Laying Corner Stone New Cold Storage Warehouse at Halifax By Sir Henry Thornton, K.B.E., President and Chairman, Canadian National Railways

Sir Henry declared that the provision of this much needed facility was an object lesson to the people of the Maritimes of the value of co-operative effort, it being the result of the joint efforts of the Federal Government, the City of Halifax, private enterprise and the Canadian National Railways. It will assist materially in the marketing and

export of the agricultural and other like products of the Maritime Provinces and the rest of Canada particularly in and to the West Indies and Bermuda for which service the Canadian National steamships are providing five new steamers the first of which will go into service the beginning of the coming season.

ESCAPE

Run, leaves, before the west wind,
run,

Gone are the days of June
Beauty is out of tune
Cold is the sky.

Fly, leaves, before the white snow

fly

Huddle in crumpled flocks
While every maple rocks
Drunk with the wind.

Hide, leaves, in your pale fear hide
Winter is coming on
Even the sun is gone,
Gray is the sky.

Crouch on their blackened knees
Mumbling with cold.

Hear, leaves, in your brown flight
hear
Winds from the rigid North
Blowing their voices forth
Into the day.

Fly leaves, in your sere flight, fly
See how the trembling trees

Fly, leaves, behind the North wind
fly,

Gone are my mellow dreams
Even November seems
Dark with despair.

—PEGGY REID in Detroit News.

POTS and PANS are used

in the canning season faster than a housewife can clean them. This is extra work, for all the cooking utensils used in preparation of the day's three meals must be washed too.

A modern kitchen sink with hot and cold running water connections makes the canning season easier for the housewife.

Set 36 in. high, it prevents back strain. More than half the work in the kitchen can be done at this sanitary "work-bench". They're easy to clean and keep clean. Call at our store for more particulars.

DRY CLEANING

We have the latest improved equipment for this work including a GLOVER CONTINUOUS FLOW SYSTEM which removes all grease and dirt from your garments and cleans linings, pockets, etc., perfectly, and leaves the fabric in the same condition as when new. Our new deodorizer removes the last trace of odor and the garments are returned to you immaculate. A trial will convince the most skeptical that we can deliver the goods.
