KING WINTER INVADES THE ROCKY MOUNTAIN TERRITORY; RAIN IN NORTHERN ONTARIO

Denver, Colo., Oct. 16—Winter made a flying assault on the middle and southern Rocky Mountain range states today, spreading a thick mantle of snow over the area as the season's first storm was driven down from the northern states of Montana and Wyoming by rising temperatures and sunny skies.

The greater part of Colorado was blanketed in white, moving swiftly from the north, where it left one man dead and hampered air, rail and motor transportation. The storm belted the Colorado Mountain and plain areas and made itself felt in northern New Mexico and adjoining states.

On the crest of Pike's Peak near Colorado Springs, more than 14,000 feet above sea level, three persons were left stranded by the elements. A storm enveloped the peak and the little party found itself unable to penetrate the huge snowdrifts.

They were safely housed at the Summit House at the peak tonight awaiting a cog-train to take them to safety. Four other motorists were marooned at Glen Cove, about mid-way up the mountain on the automobile road, where sixteen inches of snow made the highway impassable.

In Wyoming, Joe Miller, 65, a shepherd, was frozen to death. Air mail planes resumed their flights in Wyoming today after having been delayed

in some instances as long as four days.

Ontario Has Rain.

Toronto, Oct. 16—Reports received by the Ontario government show that the whole of northern Ontario is suffering from what is termed a "false spring." Roads are covered in many places with standing waters, streams are high on account of the abnormal rainfall and many acres of crops remain unharvested. Road work has been interfered with and many contracts will not be completed until spring. Conditions are reported bad to the western boundary of the province and for an indefinite distance north.

George S. Matthews, Brantford, Ont., a member of the Northern Ontario Relief Commission, reported here today that farmers were hoping for frost which would at least enable them to save some hay. "You can see miles of grain uncut," he said.

River Higher.

Ottawa, Oct. 16—While serious flooding has not so far resulted, the level of the Ottawa River has been raised here by more than five feet due to the excessive rainfall of recent weeks. Measurements taken at the Rideau Locks here today showed that the river had been swelled to a depth of fifteen feet. On the same day last year the level was nine feet, seven inches.

DRIVE FOR FUNDS BY BOY SCOUTS IN THIS CITY

(Continued From Page Eight.)

seven boys with a patrol leader. A Boy Scout sentry is posted on the camp from 8.30 o'clock in the morning until 5.30 o'clock in the afternoon each day during the campaign. The campaign lasts for three days. Reliefs are effected every hour, thus the whole patrol is engaged in the work. Boy Scouts from all the troops in the city participate in the flag raising and prayers at 8.30 o'clock and similar exercises at 5.30 o'clock in the afternoon.

Sleeping Tent.

The Bell tent sleeping quarters for a patrol are easily seen from the street and the shelter for dining is also on the grounds. The camp kitchen is composed of stoves, coat hangers, shoes, socks, cups, plates and knives and forks, etc.

The scheme of the drive for funds is in the nature of a canvass and 46 boys, all Scouts, will pass around to the houses in the city with their pleas for subscriptions for carrying on the scout work.

MARYSVILLE MEN ARRESTED FOR DAMAGE

Clair Saunders and Albert Osborne two Marysville men were arrested yesterday afternoon by the Provincial Police and lodged in the police station here, when a warrant was issued against them by a resident of Marysville charging them with damaging real property. It appears that the owner of the house had gotten into an argument with the two men and they had retaliated by throwing stones through the windows of the house and doing other damage. The former is an elderly man while the other man is considerably younger being about twenty years of age.

Remanded Till Monday.

The two prisoners appeared before Police Magistrate Limerick this morning and without hearing they were remanded until Monday morning when the case will be heard. The arrest of the two was effected by Sergeant John Bird of the Provincial Police yesterday afternoon at about four o'clock. Sergeant Bird acted in response to a telephone call from city Marshal Harry Arnold of Marysville.

Mussolini seems to be a disciple of the doctrine "if you want a thing done, do it yourself." No wonder Mussolini is a busy man; he does it all.

