

BRITISH BOARD
ASKS THAT SCOTT
HAVE CHANCE

New York, Oct. 12.—The British Board of Boxing Control, ruler of Great Britain's fistie system, has asked the New York State Athletic Commission if Gene Tunney ready had retired. If he has, the British board respectfully requests that Phil Scott heavyweight champion of Great Britain be given a chance to win the title Tunney gave up.

In a long letter to the fistie fathers, the British board offered its services in the interest of producing a genuinely "world" champion—that is if Gene has retired. If reports cabled overseas were exaggerated and the big marine was only fooling when he said he was through the entire matter of course could be dropped.

The commission hastened to inform the British board that the situation was just as grave as had been pictured abroad and that Tunney had really quit the ring. The fathers assured their co-workers overseas that Scott would be given every chance in the eliminations designed to fill Tunney's place and thanked them for their offer of cooperation.

To prevent false assumption of titles by boxers in this country, the British board sent the commission a list of Great Britain's titleholders. They are: Flyweight, Johnny Hill; Bantam, Kid Pattenden; Featherweight, Harry Corbett; lightweight Sam Steady; welterweight, Jack Hood; middleweight, Gipsy Daniels; heavyweight Phil Scott.

The commission further decided that Tommy Loughran 175 pound king must fight Jimmy Slatery of Buffalo and Pete Latzo, Scranton miner, in defence of his title after one or two warm up bouts. Loughran was reinstated today after sixty days on the sick list.

CUBS WINNERS
OF CITY SERIES

Chicago, Oct. 10.—Joe McCarthy's Cubs, third place winners in the National League race, are the champions of Chicago.

After losing two straight games to their south side rivals, Lena Blackburn's White Sox the Cubs pounded almost everything thrown at them yesterday by four tired hurlers and won the seventh and deciding game of the city championship series 13 to 2. Twenty-five thousand saw the contest.

Sheriff Blake who already had won one game in the series pitched masterful ball for the Cubs again today holding the Sox scoreless until the last inning when he took matters easy and the Pale Hose pushed across their two runs. He allowed but seven hits while the Cubs got 16 hits. A good share of their runs were scored on opponents' errors. Five times the White Sox committed bobbles, blasting what morale their tired pitchers had.

By their victory the Cubs are city champions for the first time since 1925. McCarthy's men took the first two games of the series dropped the third, won the fourth, dropped the fifth and sixth and came through today in the seventh.

CANADIENS CALLED

Canadien Team Will Report On Oct. 18—Manager Cecil Hart Says No Ice Work Until Nov. 1.

Montreal, Oct. 12.—A call will be issued in the near future to all members of the Canadien Hockey Club to report here on Oct. 18, Manager Cecil Hart intimated today. This means that only a week from tomorrow the first preparations for the coming National Hockey League season will commence.

The players will under no circumstances take the ice before November 1, Manager Hart added. The time in between the 18th of the month and ice practice will be taken up with gymnasium workouts. These as usual will be at the National A. A. A. clubhouse, Cherrier street.

If there is any doubt about this being a free country there is the best fender to offer in testimony.

NEGOTIATIONS UNDERWAY FOR
NEW BRUNSWICK RUGBY LEAGUE

Teams From Fredericton, St. John, Woodstock and Moncton to be Represented—Winner of Fredericton-Woodstock Play Off with St. John—Moncton Looks Good—Arrangements Nearly Completed at Meeting in St. John—First Game Probably Between Trojans and Moncton on Saturday.

Negotiations are still going on for the formation of a provincial football league, to include four teams, and the probabilities last night were that the project would materialize. The teams discussing the matter are Moncton, the Saint John Trojans, Fredericton City and Woodstock. Only the matter of a satisfactory arrangement of financial details remains to be made and if the league is formed it is likely that the Trojans will play in Moncton on Saturday.

The suggestion is that Saint John and Moncton should play off, while Fredericton and Woodstock clash, the winners of the games to be matched in the final.

