## CHANGES ARE IMMINENT IN N. H. L. LEAGUE

**Americans Plan Shake-Up — Maroons May Lose Stewart to Cleveland — Trotter, Varsity Grad May be With Leafs.**

Montreal, March 28—With the close of the National Hockey League schedule club owners are talking about their plans for rebuilding next season.

Connie Smythe, manager of the Toronto Leafs, has announced that he is ready to sell or trade all but about three of his men. He has started by selling Butch Keeling for \$10,000 to the New York Rangers.

Manager Shorty Green of the New York Americans also is said to have made the statement that the Americans may be seen next year with only Forbes, Alex McKinnon and Norman Himes of the present team in line.

The Montreal Maroons if Cleveland comes into the league in place of Pittsburgh, are bound to lose Nels Stewart. It is common knowledge that the big center and left winger is anxious to settle in Cleveland where he has lived for a number of years and his wife, a Cleveland girl, would welcome the change.

The Maroons had hoped to get Trotter of Toronto Grads, world's amateur champions, but Trotter is on the reserve list of the Toronto Maple Leafs.

On this connection there is an interesting point to consider. In the first place the National Hockey League has what it calls a "gentlemen's agreement" which gives clubs the right to name men for their reserve list among the amateurs.

The other clubs which are parties to the agreement must not try to sign these men. They become the property of club naming them and must play and the result of this growing rebellion will probably mean the opening of all territory to let the "early bird catch the worm."

### NOT TO TRAIN.

Hanover, Pa., March 28—Guy McKinney, the world's fastest living trotting stallion, will not be placed in training this year to try for a new record. L. B. Sheppard of the Hanover Shoe Farms, which own him announced yesterday.

"Judging from his first foals, Guy McKinney's future as a sire is so bright that it would be foolhardy to train him and take the risk of something happening to him" Sheppard said.

### PACER DEAD.

Scotia, Neb., March 28—Jane Maxey, star three-year-old pacer, was destroyed by fire here. She was regarded as one of the best young pacers ever bred in the west and several attractive offers had been made for her.

## Manitoba Finalists Cop Allan Cup by win Over Vics

**Defeated Montreal Victorias in Third Game of Finals 1-0 — Game Fast and Close—Winners Are All Canada Senior Champions.**

Ottawa, March 28—The west climaxed its challenge for supremacy of the Dominion's amateur hockey circles when Manitoba University trimmed Montreal Victorias 1 to 0 here tonight to lift the Allan Cup and carry it westward to keep the Abbott Trophy, emblematic of the junior hockey title, company in its new home. Regina Monarchs won the Abbott Cup on Monday when they beat the Ottawa Gunners and tonight's victory for the western varsity made a clean sweep of the titular boards. The Allan cup carries with it the all-Canada senior championship.

Gordon McKenzie who had just recovered from a back strain suffered in the first contest against the Victorias Saturday, returned to the game tonight to tally the lone goal that brought his university victory in the 60 exciting minutes of hockey which the tussle produced.

Checking the disc away from a Montreal rusher, who was menacing the west citadel, the youthful McKenzie, breezed the full length of the right boards and let a blistering shot fly from just inside the Vic blue-line. The margin of victory was just about the margin of the night's play. It was a thrilling contest throughout that kept the crowd attending in constant suspense but in the final minutes, when the easterners tossed a steady stream of four man rushes into the students territory it was nerve-racking in the extreme.

## ATHLETICS LOSE TO HORNSBY AND HIS TRIBE MEN

Fort Myers, Fla., March 28—The Braves mugged up the Athletics quite a bit today in the first of the two game series to be played at Fort Myers, winning 13 to 6. Howard Ehmke, Jack Quinn and Orwall, a southpaw, were hit to a fare thee well, the Boston boys piling up 24 bingles. Every man in the Boston lineup got a hit, most of them clean cut, sizzling drives but some of them more or less freaky.

Joe Genewich worked seven innings for the Braves, and kept the A's guessing in all but the fifth, when they bunched four hits and made their only flash of the afternoon. Today was the first time this season that a Boston pitcher has gone more than six innings.

Neither Cobb nor Speaker got into the frolic, Tyrus being in Augusta, where Mrs. Cobb underwent an operation today and Tris after a short workout before the game, having been excused for the rest of the day. French played in right field and Miller in center.

### ON THE MARSH

(From the Saturday Review)  
Here where the larks sing overhead  
And the gray sheep nibble the short salt herb

And the bugloss lifts a sky blue head  
And only the sea's long sighs disturb  
The silence spread.

Like a great arch overhead.  
Here where the very air is peace  
And our footfalls stir not the smallest sound

On a turf as soft as the 'ewes soft fleece,  
Passion has stirred till the very ground  
Pulsed like a monstrous heart, and fear

And struggle and hate roared down the breeze  
Till even the hill perched farms could hear.

For see, in a spiny whin-bush bleached  
This seaweed that was flung to parch  
A mile inland when the sea thrice bleached

The long sea wall and the whins were whirled  
Breast high in a tumbling tide wind-hurled  
On a stormy night in March.

## TOM HEENEY AND JOHNNY RISK TO FIGHT SOON

New York, March 28—With but 24 hours remaining before the New York State Athletic Commission considers the case of champion Gene Tunney and the sturdy seven who have filed challenges with his heavy weight title. Tex Rickard today swung the club he hopes will beat his contenders into line. Through matchmaker Jess MacMahon the Madison Square Garden promoter ordered Tom Heeneey to agree to a match with Johnny Risko or lose whatever chance he has of meeting Tunney for the championship.

MacMahon informed Charlie Harvey, manager of the New Zealand blacksmith, that unless Heeneey accepts the match tomorrow Risko will be named as Tunney's challenger. The Cleveland baker boy tentatively has agreed to a contract that will guarantee him a title shot in the event that he wins one more bout. With Heeneey out of the picture Risko probably would be called upon to "eliminate" Paulino Uzcudun the Spanish heavyweight who has not yet lost his full quota of tournament engagements.

Heeneey has refused to consider a bout with Risko on the grounds that he already had defeated the doughnut maker in Detroit and through Risko's win over Sharkey was fully qualified to fight Tunney for the title. Little doubt is felt that Heeneey will fall in line with Rickard's ultimatum. The match probably will be staged here early in June.

Sudden activity on the part of the Garden matchmaker lent strength to the report that a bona-fide opponent must be named for Gene Tunney tomorrow to prevent suspension of the champion by the New York State Athletic Commission. Tunney failed to choose a definite challenger when requested recently by the commission at the expiration of the six months' grace allowed a titleholder.

"Humble as I am" said a loud voiced soapbox orator "I still remember that I am a fraction of this magnificent empire."

"You are, indeed" said a bystander "and a vulgar one at that."

## BLUNDERS

**WHY IS THIS WRONG?**  
It is unwise to guess the weight of a letter to determine the amount of postage required. Such guessing often results in "Postage Due," which may cause delay in delivery, and, in the case of business letters, often results in a dissatisfied customer.

## Removes Warts

"ENGLISH WOMAN" writes to the Montreal Star:  
"I read a letter in your paper asking for a remedy for warts, and as I found one that took an ugly one off the side of my forehead I will give it to you. I had a bottle of Minard's Liniment in the house that I use for rheumatism, and casually reading directions I saw it was a good thing for corns and warts, so being so simple I tried it. Just dab it on with the cork two or three times a day letting it dry on. Well it all went away in about two weeks, dried up and came off by degrees."

"Another also appeared on my cheek so large, but I applied the same remedy and could pick it off like the other."
