

HEENEY PEOPLE
HEARD FIGHT

Within 11 minutes after reports of Heeney's defeat at the hands of the champion was received from Mr. and Mrs. Heeney.

The traditional spirit of British fair play was emphasized when congratulations to Tunney from the parents of the defeated challenger came over the air from far off Gisborne, New Zealand.

"Tell Tom we're sorry but convey our best wishes to the champion" said the message.

Bob Patty owner of station 2ME in Gisborne stated that during the fight atmospherics were very bad but he had no difficulty in picking up station 2BE of St. Lambert Que. One other radio station was heard on short waves. It was located in the eastern part of the United States but could not be copied owing to its weak signals.

"During the first part of the transmission" Patty stated, I had a little difficulty in locating 2BE but when I did, it was easy work. In all I only missed part of round one. From then on it was simple."

As operator Alex. Reid "broke in" to send the flash of Heeney's defeat he then listened for Patty and as stated above, it just took eleven minutes to link up with Patty. Then at the request of Mr. and Mrs. Heeney the remaining information leading up to the knock out were furnished.

With the Heeneys in far-off Gisborne were several personal friends of Tom and several of the celebrities of the town of Gisborne. At the time of reception there, they had just finished their lunch and it was about 2.00 p. m. Friday. This happened through the difference in time between the two points and the position of the international date line.

From now on both Reid and Patty will keep in closer contact with each other, and there is a possibility that a daily schedule will be arranged rather than the two a week at present in vogue.

WHEN SHOTS ARE PERFECT

I drove a ball into the air
It fell upon the green so fair
And rolled right in the little cup—
'Twas 'bout that time that I woke up.

"Mother dear, how long does the honeymoon last?"
"Until the time that the young wife starts demanding money from her husband."

When the well known irresistible force meets the equally well-known immovable body, the result is usually given in the foot ball summaries as 0-0.
