Amery Says that He has not Tendered His Resignation

**Secretary of State For Dominion Affairs Denies
Assertions of the Daily Chronicle—The Opin-
ion Prevails, However, That Premier Bald-
win is Facing a Cabinet Crisis.**

(By HERBERT BAILEY, British United Press Staff Correspondent.)
London, July 31—"I have not offered my resignation", Right Hon. L. C. M. S. Amery, Secretary of State for Dominion Affairs, today declared emphatically to the British United Press when questioned regarding assertions made in the Liberal Daily Chronicle that he had resigned but had been asked by Premier Baldwin to reconsider his decision.
It is certain however, that dissensions in the Cabinet on the question of safeguarding have produced something akin to a crisis and that the Prime Minister is seriously exercised over the recent speeches by members of the cabinet revealing these dissensions. Meanwhile the Tories who want more safe-guards are putting their royalty to Premier Baldwin in the forefront of their declarations, but fears are being expressed on all sides that a definite Tory split is in prospect, which will paralyze the party in the next election or in the meantime involve the disappearance of either Amery or Churchill. The Chancellor is the more likely to go because he is less popular with the party, which distrusts and dislikes him.

RUSSIA MAY FAVOR TREATY TO OUTLAW WAR

**Under Secretary of Foreign
Affairs to Discuss the Matter at
Moscow.**

(Special cable to THE DAILY MAIL by the British United Press.)
Berlin, July 31—M. M. Litvinoff Russian Under Secretary of Foreign Affairs left for Moscow today after a series of conversations which it is believed will increase the likelihood of Russia's eventual adherence to the United States anti-war treaty.
It is expected that soon after Litvinoff's arrival at Moscow the Russian Government will decide its attitude towards the treaty. No decision will be announced since Russia has not been invited officially to join in the outlawry-of-war declaration. The United Press understands, however, that Russia probably will favor the treaty.

ATLANTIC FLIER UNDERGOES AN OPERATION

(Special cable to THE DAILY MAIL by the British United Press.)
Berlin, July 31—Baron Von Huenefeld, of the German trans-Atlantic airplane Bremen was said officially to be in serious condition today after an operation for appendicitis at a local sanatorium.
Prof. Bier performed the operation. Sanatorium officials said Von Huenefeld's condition was "serious although as satisfactory as could be expected in the circumstances."
Progressing Favorably
The condition of Mrs. Alice Murdoch of this city who underwent a serious operation at the Victoria Hospital early this week is greatly improved and her many friends in this city are wishing her a speedy recovery.

WILL LOOK FOR NEW LEADER IN THE SENATE

Ottawa, July 30—A change in the Conservative leadership in the Senate will take place before the next session of parliament. During the past session Senator W. B. Ross, (Midleton), who accepted the leadership temporarily declared he would take it for only one session, so it will be necessary to select one for permanent leadership in that chamber. It is believed the choice will lie between three, Senator James Calder, Senator Lendrum McMeans, of Winnipeg, and Senator Frank Black, of New Brunswick.
Senator Calder's capacity for leadership has many times been manifest, while Senator McMeans commands a wide following, particularly in the West and led the section in the Senate for the Canada grain act changes. Senator Black is well known in the Maritimes, particularly in New Brunswick where he is associated with several large financial and industrial enterprises. It is believed, however, that the fight will be largely confined to the two Western Senators, Senator Calder, leading the more reactionary and Senator McMeans representing the so-called progressive sentiment in the Senate.

GIVEN SIX MONTHS FOR KILLING CHILD

(Special cable to THE DAILY MAIL by the British United Press.)
Leningrad, July 31—Rather than permit his three year old son to grow up a hopeless idiot, Vladimir Orlofsky, an aviator, killed the child and then surrendered to the police. After a comparatively brief trial, Orlofsky was found "technically guilty" and the court sentenced him to six months imprisonment, but immediately suspended sentence, merely reprimanding him publicly.