The Trojans, Fredericton and Moncton are old hands at the game and all these teams have much promising material. An English Rugby town team is something new for Woodstock, but their squad is said to have several excellent players and to be anxious to get into competition.

RUGBY NOTES

Hamilton, Oct. 11.—Coach Mike Rodden intends to throw a backfield attack at the Ottawa Senators in their Interprovincial battle at the Capital on Saturday afternoon. Although the Bengals won over Argonauts with the use of their big line plungers and the kicking of "Huck" Welch, Rodden is counting on a backfield campaign against the Senators.

The only injury on the squad is attached to Ernie Cox, veteran snapback who is suffering from a bruised ankle. If Cox cannot play against Ottawa, Murphy, a newcomer, or Veale will be used at centre.

Ottawa, Oct. 11.—Three of the Senators are suffering from injuries as the result of the Montreal game last Saturday. Connell, Starr and Pinhey have remained out of heavy work this week and have done a little running only to keep fit. Connell has a sore chest, Starr an injured shoulder and Pinhey bruised legs.

Gilhooley will likely make some changes in his squad for Saturday's battle against the Tigers here. While the team was victorious against Montreal, the coach was not exactly pleased with the work of the team.

N. B. EXPORTS
ARE BRAINS AND
PULPWOOD

The dictionary says that N. B. means "take notice," and this is exactly what the world has done in regard to the province ever since the advent of Tilley, Bonar Law, Dick Bennett, and the Liberati Boys, Charlie and Bliss.

New Brunswick was discovered by Sebastian Cabot in 1498, which preceded by some 430 years the discovery of Newfoundland by the newspaper sleuths of the trans-Atlantic flights. It has bravely overcome the impression an annex to Maine, New York's shooting gallery; neither does it seem to get discouraged over the fact that it is almost as large as Ireland. It just keeps plugging along the hope that it may some day produce a premier of Canada. —Mr. King, please don't laugh; this is serious, very serious.

Chief exports: brains and pulpwood. However, I should hasten to implore you, in the name of N. B., not to lay too much stock in the fact that I bracket these two commodities. They just happened to occur to me simultaneously, and I slapped them down. I am like that.

The province is the nightmare of those courageous men who arrange timetables and listen to train announcers, for they have to contend with such Petitcodiac, Nipisoguit, Chiputneticook, Kouchibouguac, and last but not least, Magaguadavik (which hasn't got the "gag" in the middle of it for nothing let me tell you.)

Miss Alice Wade, student at the Lowell Corporation Hospital, left last evening for Lowell, Mass., after spending her vacation with her father, Mr. Thomas Wade at Penniac.

SPORT BRIEFS

New York, Oct. 11.—William Muldoon, New York State boxing commissioner, today announced the personnel of the board of trustees which will take possession of the Muldoon-Tunney trophy, emblematic of the world's heavyweight championship. The trophy was donated by Gene Tunney after his recent retirement from the heavyweight throne.

New York, Oct. 11.—"Frenchy" Belanger is having a hard job getting sparring partners this trip. On his last visit here Frenchy made the inhabitants of Stillman's gymnasium sit up and take notice. He hit his partners so hard that they want no part of him.

WILL TRY TO
ELIMINATE
BAD CROSSINGS

St. John, Oct. 11.—The announcement made by Hon. T. C. Norris at the Good Roads Association convention at Regina recently, meant a change of policy on the part of the Board of Railway Commissioners in regard to giving assistance in the elimination of level crossings, it was said here on Wednesday by Hon. H. A. McKenown, chairman of the board, who was in Saint John en route to Sackville.

Hon. Mr. McKenown had intended to be present at the meeting of the Good Roads Association himself, but owing to other business, was detained in Ottawa and Hon. Mr. Norris, junior member of the board, represented the commissioner's.

