## JACK DELANEY AND HEENEY READY FOR GO

**Will Battle Tonight at Madison Square Garden—French Canadian Down to 177—Heeney Tough.**

Bridgeport, Conn., Feb. 29—Crammed full of energy and teeming with confidence Jack Delaney bent today to the task of polishing the rough edges from a fighting machine that must withstand the desperate plunges of Tom Heeney, granite man of New Zealand in the ring at Madison Square Garden tonight.

Realizing full well that not only his fistful future, but a shot at Gene Tunney's heavyweight crown rests on the outcome of the first of Tex Rickard's 15-round heavyweight elimination semi-finals, the Bridgeport rapier hammered his sparring partners for seven full rounds and exercised five more before calling it a day in the tiny handbox gymnasium, pride of his home town.

After the workout, fastest and most gruelling of his present conditioning campaign, Delaney turned himself over to Dan Skilling, deputy commissioner of the New York State Athletic commission for physical examination.

The big French-Canadian, scarcely breathing heavily from the grind, appeared in perfect shape, the commissioner said, with no evidence of "tennis elbow" or sprained hands such as appeared following Delaney's indoor failure against Jimmy Maloney last winter.

Jack tipped the beam at 176½ pounds, just a fraction of a pound over the light-heavyweight limit. That weight is expected to lessen his chances against Heeney, a burly 200-pound puncher of the roughest type.

Delaney sparred three rounds with Billy Vidabeck, conditioning mate of Gene Tunney, after skipping rope two rounds and banging the light bag another pair, Paul Chevalier fought the ex-light-heavyweight champion on even terms for two more rounds, and Pietro Corri caught the Delaney slams in the last two.

Delaney plans six rounds of boxing tomorrow, and a light workout Wednesday before leaving for New York Thursday morning.

## FUSILIERS MEET BEARCATS BY WIN OVER CRYSTALS

Saint John, March 1—After two stanzas of more or less indifferent hockey, the Saint John Fusiliers, flashing in with lightning speed, staged a last-period rally which literally swept the invading Summerside Crystals off their feet and emerged unscathed against and victorious to the tune of 6 goals to 0, in the Arena on Wednesday evening.

Piling up a total of 12 points against their opponents five for the series, the Soldier players carried away the Marven Trophy, emblematic of the N. B. and P. E. I. championship, and qualified to meet the Truro Bearcats, Nova Scotia champions, for the Maritime title.

More than 4,000 fans, practically all that the Arena would accommodate, were pulled to their feet time after time as the Fusiliers directed an intense barrage on the enemy's stronghold during the closing phase of the engagement. A dozen or more sizzling shots were turned aside in the very mouth of the defenders' fort, but five direct hits, piled on top of one scored during the previous periods, put the Crystals completely to rout and spelled their unquestionable defeat.

Play was held up for nearly five minutes in the second period, when the crowd, disagreeing with one of Referee Carroll's decisions, threatened to invade the playing surface, and threw papers, programs and other missiles onto the ice. Time was called until the debris was cleared away.

Playing ragged hockey in the first stanza, both teams left the ice without having scored and for a time it looked as though the players had gone stale from their strenuous games during the last few days.

## THE DREAMS OF HORRORS ARE NOT SO GOOD

(New York Sun.)

Dreams mean something—to a doctor. One of the medical clan, a specialist in nervous ailments, was talking about our subconscious adventures:

"Most of us dream, it is true, and there is ordinarily nothing about the mere phenomenon of dreaming to bother about. But if your dreams take forms of horror and fairly frighten you into wakefulness, then it is time to go to your physician. Something is wrong—maybe with your diet. Or it may be you are working too hard or worrying too much. You are in an abnormal condition.

"Exciting dreams, dreams that cause you to cry out in the night and startle the family and maybe the neighbors as well, are indicative also of conditions that need looking into. They may be physical or they may be mental, but the doctor should look you over. Such things rob body and mind of the tranquil rest they need, and for that reason alone they need correction.

"The healthful dreams, or the dreams that may be said to be harmless, are the pleasant dreams that we can recall quite clearly with no gaps. That means that slumber has been profound, and that only the subconscious mind had entered into the activity at all we would have forgotten part of the dream, because wherever the subconscious and the conscious come into even momentary contact there is a blank, a gap of forgetfulness.

"Remember" said the serious man "that money is not the only thing to be striven for."

"Maybe not" answered the other "but a whole lot of people think it is and I'm not egotistic enough to try to set any new fashions."

Rub—How long have you been married?

Dub—Long enough to learn that there are some things you can't say with flowers."

## KEN WILLIAMS BACK IN FORM WITH NEW TEAM

Bradenton, Fla., Feb. 29—Kenneth Williams erstwhile home run hitter of the St. Louis Browns who is the off year in "Babe" Ruth's fence busting rolled up a total of nearly 40 circuit blows, made his first appearance in a Boston Red Sox uniform today. Ken drove to camp over the 3800 mile trail from Oregon in 10 days, thus averaging nearly 400 miles a day but he was out on the ball lot as active as if he had made the journey by train.

With Williams were Bryan "Slim" Harriss and one of the new outfielders George Loepp.

These three are the advance guard of the week's arrivals and by tomorrow night all of Bob Quinn's hired men are expected to be in camp. Transportation has been wired to Charley Ruffing and "Red" Rolings' contract has been received at the Fenway Park headquarters in Boston.

### SPORT BRIEFS

The Maroons offer a real obstacle tonight to the Bruins in their efforts to get back the American division lead, which the Rangers wrested from them Sunday for the Montreal team is a tough outfit and has a little party of its own on hand in its efforts to clinch a place in the playoff series in the group above the border.

It is unwise to guess the weight of a letter to determine the amount of postage required. Such guessing often results in "Postage Due," which may cause delay in delivery, and, in the case of business letters, often results in a dissatisfied customer.

**Removes Warts**

"ENGLISHWOMAN" writes to the Montreal Star:  
"I read a letter in your paper asking for a remedy for warts, and as I found one that took an ugly one off the side of my forehead I will give it to you. I had a bottle of Minard's Liniment in the house that I use for rheumatism, and casually reading directions I saw it was a good thing for corns and warts, so being so simple I tried it. Just dab it on with the cork two or three times a day letting it dry on. Well it all went away in about two weeks, dried up and came off by degrees."

"Another also appeared on my cheek not so large, but I applied the same remedy and could pick it off like the other."