BENNETT URGES NEW SPIRIT OF HOPEFULNESS

**Conservative Leader
Given Most Cordial
Reception in Western
Nova Scotia.**

Wolfville, N. S., July 30—Among scenes rich in Canadian history, in the beautiful Annapolis Valley, Hon. R. B. Bennett opened today the second week of the Maritime portion of his summer speaking tour.
Here tonight and late this afternoon at Annapolis Royal, the Conservative leader urged a new spirit of hopefulness and self-sufficiency in the Maritime Provinces.
"I come here to say to you," Mr. Bennett declared, "that the public men and women of the west realize their duty and their obligation to these little provinces by the sea. They realize that in Nova Scotia you have a great port through which may be shipped the products of central Canada and of the far west as well. They realize that this province of Nova Scotia and these Maritime Provinces contributed three Prime Ministers to the national life of Canada."
He went on: "There have been politicians in this country who believed Confederation should be broken and that you should secede, but the great common sense of the people of Nova Scotia, the great common sense of the people of the Maritime Provinces, has prevailed and you have kept the faith and remained true to the traditions of your forefathers who made Confederation possible."
Tonight Mr. Bennett spoke in the Convocation Hall of Acadia University to a packed audience. The town was gallily decorated and a band greeted the Conservative leader on his arrival. At Annapolis Royal, former capital of French Acadia, and first permanent European settlement in North America, north of the Gulf of Mexico, he addressed an open-air meeting in Fort Anne Park. There Mr. Bennett examined the historical relics from the time of the original settlement by the French in 1604 until 1710, when under the name of Port Royal, it was finally captured by the British.

PROTESTS THE SALE OF SHIPS BY ROUMANIA

(Special cable to THE DAILY MAIL by the British United Press.)
Moscow, July 31—Foreign Minister Tchitcherin cabled to the Roumanian Government today protesting against the sale of 200 ships and other properties claimed to belong to Russia. The sale, Tchitcherin said would give Russia the right to use similar methods regarding Roumanian property in Russia.

REFUSED TO HAND OVER HIS FILMS TO NOBILE

(Special cable to THE DAILY MAIL by the British United Press.)
Moscow, July 31—The Russian relief committee approved today the refusal of aviator Chukhnovsky of the Russian ice breaker Krassein, to hand over to General Umberto Nobile films he took when he sighted two men of the dirigible Italia off Northeast Land.

EX ALDERMAN GETS 6 MONTHS FOR GRAFTING

**Must Pay a Fine of \$15,-
000 Besides a Jail
Sentence.**

**IT HAPPENED IN
SYDNEY, N. S. W.**

**Magistrate Says That
He Proved False to a
Public Trust.**

(Special cable to THE DAILY MAIL by the British United Press.)
Sydney, N. S. W., July 31—Ex-Alderman Maling, recently convicted of civic graft charges was today sentenced to six months at hard labor and fined \$15,000 or failing payment of which sum to twelve months imprisonment.
In sentencing Maling the magistrate declared that the ex-alderman had levied blackmail and had proved false to public trust.

PREPARING FOR VISIT OF MR. BENNETT

Chatham, July 30—At a meeting of the Chatham Parish Liberal-Conservative Association held in the Town Hall here tonight, plans were made and committees appointed for the reception to Hon. R. B. Bennett, K. C. Leader of the Opposition in the Federal Parliament who will arrive here on August 2. The reception will, in all probability take the form of a political picnic to be held on the exhibition grounds. G. M. McDade was chairman of the meeting in the place of E. W. Watling, president of the association who was prevented from being present due to a bereavement in his family. K. J. Legatt was secretary.

Able to Resume Duties

Miss Effie Moffitt, who has been confined to her bed for the past several weeks following an automobile accident in which she sustained serious injuries, is now able to be out again and has resumed her duties. Miss Moffitt was injured in an automobile smash which occurred about a month ago when her car came into collision with another car in front of the Smith Foundry in a congested Saturday night traffic.

A Live Wire

Sparks Circus which is showing here today has just completed a tour of Nova Scotia where it exhibited at central points before large audiences. No small measure of the success of Sparks Circus is due to Eddie Jackson, the live wire who holds down the job of press agent. While still a young man Mr. Jackson is a veteran in the show business and radiates sunshine wherever he goes. He is known and esteemed in practically every newspaper office in the Maritime provinces. In Fredericton, Mr. Jackson has many old friends who are always glad to see him.

Rotary Luncheon

The weekly Rotary luncheon was held this afternoon in the rooms on Queen street and a goodly number was present. An interesting program was carried out, which consisted of going over the activities carried out during the past week and plans for the coming week. George Armstrong was chairman of the meeting.

When television comes we'll be able to see the fat soprano before the "mike" gasp for breath as well as hear her.