Hon. Mr. McKenown said the change would mean a very substantial increase in assistance to be given by the board in response to the urging of the provinces, a fund was instituted by parliament in 1909 whereby the sum of \$200,000 was set aside annually and placed to the order of the board. This fund was to aid in the construction work for the protection of the public in respect to level highway crossings.

This sum, Mr. McKenown added, had never been fully utilized owing to method of its distribution. In the last four years, since the present chairman had assumed office, of the \$4,000,000 in this fund about one and a half million had been expected, compared with half a half million in the previous 16 years.

In the elimination or protection of level crossings, the board pays 20 per cent and apportions the remainder between the railroad and the municipality.

OCTOBER AIR

He picks the squad so cleverly
The campus fans rejoice;
The schedule, too, appears to be
The staid alumni's choice
His system is considered sound
He sport scribes laud his prowess
—edg—
Yet the perfect coach has not been found
Thus far by any college.

HIGH SCHOOL
AWAY ON ANNUAL
RUGBY TRIP

The Fredericton High School rugby fifteen with substitutes who are coached by Egbert Cass left this morning for St. John where they will proceed to Rothesay to engage in a doubleheader in the Inter-scholastic Rugby league. The Yellow and Black fifteen will clash with the Rothesay team this afternoon and tomorrow afternoon they will meet the St. John squad in what will prove to be the decisive inter-scholastic battle of the season.

Out For Victory

Fredericton High lost to the St. John gridsters up here by the score of 6-5 in the opening game and are out to do or die on the St. John gridiron. The local team need both games away to insure a position at the head of the league and a defeat from either Rothesay or St. John will practically throw them out of the chance for the league title. Coach Cass has been putting the boys through a strenuous grind during the past few weeks and their showing today and tomorrow should be greatly improved over their former appearance.

Following is the team taken to the southern battle grounds, with a slightly altered lineup: Forwards, Pickard, Smith, Stephens, Gunter, Goodine, Miller, Thompson; Halves, Johnston, Sypher, Morgan; Three quarters Watson (captain), Patterson, Fradsham, Goodspeed; Fullback Beatty; Subs, Boone, D. Coombes, Timmins, M. Watson and McLenahan.

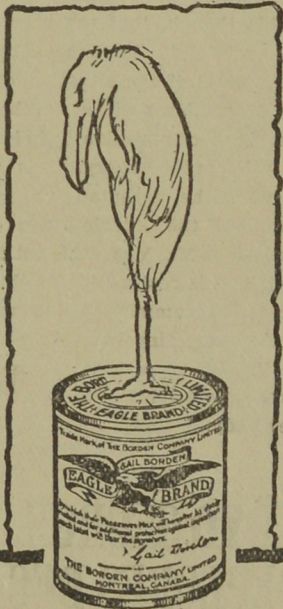

YANKS WILL GET
\$5,531.91 EACH

St. Louis, Mo., Oct. 10.—Although the total players' pool of \$419,736.60 set a new record for the world series each winning share drawn down by the Yankee regulars \$5,531.91 will fall somewhat short of the record individual total of more than \$6,000 established in 1923 when the Hugmen also won the prize.

This diminution is due both to the generosity of the Yankees in remembering secretaries and other club officials and to the share now deducted from the pool for members of the two major league clubs finishing fourth.

The losing St. Louis Cardinals dividing their money into only 23 parts, each will receive a cheque for \$4,197.37.

Of the \$419,736.60 in the pool \$293,815.62 goes to the players on the two world series contenders and the remaining \$125,920.98 to the six first division clubs in the two leagues. The winning Yankees divide 60 per cent of the contenders' pool or \$176,289.37 and the Cardinals 40 per cent or \$117,526.25.

Healthy Babies

Food, sleep and fresh air, but especially proper food, ensure health. Borden's Eagle Brand Condensed Milk, since 1857, has been the leading infant food. Doctors endorse it. Pure, uniform, easily digested. Use it if you cannot nurse baby.
