NAT. LEAGUE HEAD ISSUES ORDERS TO UMP'S

New York, April 10—John A. Heydler, president of the National League believes in the motto hanging in his office "Take nothing for granted in baseball." Today he sent his annual instructions to his staff of fourteen umpires covering many points upon which disputes hinged last year. He also made concise interpretations on doubtful plays.

Umpires were told that when a batted ball passes outside the grounds by going over the fence or stand, it shall be judged fair or foul according to where it disappears from the umpire's view. In case a ball is hit into a stand or over an inside fence 250 feet or more from the plate, the umpire shall call it fair or foul, according to where it passes from the actual playing field. Previously the final ruling was on the point the ball ultimately landed, often difficult to determine.

A catcher or fielder cannot jump into a stand or box to catch a foul ball, but may reach over the railing and gather the ball in if he can. If either falls into the stand, box or dugout after making a catch, the runner or runners on the bases can advance only one base.

President Heydler's instructions contain one stipulation sure to arouse interest and perhaps controversy among players and fans. He presents a situation in which there is a runner on first base and three balls called on the batsman. The runner runs to steal second base on the next pitch which is called a ball. The catcher throws to second and the runner overslides the base. If he is tagged before returning to the base he is out.

It is ruled that in the case of a runner attempting to score who fails to touch the plate, it is not necessary for the careless runner to be pursued to the bench for the purpose of touching him. On appeal he will be declared out.

She Coughed Night and Day Could Not Sleep

Mrs. Leonard Haywood, Victoria Corner, N.B., writes:—"Last fall I took an awful cold which I caught while driving in an open car on a cold day.

"I coughed night and day, could not sleep at night, and my eyes ran water so that I could hardly see a thing.

"My husband got me a bottle of

MAROONS TAKE THIRD GAME 2-0

Montreal, April 10—A 2 to 0 victory over the New York Rangers here tonight in the third game of the 1928 Stanley Cup series gave the Montreal Maroons a lead of two games to one on the series and an excellent chance to cop the premier world hockey honors as they now have to win only one of a possible two remaining contests.

The game was packed with action throughout and was by far the best of the series so far. There was scarcely a dull moment in the sixty minutes of play, which saw the winners display superior hockey throughout.

A feature of the peppery game was a fistic display staged by two substitutes, Lamb of the Maroons, and Thompson of the Rangers in the third period, for which both participants drew match penalties. The teams were therefore forced to play the remaining fifteen minutes of the last period with only five men a-piece while Lamb and Thompson are automatically suspended for the next game, Thursday night. It was a tough hand to hand combat while it lasted. Referee Rodden attempted to separate the pair at the outset but was dragged to the ice with the battlers before they were finally separated.

The Rangers had Joe Miller, former New York American and Niagara Falls goalie in the net in place of Chabot, who was seriously injured in last Saturday's game.

MAKES BOW TO TRACK.

Wheaton, Ill., April 10—This town, the home of "Red" Grange, will send Dorothy Ann, 2.11½, one of the good trotters on the Wisconsin half-mile tracks last season, to make her bow in high society. She has been named in the \$10,000 Exchange Club stake at Kalamazoo, Mich. She also will be engaged in other important events. Her record was taken in the third heat of a winning race. Chas Dean, who brought out the great pacer, Sir Roch, is training her at Palestine, Ill. and she is owned by L. B. Anderson of Wheaton.

APRIL

Soon the bonny April maiden will come tramping through the snow.

Laughing at the winds of March and daring them to blow,

While she issues smiling orders for the early birds to sing
And unbars the gate of Winter for the entrance of Spring.

We must never interrupt her—she has little time to shirk—
The month that just preceded her left many kinds of work.
She must thaw the frozen waters of a thousand mountain rills,
And scatter seeds of wild flowers upon waiting hills.

She must furnish warming showers for the scrubs and budding trees.

And arrange for fields of clover that will satisfy the bees.

She has little time to linger, earth allows for no delay

All her tasks must be completed upon the thirtieth day.

So when we've learned to love her most she waves a farewell hand,

Yet pauses for a moment as we in sadness stand,

And gives a kindly promise that she'll return some day

Then she smiles again and leaves us as she introduces May.

—C. D. McDOWELL in Detroit News.

"It's a shame" cried the young wife. "Not a thing in the house fit to eat! I'm going home to papa.

"If you don't mind dear" said the husband "I'll go with you."