From what we read in the papers from time to time somebody has been trying to raise a Pullman car window.

Vancouver Athlete Won Important Race For the Dominion

**Percy Williams, a High School Boy Creates a Sen-
sation at the Olympic Meet—Rumors in Can-
adian Camp That Americans May Try to Per-
suade Him to Cross the Border.**

(By J. McMILLAN, British United Press Staff Correspondent.)
Amsterdam, Holland, July 31—Rumors that the Americans are already anxious to know if they have any chance of inducing Percy Williams and some of Canada's girl athletes to cross the border were being discussed in the Canadian camp here this morning.
Williams who is a Vancouver high school boy, yesterday created a sensation by winning the one hundred metre race for Canada.
The rumors were not taken very seriously and that it was believed there was little likelihood of any Canadian athletes enlisting under Uncle Sam's banner.

THE CANADIAN DOLLAR IS AT A PREMIUM

New York, July 30—Demand for money, occasioned by the grain movement in Canada and withdrawal of Canadian funds from abroad, strengthened the Canadian dollar today in the foreign exchange market, sending it to a premium of 1-16 of 1 per cent, after having been at a discount since May 9. On July 19, the Canadian dollar sold at a discount of 7-16 of 1 per cent, the lowest level since the return to the gold standard in 1926.
Heavy expenditures by tourists in Canada at this season of the year, and accumulation of Canadian funds by foreign countries to pay for grain usually combine to strengthen money rates in autumn.

SUMMER HELD UP BY MAYOR'S VISIT

Rome July 30.—The recent visit of the governor of Rome, Prince Spada Potenzini, to his friend, Mayor Walker of New York, postponed the inauguration of the summer season here for nine days—and cost a number of Romans 10 lire, or 50 cents fine. From a meteorological point of view summer begins in Rome, as in other parts of the world, on June 21. But the Roman reckons summer from June 1, because on that day a governmental decree permits him to walk on the right side of the street if that be shaded from the blazing sun. The usual concession to summer heat was not proclaimed until June 9 this year, because of the absence of the governor in America. Lacking a formal order, the literal minded police fined those audacious Romans who sought the shade, but many preferred a 50-cent fine to a possible sunstroke. Summer is now here, however regardless of what the calendar says, and the hot Roman sun beats down upon trafficless sunny sides of the street.

SHEDIAC CHILD'S FUNERAL HELD ON SUNDAY

Shediac, July 30—Eva Ouellet, seven-year-old daughter of Agrean Ouellet of Shediac, passed away Saturday morning following sudden illness a week previous while bathing at the shore under the hot sun. The funeral took place at St. Joseph's church, Rev. Father J. J. V. Gaudet, pastor, on Sunday afternoon.

NEW GAS WELLS ARE OPENED IN ALBERT COUNTY

Moncton, July 30—Two new gas wells, with a total capacity of three and three-quarter million cubic feet of gas per day, and with a total pressure of 1,750 pounds to the square inch, were brought in during the week end, following boring operations at the Stoney Creek field of the New Brunswick Gas and Oil Fields Company, Limited, in Albert County, some 12 miles from the city.
The first well was successfully capped on Saturday, its capacity being 1,000 pounds to the square inch. The bringing in of this well was followed by the second one today when, after drilling to a distance of 1,753 feet, a well yielding two and three-quarter million cubic feet of gas, with a pressure of 750 pounds, was struck and capped.

To Drill at Once

The well in which the gas was struck today is the fifth one drilled during the present summer's operations and drilling will be started immediately on the sixth, Dr. J. A. L. Henderson, president of the company, said today.
With a continuity of the success the development company has met with in their operations with these two wells, ample gas supply for Moncton and other places using same is assured for the coming winter, although it must not be taken that the capacity and pressure quoted above will remain at these figures as they may be much less in three months' time.

NO INCREASE IN MINISTERS' PAY

London, July 30.—Premier Stanley Baldwin has more or less put an end for the time being at least, to the agitations for revision of the salaries of British cabinet ministers by the announcement that there is no evidence of any general desire for a committee enquiry into the adequacy of the salaries. The agitation received an impetus with the recent retirement of Speaker Whitley of the House of Commons and the discussion over his pension it being argued that there was need for upward revision of salaries in view of the economic changes in the past fifty years.
