CONSERVATIVE CHIEFTAIN MAKES REPLY TO STATEMENTS MADE BY PREMIER IN THE WEST

Antigonish, N. S., Aug. 7—"I see that Mr. King speaking out west says I am talking the old thing, no work, no employment; about people leaving this country. Well I am going to do it until he gives place to a government that will keep people here."

So stated Hon. R. B. Bennett, here early this evening on the eve of the completion of the Nova Scotia portion of his summer speaking tour. "In the last six years, while Mr. King was in power," the Conservative leader continued, "591,000 people have left Canada, including a few from Newfoundland. During the same period we only brought in 573,000 people. No wonder the Prime Minister does not want me to talk about these things. I would not if I were in Mr. King's place."

He went on, "why are there no jobs? I make allowance for the attraction of a greater body for the smaller. But the essential reason is we are sending the money we get from what we sell to buy in other countries, the goods we should make at home." The Prime Minister stated at Brandon, Mr. Bennett proceeded, that the Duncan Report was a great document. "At the rate they are getting on," he declared, pointing to a little boy in the audience, "this youngster will become a grey-haired grandfather before they reach some sections of this report."

Nothing Done.

Two years have gone by since this report was made. Nothing has been done to implement the recommenda-

tions, with respect to steel and coal. These things, which so disturb our balance of trade, are left untouched."

Mr. Bennett briefly quoted parts of the Prime Minister's speech at Brandon. "As long as I am in public life," the Conservative leader declared, "I propose to ask my fellow Canadians to the extent of their ability and their power to use every legislative tool that we have to prevent the depletion of this part of Canada, or any part of Canada, and to develop Canada for Canadians."

Provincial Speakers.

Hon. Gordon S. Harrington, Minister of Mines for Nova Scotia, said that when the present provincial government came into office it had found an "abject mess." Proceeding Mr. Harrington declared that the present government on assuming office had found "a condition of affairs established by the most corrupt government in the history of the globe. Before we appeal to you again we will have the documents to prove what I say."

Neil MacArthur, Glace Bay, said that at no time in the history of the Maritime Province was it more essential to have at the head of government of this country a man who was familiar with the interests and conditions in the eastern part of Canada. Mayor J. F. McLellan officially welcomed the Conservative leader whom he said had behind him the people of Canada. Late tonight Mr. Bennett will depart for Amherst where he will speak tomorrow evening.

TREE TRIMMING MAY BE DONE BY CITY COUNCIL

(Continued From Page Eight.)

about the city. Workmen are engaged at various points cutting and trimming superfluous branches and this has probably led to the broader proposition of making a complete job of it with the aid of the city council. Comment, favorable and otherwise was heard last night by the council members. Several were of the opinion that the work required no high salaried expert, but all believed that the work should receive the attention of the council.

Alderman Currier asked whether the experts were from the United States and ventured the opinion that the University of New Brunswick might furnish a man experienced in forestry to take charge of the work and so save the needless expense of hiring an expert. The matter was considered at length and was finally referred to the Roads and Streets Committee with power to act.

HARVESTERS COMING FROM OLD COUNTRY

Ottawa, Aug. 7—Satisfactory arrangements have been completed with the British Government for the movement of harvest help from the British Isles to the wheat fields of western Canada, according to a statement issued today by the Department of Immigration and Colonization. This movement, which will begin at once, will be under the direction of the British Government, the Canadian National Railway and the Canadian Pacific Railway. The two railways will be responsible for placing the men in harvest employment on their arrival from the Old Country and the Dominion Government and the provincial governments will co-operate with the railways in placing these harvesters in winter farm employment in Canada after the rush of the harvest work is over.

Satisfactory arrangements have been made for the return fare of those harvesters for whom winter farm employment cannot be found.

The last sailing by which this British harvest help can come to Canada will be August 18.

RAINFALL SURE TO DO DAMAGE TO GROWING CROPS

(Continued From Page Eight.)

rain showing no signs of abating. Last week that fear was very prevalent but fine weather of the past few days has allayed that dread somewhat. However, today has settled into another rain, and should it continue will do considerable damage to the crops, especially potatoes.

The rural roads are not in very good shape as result of the heavy downpour. Though not in as bad shape as would be expected they are nevertheless in poor condition for travel. The large influx of tourists report that the roads are not in a very serious result from the harassing effects of the rain.

CAPTAIN OF THE DAUNTLESS IS DISMISSED

Portsmouth, Eng., Aug. 7—Both Captain K. W. D. MacPherson and Lieut.-Commander T. R. Beatty of the British light cruiser Dauntless have been sentenced to dismissal from their ship and to be reprimanded as a result of the Dauntless striking a shoal in Halifax Harbor last month. The ship at present is in dry dock at Halifax while the officers and crew are back in England.

The naval court martial on Saturday found Lieut.-Commander Beatty guilty of giving a wrong course for the cruiser when she entered the harbor. Yesterday the second court martial heard charges that Captain MacPherson by negligence or default suffered the Dauntless to be grounded.

The prosecution contended Captain MacPherson failed to check the course of the ship. Captain MacPherson, in giving evidence, said that a pilot vessel had behaved in such a manner that he had to take prompt action to avoid a collision and the situation was further complicated by unusual signals made by the pilot vessel.

The Captain urged that in the exigencies of the situation he would not be justified in allowing himself to be distracted by checking the work of the navigating officer.

Mr. and Mrs. J. O. Davis are in the city today.

SPECIAL ATTRACTION AT GAIETY THEATRE

"That's My Daddy" is the photo play at the Gaiety for Wednesday and Thursday featuring Reginald Denny.

It is an amusing bit of nonsense made lovable by the presence of the priceless La Verne child. That a child of four or five can give such a finished intelligent performance should make many of the cinema's so called stars blush with confusion.

Midweek Market

Hay making activities again caused a lessening in the number of farmers attending the mid week market, although a fairly large number were out this morning at Phoenix Square. As usual vegetables was the principal produce and brought the usual prices. Blueberries and raspberries were in quite large quantities, the latter selling cheaply for 10 cents a box and blueberries going for 20 cents a box. Other prices were: butter, 38 cents; cucumbers 5 for 25 cents; carrots and beets 8 cents a bunch and 4 for 25 cents; cabbage and cauliflower sold 3 for 25 cents; potatoes 30 cents a peck.

H. P. Doyle of Campbellton to be an Auctioneer.

Saint John—Fred F. Welsford of the City of Saint John to be Issuer of Marriage Licenses.

Westmorland—Irvine Tower of Rockport to be a Justice of the Peace.

Edward R. McDonald to be a Member of the Board of School Trustees for the Town of Shediac in place of Edward R. McDonald whose term of office has expired. Term of office to expire June 30, 1932.

Resignations.

His Honor the Lieutenant Governor has been pleased to accept the following resignations.

James E. Clair as High Sheriff for the County of Madawaska.

H. I. Evans, Arthur D. Rouse, S. F. Jewelling and Storey Pierce, as Auctioneers for the County of Kings.

W. J. Swanton as Commissioner of the Saint John Municipal Home.

Constable F. Carson as a Member of the N. B. Provincial Police.
