CANADIAN BANK OF COMMERCE WILL ABSORB STANDARD BANK ON A SHARE FOR SHARE BASIS

Toronto, July 13—Announcement that the Minister of Finance had consented to an agreement whereby the Canadian Bank of Commerce will purchase the assets and undertakings of the Standard Bank of Canada on a share for share basis, was made tonight in a joint statement issued by Arthur F. White, president of the Standard Bank, and S. S. Logan, general manager of the Bank of Commerce.

On the completion of the amalgamation, which is subject to the authorization of the shareholders and the approval of the federal cabinet, the assets of the Canadian Bank of Commerce, which now total approximately \$600,000,000 will be increased by more than \$100,000,000.

The authorized capital of the Bank of Commerce is now \$25,000, of which more than 20,000,000 is paid up, officials of the bank told the Canadian Press tonight. The Standard Bank's authorized capital is \$5,000,000, of which \$4,823,000 is paid up.

Both banks last year paid a dividend of 12 per cent on their stocks, the Bank of Commerce paying a bonus of one per cent in addition. Bank of Commerce shares have a market value of \$298, and the Standard \$277. The par value of both stocks is \$100.

More Facilities

The enlarged institution will provide customers of the Standard Bank about 75 per cent of whose 220 branches are in Ontario, with "the additional facilities afforded by a chain of branches, from coast to coast in Canada, with direct representation in New York and London, including world wide banking connections, and the business will be administered as far as possible by the present officials of the Standard Bank," the statement said.

There will be 811 branches under the amalgamation, with only 42 duplications, and the staff of the Standard Bank, who will be taken over by the Canadian Bank of Commerce will make a total staff of nearly 6,000 in the combined banks.

Statement Issued

The statement issued by Messrs. White and Logan follows:

"An agreement is being entered into with the consent of the Minister of Finance, but subject to the authorization of the shareholders, and the approval of the Governor-General-in-council, whereby the Canadian Bank of Commerce will purchase the assets and undertakings of the Standard Bank of Canada on the basis of one share of Canadian Bank of Commerce stock for one share of Standard Bank stock.

"The Standard Bank of Canada has over \$100,000,000 in assets, is very strongly represented in Ontario, having more than 170 branches in the province, but is not strongly represented in Western Canada, Quebec and the Maritime Provinces. The Canadian Bank of Commerce, on the other hand, with approximately \$600,000,000 in assets have over 500 branches throughout the Dominion from the Atlantic to the Pacific with additional offices in London, New York, Seattle, Portland, Ore., Newfoundland and St. Pierre. The amalgamation will give the Canadian Bank of Commerce many new business connections throughout Canada, a greatly strengthened position in the Province of Ontario, and with the acquisition of the Standard Bank branches will have in all over 800 branches. The enlarged institution will provide the present customers of the Standard Bank with the additional facilities, afforded by a chain of branches from coast to coast in Canada, with direct representation in New York and London, including world-wide banking connections and their business will continue to be administered, as far as possible, by the present officials of the Standard Bank.

Western Business

"The Standard Bank officials have felt for some time that they should earlier have opened up more extensively in Western Canada. To do so now with the present competition would be very expensive and slow of development, and joining in with the Canadian Bank of Commerce they consider they will be in an excellent position to give to their customers the ser-

vice they have long desired to furnish.

"When the consolidation is completed the Canadian Bank of Commerce capital will be \$24,823,400, the reserve fund \$24,823,400 and the total assets approximately \$700,000,000,000.

"Arthur F. White, now president of the Standard Bank, will become a vice-president of the Canadian Bank of Commerce. S. H. Logan will become a director of the bank and will continue as general manager of the enlarged institution, N. L. McLeod, now general manager of the Standard Bank, will become assistant general manager of the Canadian Bank of Commerce. The entire staff of the Standard Bank of Canada will be taken over by the Canadian Bank of Commerce, and, will have a much greater opportunity for their activities. The staff of the combined banks will total nearly 6,000.

"The consolidation will be completed as soon as the respective shareholders authorize the transaction and other legal formalities are complied with, which would be in about three or four months.

"Several directors of the Standard Bank will be elected to the board of the Canadian Bank of Commerce."

MUCH-NEEDED RAINFALL WILL HASTEN CROPS

(Continued From Page Eight.)

overcoats are much in evidence. Probabilities are for rain tomorrow.

Crops Affected.

The various crops have suffered greatly on account of the drought spell. The strawberry season will probably end next week. However, the impetus offered by today's rain may extend the season a few days. According to report the apple crop this year will be lighter than usual and this is partly due to unfavorable weather conditions. Local gardeners are optimistic now that rain has arrived and many have opined that they will partake of stringed beans before another week has passed. Beets, carrots and other garden vegetables will also be ready for early consummation.

venfencing the motorist to a measure altogether disproportionate to the offense. The police officer retains the name, license number and address of the offender and if he does not appear before the stated magistrate he is liable to arrest.

Are Giving Help.

The members of the Provincial Police force doing traffic patrol work are instructed to assist any motorist who seems to be in trouble. Many people travelling on the roads have spoken of service done them by police constables who have come up on their motorcycles and have helped them, either by lending them tools, getting garage assistance for them or by repairing the trouble themselves. Tourists especially have expressed their appreciation of the courtesy and kindness of the police in this respect.

On Walking Tour.

A young couple from New York city passed through the city yesterday in the course of an interesting trip. They had taken boat from New York to Halifax and had walked across Nova Scotia. They then crossed from Digby to St. John and walked from St. John to Fredericton. They had intended to return to St. John and Halifax to go back to New York the way they came, but they found the St. John River so delightful that they thought they would continue by foot to Quebec before embarking for New York. Time, the young man said was no object to them.

WAS VERY DELICATE

New Health Came Through Using Dr. Williams' Pink Pills.

Mrs. Caspar Miller, Lourdes, N. S., says that twice in her lifetime she has reason to be thankful for what Dr. Williams' Pink Pills did for her. She says:—"I was a very delicate girl going into womanhood, when I first found benefit from Dr. Williams' Pink Pills. I was a sufferer with cramps and pains every month and was hardly able to move around at all. One day when I was very sick a friend came in to see me, and she said to my mother, 'Why not try Dr. Williams' Pink Pills, I know they will do her a world of good'. The result was my mother got six boxes and I began their use, and I soon found benefit from them. By the time I had taken them all I felt an altogether different girl and no longer suffered from cramps and pains.

Then a few years ago I was attacked with influenza, and was sick for six weeks. Again I started taking Dr. Williams' Pink Pills, and again they brought me good health. I am the mother of a family and do all my own work, so you see I have to keep in good health, and depend upon these pills to keep me so. Now I always recommend Dr. Williams' Pink Pills to any of my friends who may be sickly."

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get these pills through any dealer in medicine, or at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
