

LITTLE DAMAGE  
IN HALLOWE'EN  
NIGHT ACTIONS

Crowds of People on the Main Street Bedecked in Original Costumes for Occasion — Damage Very Slight.

Hallowe'en Night, with its attendant festivities and harmless fun among the young and old folks alike, passed off with no serious results in the city of Fredericton. Though the evening was the occasion of more celebration than perhaps for a number of years, there were no diabolical offences committed and from all appearances no reason to raise the hands dramatically and exclaim, "What is this world coming to!" As far as can be learned the merry-makers conducted themselves properly and within bounds.

Paraded Streets.

The younger people dressed up in all manners of costumes and strutted about the streets, ringing doorbells, begging for candy and apples and upon being refused, would invariably come back with the answer, "Apples, Cakes and Candy, or —". The main street was crowded with people, who paraded up and down until a late hour. The garments worn were amusing and some of them grotesque in their originality. All the small stores in the back streets as well as those on front street were besieged by dirty faced, masked youngsters begging for candy and other eatables.

Little Damage.

As in other years the event didn't pass without some damage being done. But a survey reveals that the majority of the pranks played were of a minor character and the removing of doorsteps, pulling down of clothes lines and painting fences and sides of houses has come to be an expected part of festivities by the more tolerant citizens. A couple of extra police officers were on duty last night to aid the regular force should there be any call for quick action but there was no such action needed. Altogether the annual event is becoming more and more an occasion for mere harmless fun with a minimum of the property damaging inclinations, so prevalent not many years ago.

SCHOOL BOARD  
HELD REGULAR  
MEETING

Good Deal of Routine Business — Members of Board All Present — Fever Cases in the Schools Dealt With.

The regular monthly meeting of the Board of School Trustees was held last evening with the full board present, and considerable routine business transacted. The members present were: Dr. G. C. VanWart, Dr. Crockett, W. G. Quinn, R. B. VanDine, H. S. Campbell, Hon. C. D. Richards and Mrs. W. G. Clark. The secretary's report showed that the attendance except in a few departments was good. There were a few cases of impetigo and scarlet fever in the schools and these had been promptly dealt with by the Board of Health. The number of permits issued during the month was nineteen; the majority of which were given to pupils from families who had moved into the city. The secretary reported that he had received tenders for the supply of wood for Morrison Mill's School and the contract had been awarded to T. D. Blizzard whose tender had been lowest.

HAS BOUGHT A  
SALMON POOL  
ON MIRAMICHI

H. S. Snyder, an American Millionaire, Secures the Rocky Bend and Tract of Land for Fishing Lodge.

An important transfer of riparian fishing rights on the South-west Miramichi, which will likely be followed by the construction of an elaborate sporting lodge on that river, was consummated here this week, when Mr. William T. Griffin of Cross Creek, acting on behalf of Mr. H. S. Snyder of Bethlehem, Pa., and his son, Mr. John S. Snyder of New York, purchased from Col. T. G. Loggie of this city the famous Rocky Bend pool. The purchase carried with it one hundred and twenty acres of woodland on the north side of the river. The Rocky Bend pool is located twelve miles above Hayes' bar and seven miles below Burnt Hill pool, formerly owned by the late Mr. Joseph Jefferson of Rip Winkle fame and now the property of Dr. Chase of Boston, Mass. It is regarded as a good salmon water and will be much better should the time ever come when fishery officers with the inclination to put
