HAS MADE A BIG SUCCESS OF FOX BREEDING

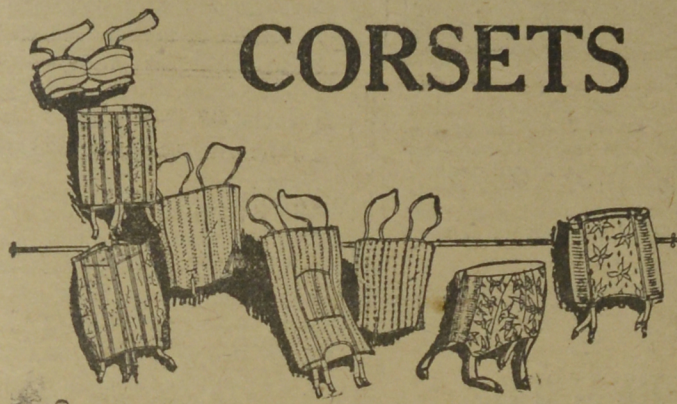

W.T. Chapman of Salisbury a Visitor to the City — Thinks Westmorland Should Have a National Park.

Mr. W. T. Chapman of W. T. Chapman & Son, fox ranchers of Salisbury was a visitor to the city yesterday on business connected with the Fredericton Silver Black Fox Company of which he is a director. Mr. Chapman and his son are among the most successful fox ranchers in the eastern part of the province and that is saying a good deal. They started in the business in a small way ten years ago, and their business has since grown to very large proportions, and they are producing breeding stocks and pelts of the very highest quality. It would now take a man a good part of a day to count all of the foxes of which they are the owners. The Chapman ranch at Salisbury is one of the sights of the village and has many visitors especially during the tourist season.
