NOTICE OF SALE

To the Heirs of Coburn Allen, late of the Parish of Douglas, in the County of York and Province of New Brunswick, Labourer, deceased, and to all others whom it may in any wise concern.—
Notice is hereby given that by virtue of a Power of Sale contained in an Indenture of Mortgage bearing date the second day of June, A. D. 1928, and registered in York County Records in Book 206, pages 119-122, the eleventh day of October, A. D. 1928, and made between the said Coburn Allen, of the one part, and Kitchen Bros., Ltd., a company incorporated under the laws of the Province of New Brunswick having its head office at the City of Fredericton in the County of York aforesaid, of the other part, there will, for the purpose of satisfying the moneys secured by the said mortgage, default having been made in the payment thereof, and in pursuance of the said Power of Sale, be sold at Public Auction in front of the Post Office in the City of Fredericton in the County of York aforesaid, on Saturday, the twelfth day of January, A. D. 1929, at twelve o'clock noon, the lands and premises mentioned and described in the said mortgage as follows:
"All that certain lot piece or parcel of land situate, lying and being in the Parish of Douglas, County of York, and Province of New Brunswick at or near Burr's Corner and bounded as follows: Beginning at a post at the Southwest corner of a lot of land owned by Newton Bird; thence running North along side line of said Newton Bird's lot nine rods, thence at right angles and running West fifty three feet to a post thence at right angles and running South nine rods to the main highway road; thence along said highway road to the place of beginning, fifty three feet, containing one-sixth of an acre, more or less. Being the same lands and premises conveyed by Deed from Thomas W. Fowler and wife to Coburn Allen, and recorded in York County Records in Book 185, pages 185 and 186, under official number 74354, and bearing date the 22nd day of August, A. D. 1925." Together with all the buildings and improvements thereon and the rights and appurtenances thereto belonging or appertaining.
Dated this ninth day of November, A. D. 1928.
KITCHEN BROS., LTD.,

The Outstanding Chevrolet of Chevrolet History -with Marvelous New Bodies by Fisher!

Only a short time has elapsed since the Outstanding Chevrolet was introduced—but already it has swept on to one of the greatest triumphs in automotive history. Never before has the public so overwhelmingly endorsed a new Chevrolet—for never before has there been provided, at prices within the reach of everyone, such a generous measure of beauty, comfort, performance and dependability!

The marvelous new bodies by Fisher—longer, lower and roomier, with all closed models equipped with adjustable front seats that may be moved forward and back to suit the comfort of the driver—represent the most original contribution that Chevrolet has ever made to motor car comfort and beauty. The hood streams back from the voguish new chromium plated radiator in straight, unbroken lines and blends flawlessly into the body contours. Body mouldings divide at the cowl line—giving a paneled effect to the cowl and hood that is both distinctive and pleasing. Concave front pillars lengthen and smarten the profile. And distinctive new Ternerstedt hardware lends a final touch of custom elegance.

The great new six-cylinder valve-in-head engine was developed from more than a hundred motors that were built and tested over a period of four years by Chevrolet engineers. Not only does it develop 32% more power than any previous Chevrolet engine . . . not only is it sensationally faster and

swifter in acceleration—but it performs with a smoothness and quietness of operation that are almost unbelievable in a low-priced automobile. It idles along in the traffic line with remarkable ease and quietness. It leaps ahead at the signal light like an arrow from a bow. It takes the hills, no matter how steep, with truly astounding ease. At all speeds and in all gears, the Outstanding Chevrolet delivers its amazing performance, in the same smooth, effortless way.

But sensational as this performance is—it is matched in impressiveness by the marvelous comfort and handling ease that have been engineered into the chassis. The heavy, rigid, channel steel frame extends beyond the entire length of the body and rests on four semi-elliptic shock-absorber springs—set parallel with the road. The front springs are 36 inches long and the rear springs 54 inches—while all spring shackles are equipped with Alemite fittings. The steering mechanism is designed with ball bearings throughout, with complete lubrication at all

points of contact. Brake pedals are correctly spaced for easy and safe manipulation. The two-beam headlights are controlled by a foot button located on the floor boards. And a slender, flat-type steering wheel fits snugly into the hands.

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car—which will be ready for delivery beginning January 1st.
