

YOUNG PEOPLES' COMMUNITY SHOW A BIG SUCCESS

Splendid Program Was Carried Out at the Opera House Last Night Before a Large Audience.

The Young Peoples' Community Show put on at the Opera House last evening under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Todd and His Worship the Mayor and Mrs. Clark, proved to be a decided success and each number was well rendered by all those taking part in the program. The main feature of the evening was the one-act playlet, "Pocahontas," by Sir Robert Baden Powell. The youthful cast gave splendid interpretations of their respective characters and received rounds of applause.

Another feature of the program was the Patriot Review, a pageant of color, displaying sixty-five young people dressed in various brilliant costumes and colorings, which showed to dazzling effect. Displayed in operatic manner, the song and recitation numbers were received by the large audience with loud applause. The High School Orchestra was present and rendered several selections during the evening.

The program opened with a musical overture by the High School orchestra. A Snake Dance and Grand Howl by the Wolf Cubs followed; The Trail Rangers of the Brunswick Street Baptist Church gave a demonstration of games, which was followed by a demonstration of rope-knotting by the Cathedral Troop of Boy Scouts. The opening part of the program was concluded by musical bar-bell exercises and box-horse gymnastics by the High School Girls and St. Paul's Tuxboys, respectively.

Among those who participated in the excellent program with great credit to themselves were: Miss Annie Sypher, Harold Kirkpatrick, Pat Gunter, John Stephens, Wayne Bebbington, Hilda Shorten VanBuren Riddell, Manton Watson, Stewart Sypher, Margaret Guthrie, Charlie Bolder and Kenneth Holder. The performance will be repeated this evening and tomorrow.

COMMERCIAL MEN MOTORED FROM AMHERST

Messrs. T. J. Burke and C. J. Allen at Windsor Hall After a Record Breaking Automobile Trip.

Messrs. T. J. Burke and C. J. Allen, well known commercial men are at the Windsor today after having completed a motor trip from Amherst, N. S., thus hanging up another record. They left the Nova Scotia border town on Tuesday but stopped over at several places on the way and did not reach here until last night. From here they plan to motor to Perth, and it is their intention to make the trip back to Amherst by car. To make a mid-winter motor trip from Amherst to Fredericton is a remarkable achievement, and of course the proverbial "oldest inhabitant" is unable to recall anything that holds a candle to it.

Messrs. Burke and Allen travelled in a closed car and declare that they made the trip in comfort, in fact they were much more comfortable than would have been the case had they been travelling by horse and sleigh. There is very little snow in the southern and eastern parts of the province and they were able to move along at a smart clip most of the time.

A Remarkable Winter.

The present winter has been one of the most remarkable within the memory of living man. There has not been a day since the first of November that motor cars have not been on the move, in all sections of the province. An old time politician in discussing weather conditions last night, was heard to remark, "What a great winter this would have been for a political campaign."

Progressing Favorably

Friends and relatives of Fire Chief Roy Smith, will be glad to learn that he is progressing favorably at the Victoria Hospital, he having been operated upon successfully Wednesday night for appendicitis, and came out of the operation successfully. He spent a very comfortable night and this morning was in a much improved condition.

NEW SERVICE STATION WILL BE ERECTED

Will Be Located on Government Lane Opposite the Tourist Camping Grounds. Rush of Tourists Looked For.

Mr. Claude McDonald and his son, Mr. E. O. McDonald, music dealer, have purchased a lot of land on Government Lane, nearly opposite the Tourist Camping grounds and will immediately begin the erection thereon of a modern service station. They are also considering the advisability of erecting on the lot a number of small bungalow camps for the accommodation of tourists.

Mr. E. O. McDonald ran the Tims Service Station in the west end last season, but it was lately purchased by the Imperial Oil Company and will be operated this coming season by the Smith Foundry Company.

There will be two if not three new service stations in Fredericton next season and all will likely be kept very busy. Last year Fredericton had the greatest influx of tourists in its history but as a citizen interested in tourist travel put it recently: "Wait until you see us next year." Many thousands of pleasure seekers in the United States are just beginning to find out that there is such a place as New Brunswick on the map. The growth of tourist travel means among other things more garages and service stations and increased revenues from the gasoline tax.

Condition Still Critical

The condition of Rev. E. J. Conway, who is critically ill at his home in Devon, remains the same today, no change being reported in his condition this afternoon. His parents, Mr. and Mrs. Thos. Conway and two brothers have arrived at his bedside; William of Moncton and Michael of Montreal. The younger brother, Dr. C. J. Conway, of Baltimore will probably arrive tomorrow.

H. A. Brown of St. John is among the Barker House guests today.
