McTIER FINAL NOV. 4

Fredericton, Oct. 22—The Mont-real English rugby team will play here on Saturday, Nov. 4, against the University of New Brunswick in a game for the McTier Cup, emblematic of the English rugby championship of Eastern Canada.

Our idle wonder for the day is whether you could really trip the light fantastic on the sidewalks of New York without interference.

Another sad agricultural truth, as demonstrated here and there around town, is that you can't plant a flivver and grass on the same lawn.

A COMMITTEE WAS NAMED TO INVESTIGATE THE SARDINE FISHERIES OF BAY OF FUNDY

Toronto, Oct. 22—At a meeting here today of the North American Committee on Fishery Investigation, possible damage to the fisheries from the proposed harnessing of the tides of the Bay of Fundy to provide power was discussed and a committee appointed to investigate. The commission was charged to consider all available facts bearing upon the effect of the proposed dams on the fisheries in the region and to report its findings to the Canadian and American governments.

The committee consists of the Canadian Deputy Minister of Fisheries, the Commissioner of Fisheries of the United States, Dr. H. G. Bigelow, Harvard University, and Dr. A. G. Huntsman of the Biological Board of Canada.

An official statement issued after the meeting said that the committee "gave prominent consideration to the damage that might result from the harnessing of the tides of the Bay of Fundy at St. Andrews-by-the-Sea, New Brunswick."

The Cooper Power project which proposes to dam Passamaquoddy and Cobequid Bays with an area of 135 square miles threatens the most productive sardine herring fishery in the world.

The extraordinary fertilities of the water in the region is considered due to the rich bottom water being brought up to furnish a constant growth of food material for the young herring. The damming of the channels, where the mixing takes place, would so change conditions as to jeopardize the existence of a fishery yielding 100 million pounds annually.

The commission also considered the question of the depletion of the had-

dock fishery and recommended to the governments of the United States and Canada that a thorough investigation be conducted with a view to safeguarding the industry.

More Haddock.

A report on the haddock fishery presented to the meeting by A. W. H. Needler, University of Toronto, revealed a tremendous increase in the total yield, which has almost doubled in the last eight years, being expected this year to reach 200 million pounds.

In the official report of the meeting it was stated that "because of this phenomenal increase the committee considered that serious depletion of the fishery is in sight with lowered yields to the fishermen and decrease in the size of fish, and has urgently recommended thorough investigation with a view to safeguarding the industry."

During the discussion of the haddock fishery, Lewis Radcliffe, Deputy United States Commissioner of Fisheries, said: Through modern methods of refrigeration the haddock of the fishing banks of the Atlantic bids fair to supply the tables of two-thirds of the population of this continent, but what fishery, great thought it may be, can stand such a strain."

The North American committee of fishery investigation consists of fishery officials and scientists and was formed by the government of Canada, the United States, Newfoundland and France to arrange for co-operative investigation of the important international fisheries off the Atlantic coast of the continent, and to prevent needless duplication of effort.

W. A. Found, Canadian Deputy Minister of Fisheries, presided at today's meeting.

FLOUR THIEVES BEING TRIED IN DEVON COURT

(Continued From Page Eight.)

evening of Wednesday, Oct. 17th. The four men, Jesse Stairs, Ernest Stairs, Perley McHatten and Eldon Saunders of Lower Whitefield were arrested some time later by the Provincial police officers Bird and Grey who were notified by the owner of the store of the break. The last three were arrested at the station with one of the bags of flour while the former, Saunders, was arrested at his home in Whitefield the following day. In notifying the police, Mr. Brewer told them that the robbers had entered his cellar and made away with the flour without anyone being aware of it. It was quite a while later before he discovered that the store had been broken into he said.

The trial was commenced yesterday afternoon and several gave evidence including Sergeant John Bird, Constable Vail, Thomas Brewer and his daughter, E. Allison MacKay is defence attorney while C. L. Dougherty is prosecuting in the case.

PAIR OF COLTS WERE SHOT IN QUEENS CO.

Minto, Oct. 22—Carey Hutchins, of Cumberland Bay, appeared before Magistrate Daniel Palmer in the South Minto court recently, charged by Detective Nicholson, with the shooting of two valuable 4-year-old Belgian colts, owned by Robert Weaver of the same place. The colts were standing under some shade trees in their pasture when they were both shot and killed. The accused pleaded guilty and expressed his willingness to pay the owner the full value of the animals. A fine of \$50 was imposed by the magistrate, but was allowed to stand. The motive for the shooting is unknown.

Improving Daily

Kenneth McLaggan, son of Mrs. Kenneth McLaggan of North Devon who was accidentally shot recently while playing with a 22 calibre rifle is slowly recuperating from the effects of his misfortune and his host of friends now look for a rapid recovery.

MINTO MAN WAS ACQUITTED OF ASSAULT CHARGE

(Continued on Page Three.)

Clark was finally apprehended and brought back to this city.

Own Behalf.

