the fast mare, Margaret Chenault, 2:03¼.

Springfield, O., Feb. 15—Harry Stokes, popular Grand Circuit reinsman, plans to move his stable from the local track to Toledo, O., early in March and train for the big time opener there, June. 25-30.

WHY IS THIS WRONG?

It is unwise to guess the weight of a letter to determine the amount of postage required. Such guessing often results in "Postage Due," which may cause delay in delivery, and, in the case of business letters, often results in a dissatisfied customer.

Removes Warts

"ENGLISHWOMAN" writes to the Montreal Star:

"I read a letter in your paper asking for a remedy for warts, and as I found one that took an ugly one off the side of my forehead I will give it to you. I had a bottle of Minard's Liniment in the house that I use for rheumatism, and casually reading directions I saw it was a good thing for corns and warts, so being so simple I tried it. Just dab it on with the cork two or three times a day letting it dry on. Well it all went away in about two weeks, dried up and came off by degrees."

"Another also appeared on my cheek not so large, but I applied the same remedy and could pick it off like the other."