SCHOOL BOOK SITUATION IS BEING ADJUSTED

(Continued From Page Eight.)

Spoke at Saint John.

Dr. W. S. Carter, chief superintendent of education in the province, who was in Saint John yesterday corroborated these facts in a brief talk and supplemented with an explanation of the recent shortage in books which caused no little comment throughout the Province of New Brunswick. Dr. Carter stated that the reason for the shortage was due to the failure of the publishers to stock a sufficient supply. In concluding he said that affairs were now coming around all right and it would not be a great while before matters would be in their proper adjustment.

While in Saint John, the chief superintendent of education attended the meeting of the New Brunswick Provincial Red Cross executive and he spoke of advance work in the Junior Red Cross field. Dr. Carter, who is on a general inspection tour of the southern counties, will attend the Teachers' Institute for Kings and Queens counties which are to be held in Sussex on Thursday and Friday of this week.

Married Today

A very charming wedding took place this afternoon at the Christ-church Parish church when Miss Myra Elizabeth Charters daughter of Mr. and Mrs. Harry Charters of New Maryland, York County, was united in marriage to Harry Miles McNeill, popular member of the local police force. The wedding ceremony was performed by Rev. A. B. Bate at 2.30 o'clock and was witnessed by friends and relatives. The bride was given away by her father and looked very charming in her travelling costume. The couple were unattended and will reside in this city following their honeymoon.

Nickel Takes a Spurt

International Nickel Stock which has been one of the leaders on the Montreal Stock Exchange for several weeks, shot up to 159½ this morning on a heavy overturn. Several local magnates who sold out when the stock was selling around 148, gracefully climbed on board again this morning on receipt of a tip that another upward movement was due. Brazilian sold this morning up to 64½.

In an eight-room house, with a family of six, where would be the best place to begin to look for Willy's tennis racket?

Mr. and Mrs. David A. Laurie of Hamilton, Ont., are in the city today.

Headaches may be swiftly and safely relieved by an Aspirin tablet. A most efficient remedy, and there's no after effect; its use avoids much needless suffering. Try it next time; see how soon its soothing influence is felt. Just as helpful when you have a cold; neuralgia, neuritis, rheumatism, lumbago. Just be certain you get real Aspirin—the genuine has Bayer on the box, and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

REBELS FACE FIRING SQUAD IN MEXICO

(Special to the Daily Mail by the British United Press)

Mexico City, Oct. 17—Five rebel leaders all of whom were captured after being wounded several months ago, were executed just at dawn on Tuesday by Federal troops, it became known today.

The executions were in San Luis Potosi and brief dispatches today contained information concerning the Federal action.

Some of the new crop of Broadway dramas are said to have all the embellishments of the old-fashioned literary stable but a horse.

VERY OLD TREE WAS FELLED BY HIGH WIND

London, Oct. 17—An elm tree, thought to be more than 250 years old, crashed across the roadway recently in Hyde Park, just opposite the Royal Humane Society's building.

The fall was caused by a sudden gust of wind. The tree broke off about 10 feet from the ground, but there was no one near at the time.

The tree was some seven feet in diameter and 22 feet in circumference.

A girl's seeming unconsciousness concerning her bit of a dress shows the influence of mind over very little matter.

NOTICE TO ELECTORS

The revisors will meet at the City Hall on the 22nd, 23rd and 24th of October, 1928, between the hours of 3 p. m. and 5 p. m. and 7 p. m. and 9 p. m. for the purpose of revising the Voters' List. Any person claiming to add to or strike off from the list must give notice thereof with the ground of addition (or with the cause of objection as the case may be) to either of us on or before above dates.

MURRAY E. HAGERMAN, Chairman.
ABNER B. BELYEA,
WALTER B. BURDEN, Revisors.

AN ELECTRIC WASHER

Saves Clothes — Saves Work — Saves Time

Make short work of the week's washing! Rapid agitation quickly flushes out the dirt without wear on the clothes. Nothing to rub or scrub. Nothing to tear. Electricity does the washing for 3c a week. A real opportunity to buy your leisure cheap.