There were three witnesses for the prosecution at the court proceedings yesterday afternoon. Walter McNaughton, on whom the assault was alleged to have been directed and William McFarlane and David McDonald, two other employees of the garage. Mr. Clark and his wife were the two who gave evidence in the defendant's behalf. J. B. McNair was counsel for the defendant and W. J. West acted for the crown.

DR. JOHN R. MOTT RETIRES FROM Y.M.C.A. SERVICE

Chicago, Oct. 23—Dr. John R. Mott came to the end of his two score years of service in the ranks of the Y. M. C. A. workers tonight and stepped down from the niche he had filled as general secretary of its National Council for more than a decade.

Dr. Mott resigned to devote his time to the International Missionary Council, of which he is chairman.

The annual report of the foreign division committee of the National Councils of the Y. M. C. A. of the United States and Canada for 1927-28 declared the world's future peace, good will and prosperity were being immeasurably increased by the co-operative service tendered the population of thirty one countries by the division.

Little Margie was unusually silent her mind deep in the realms of fancy. Finally she turned to her mother who was seated on the sofa with a rather sad expression on her face, and asked: "Say mother how did you come to marry papa?" Margie's mother looked at her daughter with a wistful smile and replied "My dear child is that beginning to astonish you too?"

Things that might have been—eyebrows.

DEER KILLED BY A MOTORIST NEAR DIGBY

Digby, N. S., Oct. 22—An automobile accident that cost the life of a speeding deer and narrowly missed killing two occupants of the car occurred last night on Seawall Hill in Rossway.

The car, driven by Maynard Robicheau, of Rossway and with one passenger was going toward home and had just turned a curve on the hill when a deer suddenly appeared out of the bushes and dashed across the road directly in front of the approaching automobile.

The car struck the deer, hurled the animal to the ditch and swerved to one side, almost turning over.

3 YEARS IN THE PENITENTIARY

Halifax, Oct. 22—J. Colin MacIntosh, convicted of manslaughter following the death of Miss Elizabeth Nicholson who was run down by an automobile on the St. Margaret's Bay road, Aug. 6, was sentenced today to three years' imprisonment in Dorchester penitentiary. In finding MacIntosh guilty of manslaughter the jury recommended mercy.

W. E. SCULLY MAY BE SENT TO IRELAND

Ottawa, Ont. Oct. 23—The Journal today published the following news story:

"While official circles in Ottawa state that as yet there is no action contemplated in regard to the exchange of representatives between Canada and the Irish Free State it is understood such action will be under consideration upon the return of Premier King to Canada."

The Journal says among the names suggested as Canada's representative in Dublin are T. D'Arcy McGee of Ottawa, Baron Shaughnessy of Montreal; W. E. Scully of Saint John, N. B.; Edward Hume Blake of Toronto and Patrick Burns of Calgary.

Archbishop Casey Here

His Grace Archbishop Casey of Vancouver, B. C., arrived in the city by auto from St. John last evening and is the guest of Very Rev. Dean Carney. He is being warmly welcomed by many old friends. His Grace will return to St. John tomorrow.

STUDENT DIES AFTER TAKING DOSE OF RUBBY

Wolfville, N. S., Oct. 22—A short funeral service was held here to night for Bruce McDonald, 19, of Campbellton, N. B., a senior student at Horton Academy who died this morning in a local hospital as a result of drinking rubbing alcohol which he took to be wintergreen. He was the youngest son of Mrs. Frances McDonald, of Campbellton. The body will be taken to his home tomorrow morning by Dr. W. L. Archibald.

McDonald on his way home from church last night with three other lads of about his own age, drank a quantity of the contents of a bottle stumbled over by one of his companions near the gymnasium. The lads opened the bottle and one of them remarked that it contained wintergreen. McDonald raised the bottle to his lips and swallowed some of the liquid.

SHOOTING OF COW MOOSE BEING PROBED

Shediac, Oct. 22—County Game Warden Chapman, of Port Elgin, and the provincial police are investigating the shooting of a cow moose and calf near the highway leading from the Chatham post road at Shediac to St. Philip (Wisner Settlement) at a point two miles west of Bateman's Mills, about seven miles northwest of Shediac, on Friday. The carcasses were confiscated by the government.

A resident of the St. Philip district was taken before Magistrate C. Avaré White in the Shediac police court late Saturday night, but as the evidence indicated his innocence, he was released.

The killing of either a cow moose or calf moose is a serious offence and the penalty provided by law is a heavy one.

Late Mrs. J. J. Colter

The remains of the late Mrs. J. J. Colter, formerly of this city, who passed away at her home in Boston recently, will arrive in Fredericton tomorrow at noon and will be taken to the Wilmet United church where service will be held at three o'clock. Rev. F. H. Holmes will conduct the service and interment will be made in the Rural cemetery.

Rev. Father Murphy of Fairville is among the visitors to the city today.

GLOWING WARMTH FOR AUTUMN DAYS

An electric space heater puts off furnace tending! Save that coal pile for colder days—Instantly on and instantly off it provides cheery, cozy comfort without smoke, dirt or bother—In winter it gives plus heat for bitter cold mornings when the furnace is too slow for comfort.