NEW YORK HORSES FAVORITES FOR HOTEL SECO TROT

Cleveland, April 10—New York state horses are given the call in the future book for the \$12,500 Hotel Secor trot, richest event for aged trotters in the country, scheduled for the second Grand Circuit meeting at Toledo, July 9-14. Kahla Dillon, owned by Jacob G. Lang of Buffalo, and Jeritza, the property of I. O. Blake of New York City, are equal favorites at 10 to 1. Clara Bascom, who belongs to Oliver Cabana, Jr. of Elma, N. Y., and Full Worthy, who races for H. W. Hanan of Brooklyn, are second choices at 15 to 1.

Clayworth, the Toledo gelding that won the fixture last year, is listed at 20 to 1. Kashmir, the fastest three year old trotter of 1927, is 30 to 1.

Pavonnan, one of the fastest trotting stallions ever to go to the races who will endeavor to make a comeback after well nigh two seasons of inactivity, is not given much chance. He is figured at 40 to 1.

Here are the odds on the rest of the 33 eligibles:

Beneilyn, Christie Mac, Hollywood Susan, Minia Dillon, Signal Spring and Sonya, 20 to 1; Azon, Dewey McKinney, High Noon, Nesopic, Signal Flash and Tippie Frisco 30 to 1; Bishop Baron, Cinema, Donald A., Fayette National, Great Britton, Guy Watts, Hal Watts, Hollywood Sherila, Lullawat, Royal Guy and Watson B., Jr., 40 to 1; Bingen Todd, Cupid's Albingen, Dr. Strongworthy, O'Dare, Senator Stout, Sybil Volo, The Belmont and The Great McKinney 50 to 1.

TURF NOTES

Minor Heir, 1.58½ pacing whose death was reported recently, was one of the most interesting horses that ever achieved a national reputation. He was the first pacer to start the season without a record and before its close find a place in the list of two minute performers. He was the first pacer to equal and beat two minutes in a race, albeit that event, at the Indiana State Fair in 1910, was of the exhibition variety. He holds, with George Gano the world record to pole 2.02. That was set in 1912 and the Pennsylvania driver, Ned McCarr, held the reins over the pair.

Minor Heir was bred by J. B. Ewing, Roseville, Ill. who sold him before he had a record, to P. C. Isaacs of Johnstown, Pa. and it was for that gentleman to have the honor of owning the horse when he paced in 1.59½ at the Wisconsin State Fair in 1908. That year Minor Heir met the redoubtable Canadian warrior. The Eel and their races furnished fodder for the fans for many months.

Then M. W. Savage of Minneapolis bought Minor Heir and he became one of the Dan Patch combination which toured the country for some years, setting track and world records by the dozen, among them the Texas record of 1.59½. His drivers were Charles Dean, Palestine, Ill., now dead, who took him when untrained and drove him into the two-minute list; Harry Hersey, who gave him his best record 1.58½ and Ned McCarr, who drove him to pole as already stated.

Minor Heir's sire, Heir-in-Law was a product of Village Farm, East Aurora, N. Y., his dam was the Iowa-bred mare, Kitty Clover. Thus he added to the horse history of five states and the chapters are among the most brilliant in all light harness horse history.

RED SOX TRIM SENATORS IN OPENING GAME

Washington, April 11—While 20,000 fans shivered under 'chilly eastern blasts, President Coolidge inaugurated the 1928 American League baseball season here today by tossing out the first ball. Then the Boston Red Sox proceeded to defeat the Washington Senators 7 to 5, in a somewhat listless game.

Milton Gaston, a recent acquisition was the starting pitcher for Washington, a role so long held by one of the greatest masters, Walter Johnson, now ill in a sanitarium here, following an attack of influenza. Gaston failed to go the route.

After getting away to a bad first inning, when the Senators scored three runs on one hit, MacFayden finished out the string for Boston holding the Senators to seven hits.

Joe Judge, Washington's veteran first baseman, turned in several nifty bits of fielding, hammered out four successive hits, three singles and double and scored one run.

Removes Warts

"ENGLISHMAN" writes to the Montreal Star:

"I read a letter in your paper asking for a remedy for warts, and as I found one that took an ugly one off the side of my forehead I will give it to you. I had a bottle of Minard's Liniment in the house that I use for rheumatism, and casually reading directions I saw it was a good thing for corns and warts, so being so simple I tried it. Just dab it on with the cork two or three times a day letting it dry on. Well it all went away in about two weeks, dried up and came off by degrees.

"Another also appeared on my cheek not so large, but I applied the same remedy and could pick it off like the other."
