

### FREDERICTON SCIENCE CLUB HELD MEETING

#### Organization in Healthy Condition — List of New Brunswick Birds Compiled by W. H. Moore of Scotch Lake.

The Fredericton Science Club met last evening at the home of Mr. D. Lee Babbitt. The hostesses were Mrs. Babbitt, Mrs. Alex. McRae, Miss Lydia Hunter and Miss Margaret Wilkinson. The Club was called to order promptly at 8.30 o'clock with President L. R. Bull in the chair. The secretary-treasurer being absent in Boston. Vice-President Babbitt read the minutes of the last meeting and gave the treasurer's report for the year, the latter showing a splendid year with a substantial balance on hand.

A report of the committee of which Rev. Dr. Warren is chairman showed a list of New Brunswick birds compiled by one of the members, W. H. Moore of Scotch Lake as being completed and having been found so adequate that the government had requested a copy, so that they might have it printed. This request was granted. The president complimented this committee on its splendid work. This list will be known as the "Moore List" and will be a living monument to Mr. Moore for many years to come.

#### A Winter Picnic.

A winter picnic was discussed and agreed upon; a committee being appointed to make the arrangements. The speaker of the evening Mr. R. P. Borham, was then introduced and gave a most interesting lecture on The Stone Age Camp Sites. He had many exhibits to illustrate as he described his and that decade and what it produced. He also had a map of New Brunswick showing its share in this wonderful collection. At the conclusion a very hearty vote of thanks was rendered the lecturer. Recess was then called refreshments were served.

#### Officers Elected.

The meeting was again called to (Continued on page five.)

#### CITY AFFAIRS

#### Visited Here.

Rev. H. A. Cody of St. John well known as an author spent yesterday in Devon with his sister Mrs. I. M. Leonard. He arrived in the city yesterday and this morning returned to St. John.

#### Government Meeting.

A meeting of the provincial government is scheduled to take place here on Tuesday evening of next week. Several matters of importance are to be dealt with. On Wednesday evening the Ministers go to St. John where a meeting will be held the following day.

#### Skating After Game.

After the hockey game this evening at the Arctic Rink between the Moncton Atlantics and the Fredericton Capitals, a Southern N. B. League game, the management have provided for five bands of skating. The weather is considerably colder and the likelihood is that the ice will be in excellent condition.

#### Routine Business.

The regular semi-monthly meeting of the School Board took place yesterday afternoon in the secretary's office. Only business of a routine nature was transacted by the trustees. Those present were Dr. G. C. Vanwart, H. S. Campbell, William Quinn, P. J. Hughes and Mrs. Clark.

#### Getting Around Again.

Joseph King, son of Mr. and Mrs. Frank King, Charlotte Street who sustained a severe cut in his foot about ten days ago while cutting wood in the lumber camp at which he was employed, is able to walk about the house on the injured member, although still unable to leave the house. Mr. King is expecting to be out by the first of the week.

### MUCH PULPWOOD IS NOW BEING SHIPPED TO U. S.

#### Recent Change in the Weather Has Given Quite a Stimulus to the Operations in the Woods.

The recent change in the weather has given quite a stimulus to the pulpwood trade and large shipments are being made to the American market. The soft weather during December made it very difficult for teams to get in and out of the woods, consequently very little pulpwood was moved, but the recent cold spell brought about a marked change. In the southern part of the province the absence of snow is a severe handicap, but in the central and northern sections of the province conditions are more favorable, although the snowfall has been less than in former years.

Hundreds of cars are being loaded each week at points on the C. P. R. and C. N. R. and are going forward to the United States. One of the largest shippers is Mr. E. C. Atkinson, M. L. A., who is loading seventy-five cars every week. Mr. Stanley Scott of this city is also making extensive shipments from the scene of his operations in different parts of the province.

The bulk of the pulpwood now being shipped was cut and peeled under contract early last summer

#### Police Court.

The case of a local young man who was charged with damaging a pool table in the Capital Pool rooms some time ago, and against whom information was laid by the proprietor, appeared in court this morning before Police Magistrate Limerick. J. B. McNair was prosecuting attorney for DiSinto, proprietor of the rooms. After several witnesses were heard the case was adjourned until twelve o'clock. Several more witnesses were heard at twelve o'clock and judgment was reserved until four o'clock when a decision will be given.

A. F. Hall of Toronto is a guest of the Barker House today.

### LUMBERING CONCERNS TO BE REORGANIZED

#### Big North Shore Companies to Operate in the Future Under the Name of Restigouche Company, Ltd.

Mr. R. B. Hanson, K. C., M. P., has returned from Edmundston where he attended a reorganization meeting of the lumbering concern of Stetson, Cutler & Company, which is now a subsidiary of the Fraser Companies, Limited. It was decided to change the name of the company to the Restigouche Company, Limited. The plan of reorganization will take in the Richards Manufacturing Company of Campbellton and also the Continental Lumber Company with headquarters at Charlo, Restigouche County. The last named company was for some years under the management of Mr. William Currie, ex-M. P.

The reorganization of Stetson, Cutler & Company and its amalgamation with the Richards, and Continental Companies will mean greater development for the north shore lumber industry.

#### Attraction at Gaiety.

The Gaiety Theatre are featuring "The Gorilla" a mystery-comedy with Charlie Murray as the laugh provoking detective who with his superior officer attempts to clear up the mystery of the numerous murders which occur in the picture and which are attributed to someone who signs himself as the "Gorilla." An organ grinder's ape serves as the foil for the murderer, whom Murray in his inimitable way discovers in the final scenes. The picture opens as a mystery and when Murray enters the haunted house as a detective it resolves itself into a comedy. The picture however holds its mystery suspense up to the fadeout.

#### Bank Stocks Up.

The stock of the Canadian Bank of Commerce sold on the Montreal stock exchange yesterday at 234. Bank of Montreal sold at 245½ and that of the Royal Bank at 247.

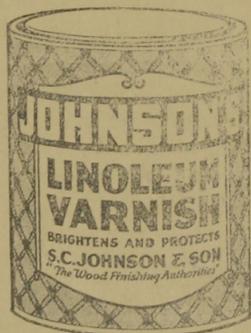

We thank the Citizens of this City and County for their generous patronage at Christmas and hope that we will continue to have their confidence in the coming year.
