NOWADAYS YOU PRESS A BUTTON

Or perhaps a switch, or some little gadget, and a lot of things happen around home that lighten labor and banish trouble.

A Whirling Fan brings a cooling breeze, and a little copper, dish-like affair throws out a sizzling blast that warms the room in no time.

Another button boils coffee, toasts bread and cooks waffles. Another does a better job than a broom. Another makes a happy laundress out of a dismal washwoman. Another one cools the ice-box. Another—but why go on?

Labor and time saving devices have come and are today within the reach of the humblest home.

And one of the chief reasons why they have come and why they are within the reach of the humblest home is the power of advertising.

Advertising has carried the news of these better ways of doing things to every home. It has created a desire to possess them, and countless thousands have purchased them, and live better because of them.

Reading advertising not only tells you about new, helpful mechanical devices for the home, but it is an unfailing guide to reliable products.

READ ADVERTISING REGULARLY. IT POINTS THE WAY TO BETTER LIVING.

DECEMBER IS WHISTLING BY.

December is whistling by; Stripped bare of October's array The trees have withdrawn into beds of warm roots And are snoozing the winter away.

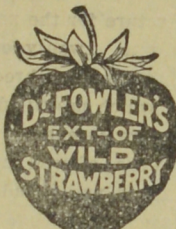

December is whistling by; A lake from the chill winds that blow Has cuddled her waves 'Neath a wide wing of ice And freckle blown feathers of snow.

December is whistling by; The huddling hills lie asleep Under blankets of brown They are snuggling down In a lassitude peaceful and deep.

December is whistling by; She's whistling Christmas along And tree lake and hill Tho sleeping and still Faith-smile thru their dreams at her song.
