Trans-Atlantic Fliers Left Greenley Island at 7.45 a. m.

Abandoned The Bremen and Set Out in a Ford Tri-Motored Plane—Their Destination is Uncertain But They Are Expected to Reach St. Agnes Between Four and Five O'clock This Afternoon.

(Special to The Daily Mail by the British United Press.)

Montreal, Quebec, April 26—Leaving behind them the Junkers plane Bremen which carried them from Ireland to Greenely Island, the German-Irish fliers, flew from the Island today in the Ford Tri-Motored relief plane, piloted by Bert Balchen.

The plane took off at 7.45 a. m. The first word was that they were bound direct for Quebec, but soon afterward, according to Carl Wenzel, Ford Mechanic at Lake St. Agnes, word was received at the St. Agnes airdrome that the fliers would make St. Agnes the first stop. Wenzel estimated the Ford plane should reach St. Agnes between four and five o'clock p. m.

Destination Unknown.

Montreal, Quebec, April 26—The tri-motored Ford relief plane left Greenely Island at 7.45 a. m. today, bringing Baron Huenfeld, Capt. Koehl and Major FitzMaurice southwestward towards Murray Bay. The destination of the plane which was piloted by Bert Balchen, was not definitely known here at the time of its departure.

EDITOR BOY OF MONCTON WAS HONORED

Moncton, April 25—Upwards of 200 people representative of the public life of Moncton gathered at a local hotel tonight to honor J. Sutton Boyd, editor-in-chief of The Moncton Daily Times, on the occasion of his 70th birthday which also coincided with his 56th anniversary as a member of the staff of The Times. A feature of the evening was the presentation of a purse of gold to the veteran journalist.

Captain J. E. Masters presided and following a sumptuous dinner the toast to the King was observed in the usual way, after which J. T. Ryan proposed the toast to "Our City" which was responded to by Mayor Budd A. Taylor and Alderman R. A. Frechet. The toast to the press was proposed by A. C. Chapman and responded to by O. L. Barbour and A. N. Roy.

Dr. L. M. Bourque one of the oldest practising physicians in the city proposed a toast to the Canadian National Railways responded to by Hon. Ivan C. Rand, K. C., regional counsel.

The concluding toast of the evening was "Our Guest" proposed by J. Fred Edgett and responded to by Mr. Boyd.

At the close of the evening Matthew Lodge, director of the C. N. R., on behalf of those present presented Mr. Boyd with a purse of gold, congratulating him on his double anniversary, and expressing a wish that he would be long spared to fill the editorial chair of the Times.

School Examinations.

The semi-final examinations of the Provincial Normal School commence today and will continue until tomorrow night. The University also is holding special examinations this week, previous to the regular final tests to commence next week. The Fredericton Business College are also preparing for their final examinations which are to take place in the near future.

TEACHERS IN ALASKA GIVEN RADIO SERVICE

Teachers in the Government schools of Alaska are no longer cut off from communication with the world at large during the long winter months when the seas and rivers are frozen. A Seattle radio station, KOMO, has recently granted free use of the station for fifteen minutes one evening each week to broadcast news to the workers in Alaska.

Taking advantage of this liberal offer, Jonathan H. Wagner, chief of the Bureau of Education of the United States Department of the Interior, with headquarters at Seattle, Wash., has, with the approval of the Federal Commissioner of Education, inaugurated a series of weekly educational programmes, which will reach 250 teachers, doctors, and nurses in the ninety schools and the hospitals in Alaska.

To many settlements the annual visit of the Bureau's vessel, the Boxer, furnished their only means of communication with the rest of the world, but now the radio brings them into instantaneous relations with the mainland and secures for them many professional and recreational advantages.

LABOR MEMBER READY TO STUDY PRISONS INSIDE

London, April 26—A Labor member of Parliament has offered to serve six months in prison in order to make himself really efficient. W. Wright, representing the Rutherglen Division of Lanark, while discussing prison administration in Scotland, astounded his fellow committee members by this proposal, which, he said, had a precedent in America, "where a state Governor once spent two whole years in jail in order to study prison problems at first hand."

The committee members failed to follow up Mr. Wright's offer.

QUEEN MARY EMULATES HER PREDECESSOR

London, April 26—In the sixteenth century, according to the legend, Sir Walter Raleigh spread his cloak over a mud puddle so that Queen Elizabeth might walk across it without soiling her shoes. The twentieth century the other day furnished its rather pale analogy to his gallantry at the Royal Amateur Society's exhibition. One of the exhibits was a mat of colored wool woven by Major Cyril Davenport and bearing his family crest. Noticing that Queen Mary was looking with interest at his work, Major Davenport approached and said:

"I should be very proud if your majesty would wipe her shoes upon it."

The Queen, as the London papers say, graciously consented.

THE JURY GAVE NEHEMIAH HUDLIN THE BENEFIT OF THE DOUBT AND ACQUITTED HIM

Verdict of Not Guilty Returned After a Little More Than an Hour's Deliberation—The Defence Called No Witnesses—Addresses of Counsel Were Brief—Samuel Hudlin Remanded Until the May Term of the Court.

After a trial lasting three days Nehemiah Hudlin of Lakeville Corner was acquitted yesterday afternoon by a jury of his peers on a charge of murdering Russell P. Hayward, a member of the provincial police force near Ripples in November last. The jury of which Harry Finmore was foreman, returned a verdict after an hour and a quarter's deliberation. Quite naturally, it created considerable surprise, although it was quite apparent to all who had followed the case that the evidence was entirely circumstantial. There was some doubt as to the guilt of the prisoner and the jury seems to have given him the benefit of it in full measure. Samuel Hudlin, who was indicted along with his brother, and who was to have been tried this week, was remanded to jail until the regular term of the court which opens on May 22nd. Mr. F. H. Peters, counsel for the accused, stated today that he had not yet decided whether or not he would make application for bail.

