

# High School and City Team In Final Rugby Skirmishes

**Yellow and Black Squad to Rothesay for Final With St. John—Winner Will Meet Vocational School, St. John on Saturday—Coach Cass is Optimistic of Provincial Title—City Team Preparing For Their Week-end Double Bill With the St. John Trojans—Will See Close of Provincial Rugby League—Football Season Wanes in the Maritimes.**

The final scenes of football a fast fading season in the capital city will be enacted on the closing days of this week and on Thanksgiving Day. With the University of New Brunswick fifteen out of training for the season, but two teams top the horizon in a final flare of rugby before the colder season sets in on the staid old provincial capital. Fredericton High School and the City team are the two pigskin warriors who are battling for Provincial football supremacy previous to the final fade-out of a rather jumbled season for city teams.

**High School**  
Coach Egbert Cass will lead his troops of rugbyists the Yellow and Black against the St. John brigade tomorrow afternoon at Rothesay and the outcome of this final and deciding game of the western section interscholastic Rugby league will be important. The winner of this engagement will lay siege to the only other fortress this side of a provincial championship, when they meet the Vocational School team of St. John on Saturday in the final New Brunswick playdown. And it is sincerely hoped by supporters in this city that the Yellow and Black boys can win tomorrow and also have enough left over to deluge the Vocational team on Saturday.

## City Team Ready

The Provincial Rugby League also will see finis marked to its season by the playoff between Fredericton City and the Trojans of St. John. The two clubs, only survivors in the league, will play home and home games to decide the championship of the province. The first game will be played at College Field here on Saturday and on the following Monday, Thanksgiving Day, the two teams will clash at St. John in the final. Total score counts and the team which romps off with the majority of points in both tussles will be conceded the championship with all its attendant honors, banquets, etc.

Both local teams claim to be ready for the supreme tests. Though each has suffered by injuries, the majority of the ailing ones have recovered at least enough to allow them to play and it is expected that the teams will be at full strength, in point of numbers for their week end gridiron struggles. Fans here look for the High School to clean up at St. John; but there is some doubt as to the city team's ability to mop up the ground with the southern contender. The supporters of both teams are carrying optimistic grins, which may or may not be a good sign.

## TOMMY IS TRAINING HARD

North Bay, Ont. Nov. 9—Tommy Loughran, leading contender for Gene Tunney's crown is following in the footsteps of Gene by establishing a training camp in the North Land. Tunney spent a winter and summer in a lumber camp at Kiosk on the C. N. R. 40 miles east of this city, prior to his victorious campaign for the championship of the world. Loughran is going to follow the same road, and will fit up a camp at Antoine creek, near Mattawa. Philip Lamothe, of Mattawa, has completed the arrangement at this end, and it is expected that the Loughran party will leave tonight for the North, and the camp will be in full swing by next week.

## EFFORTS MADE TO ARRANGE FOR PLAYOFF DATES

Sackville, Nov. 8—An effort on the part of the Mount Allison football team, intercollegiate champions of the Maritime Provinces to arrange a playoff with Caledonia for Thanksgiving Day, winners of the Cape Breton League had not succeeded late tonight. Manager McElroy wired the Caledonians this morning asking them to play off on Monday but received advice that the team was playing an exhibition game with Dalhousie at Glace Bay on that day.

If the Mounties do not meet the Cape Breton champs on Monday it will probably mean that the semifinal between these fifteen will be abandoned, as Dr. Boyle president of the Maritime Rugby Union has directed that unless the game is played, a draw shall be held to decide the two teams to play first. Besides the Caledonia and Mt. A. teams, the winners of the Halifax City League will be in the draw. It had formerly been intended to have the Halifax team enter the final automatically. The Mounties returned home last night from Truro, where they defeated St. Francis Xavier. They came through the game in a great shape not a player being hurt. Matheson and Chown the team cripples played wonderful football and appear to be back in the pink of condition.

Somebody who has studied the subject says: "Mental work can most effectively be done while lying down." If we had any mental work to do we might give the idea a trial.

Throwing Bob Ryder's well known theme into reverse sometimes we go to bed at night feeling like a foregone conclusion and get up in the morning feeling like a forlorn hope.

"Ah suppose she meant he was old enough to know what he was doing," replied Mrs. Jobe. Mrs. Jobe claims they had words and that Mrs. Crump, who is rather stout and slow of action, swung the tea kettle. Mrs. Jobe exhibited scalds on her face and arm.

Mrs. Crump's story was to the effect that the enraged wife on finding her husband there, picked up a beer bottle and threw it at her. Mrs. Crump said she ducked and the bottle landed in the bath tub. Mrs. Crump admitted she grabbed the kettle to protect herself and was also scalded.

"What was Jobe doing there with his shoes off?" questioned the court. "Jus' restin' his feet," replied Mrs. Crump.

"What time was this affair?" asked the judge.

"Ah don't know, ah haven't any clock," replied the woman. Judge Lamson decided it was a 50-50 quarrel and dismissed the case.

## THE VIEWS OF HOOVER ON MANY ISSUES

New York, Nov. 7—How Herbert Hoover stood on various issues raised during the presidential campaign is shown in the following extracts:

**Waterways:**  
"This comprehensive system (the St. Lawrence and Mississippi waterway schemes) will not reach full usefulness until it is complete and interconnected. And it is for that reason I think it should be completed at the earliest possible moment."—St. Louis, Missouri, Nov. 2.

**Government in business:**  
"Government in business. . . . would destroy political equality. It would increase rather than decrease political corruption."—New York, Oct. 22.

**Prosperity:**  
"Prosperity is no idle expression. It is a job for every worker; it is the safety and the safeguard of every home and every business!"—New York, Oct. 22.

## WIFE TRAILS THAT MAN

Buffalo, N. Y., Nov. 7—Mrs. Hattie Jobe, a negro of 256 Monroe street, missed her husband and suspecting where he might be, she went to the house of Mrs. Mary Crump, also a negro, of 156 Hickory street. Sure enough, Jobe was there. She asked him to return home with her, but he refused, accusing her of hitting the bottle.

Then Mrs. Jobe pleaded with Mrs. Crump, as one married woman to another.

"He's grown," was the only satisfaction she received.

"What did she mean by that?" asked Judge Lamson, when Mrs. Crump was arranged before him in city court, charged with assaulting Mrs. Jobe.