Called No Witnesses.

When the court resumed at 1.30 o'clock yesterday afternoon, Mr. P. J. Hughes, K. C., counsel for the prisoner stated that he would call no witnesses. It was agreed that Attorney General Baxter, counsel for the prosecution should first address the jury and have the right to reply to Mr. Hughes. The Attorney General spoke for little more than half an hour, reviewing the evidence and pressing for a conviction. Mr. Hughes spoke for an hour in reply, making a strong plea for the acquittal of the accused. The Attorney General in reply spoke forty minutes.

Following the judge's charge, the jury retired at 4.20 o'clock, and in little more than an hour returned to court and announced a verdict of not guilty. It was evident that the jurors had their minds pretty well made up before leaving the court room.

The Attorney General.

Attorney-General Baxter in his address reviewed the circumstances of the case from the time Constable Frank B. Wood placed Hudlin under arrest for assault on Parker McLean, but Hudlin seized his rifle and escaped. The day Hayward was killed, he said, Hudlin was known to have a rifle in his possession. Late Viscount Cave Confessed a Mistake In Recent Judgement

The Matter Precipitated a Sensational Discussion and Angry Scene in the House of Lords—Wrote Premier Baldwin That Decision in Favor of Irish Civil Servants Was Wrong.

(By Herbert Bailey, British United Press Staff Correspondent)

London, April 26—The dying confession of Viscount Cave that he made a mistake in a judgment given by the privy council was revealed today during a sensational discussion and angry unprecedented scene in the House of Lords.

Lord Haldane also admitted that he had made a mistake, while Lord Birkenhead declared that within twenty-four hours of Viscount Cave's death the latter wrote to Premier Baldwin authorizing him to state that the Privy Council's decision which was rendered in favor of certain Irish civil servants, formerly in the employ of the British Government but who had been transferred to the Irish Free State government, was wrong.

DISCOURAGE BREACH OF PROMISE SUITS

London, April 26—The breach of promise suit, so useful for many decades to aggrieved English widows and spinsters, is rapidly losing its popularity in this country.

With increasing economic and social independence of women, English judges and juries are reluctant to award money damages to the jilted complainant. Even where the verdict is for the complaining woman, the jury frequently measures its estimate of harm done by granting just enough indemnity to buy a spring bonnet.

Modern English courts, dismissing the sentimental plea, are considering breach suits merely as broken civil contracts.

A distinguished judge's declaration that a breach of promise suit is a confession of women's inferiority possibly has checked the courtward rush.

NEW COMPANIES ORGANIZED AT MONCTON

Notice appears in the Royal Gazette of the incorporation of Charles Gurd & Company (Maritime), Limited, with an authorized capitalization of \$150.

The company is to take over the business now carried on at Saint John, under the name of Blue Ribbon Beverage Co., and will carry on business as manufacturers and bottlers and dealers in ginger ale, soda water and all kinds of beverages. The incorporators are Charles Gurd, Walter R. Gurd, and Alexander McAulay Murphy of Montreal and, Freeman W. Hamm, of Saint John.

Moncton Milling Company, Limited has been incorporated with an authorized capitalization of \$24,000 to take over the business and property of the Fawcett Milling Company, Limited, situated at the corner of Lutz street and the Wharf Track, in the City of Moncton, and to carry out a milling business. The incorporators are Robert T. Gibson and Isaac B. Gibson, of Halifax, N. S., and Emma F. Smith of Truro N. S.

RALLY NIGHT FOR THE C. G. I. T. WAS A SUCCESS

Splendid Program Carried Out at the Fraser Memorial Hall by Representatives of Five Churches.

In connection with Demonstration Week of the Canadian Girls in Training, which is taking place in Fredericton the present week, under the supervision of the Girls' Work Board, last night was celebrated as Rally Night and special activities took place in the Fraser Memorial Hall. Five churches took part in the program; Brunswick Street Baptist, St. Andrew's, Christchurch Cathedral, Wilmet United, and St. Paul's United. The two competition events on the program were won by the Brunswick Street Baptist groups. Mrs. G. A. McVey acted as chairman of the program at the conclusion of which the girls taking part were entertained to a treat of ice cream and cake by the Girls' Work Board.

The Senior groups of the C. G. I. T. put on a missionary play, the prize at stake being a beautiful banner, donated by the Girls' Work Board of this city, and won by the Brunswick Street group. A lovely silver cup was the prize given the Intermediate age group competition, called Shadow Song. This cup was donated by the chairman of the meeting Mrs. C. A. McVey.

Following is the list of judges of the two competing events for Senior and Intermediate groups of the C. G. I. T. In the first event, Mrs. A. L. Gerow, Miss Lawrence, and Mrs. Wilson. In the later event, Miss Louise Kinghorn, Mrs. G. C. Warren and Mrs. Neva Bueley Inch.

On Sunday, Demonstration Week will be closed with special services for the C. G. I. T. groups in the various churches of the city. The girls will march in a body to their own church, where the final activities will occur. Demonstration Week was formerly held on the week of 11th to 18th; but due to the proximity of the examinations this year, it was thought best to hold this event first in order to avoid difficulties which thus would be created.

Arrived Home Today

Dr. and Mrs. B. C. Foster, who spent the winter in Los Angeles, Calif., arrived home on the noon train today from Montreal, where they spent a few days before leaving for Fredericton.
