Stresemann's Speech not a Surprise to French Press

Had Fully Expected That He Would Maintain the German Thesis Before the Reichstag in Order to Avoid Recriminations—May be Reserving Concessions for Reparations Negotiations.

(Special to The Daily Mail by the British United Press.)

PARIS, Nov. 20—The French press today accepted without surprise the Reichstag speech of Foreign Minister Gustave Stresemann, of Germany. Declaring that it had fully expected that Stresemann would maintain the German thesis in all vigor before the Reichstag, in order to avoid recriminations, Le Petit Parisien expressed hope, however, that he was preserving concessions for actual reparations negotiations.

"If he is not, we are unable to see the definite utility of the projected committee of experts," the publication said.

Await Chamberlain's Return

London, Nov. 20—When Sir Austen Chamberlain returns to the Foreign Office from his visit to the United States and Canada, important diplomatic developments are expected.

The doubts of Dr. Gustav Stresemann, the German foreign minister, as to Britain's goodwill regarding the evacuation of the Rhineland and President Coolidge's apparent willingness to listen to any British proposals for overcoming the naval deadlock will have to be handled.

C.N.R. PRESIDENT IS HUNTING IN NEW BRUNSWICK

Sir Henry Thornton, President of Canadian National Railways, is spending several days hunting on the headwaters of the Southwest Miramichi with Deersdale as his headquarters.

This morning Sir Henry's special train, which left Saint John for Moncton last night following the banquet on the Canadian National Steamship Lady Nelson marking the inauguration of the new steamship service between Saint John and Halifax and the British West Indies, moved on to Deersdale on the National Transcontinental Division of the C. N. R., where it is parked while Sir Henry hunts deer and moose and other big game on the headwaters of the Southwest Miramichi before proceeding to Halifax, N. S., for more functions the latter part of the week aboard the C. N. S. Lady Nelson.

Given a License.

Last evening at Saint John complimentary big game hunting licenses were tendered Sir Henry Thornton by Premier Baxter upon behalf of the Government of New Brunswick for the members of the party and Canadian National Railways officials arranged with W. Harry Allen, of Peniac, former President of the New Brunswick Guides Association, to provide guides, who proceeded from here last evening to Deersdale.

While this is Sir Henry Thornton's first big game hunting experience in New Brunswick he is well known as a sportsman and has enjoyed the thrills of hooking and landing fighting New Brunswick Atlantic silver salmon on the famous Restigouche river, having visited the famous angling waters in 1927.

Moose and Deer From Cain's River.

More moose and lots of deer have come out of the Cain's River territory where "Mickey" Cochrane and "Sad Sam" Jones, two stars of the American Baseball League, got their moose in October while members of the party of major leaguers who hunted with Hopewell Lodge as their headquarters and Frank Russell, of Doaktown, as their head guide.

INCOME TAX MAY SOON BE ABOLISHED

Ottawa, Nov. 19—There has been considerable discussion recently as to the probable tax relief to be granted this session by Hon. James Robb, Minister of Finance in view of the healthy condition of the federal treasury. It has been assumed that there would be a further reduction in the income tax. As to its total abolition this is considered hardly probable, as Mr. Robb's policy is that of gradual reduction rather than sudden abolition. He has pursued this policy in regard to the sales tax and it is held that he will follow it in respect to the income tax.

RAINS CAUSE FLOODS IN THE MIDDLE WEST

(Special to THE DAILY MAIL by the British United Press.)

Chicago, Nov. 20—Heavy rains of the last two days had caused floods in four middle western states today. The Mississippi and the Missouri Rivers have overflowed in Illinois and Missouri, damaging crops and property to the extent of \$1,000,000 or more.

M. B. Dickerson of Moncton is in the city today.

Two brothers from Dayton, Ohio, Lawrence H. Crampton and Charles Crampton, each shot a moose after being located only two days at Gordon Brook camp (another of Guide Russell's lodges about seven miles from Hopewell Lodge, and Dr. Potter, of Cambridge, Mass., and a party of friends staying at his elaborate lodge known as Deepwood Camp, about nine miles from Hopewell Lodge, had shot four deer when the last word came out from them. The best deer hunting of the season has been the past couple of weeks, the season when the bucks started moving about being later than usual this year.

***** SAYS KING WILL APPEAL TO THE COUNTRY NEXT YEAR *****

Montreal, Nov. 20—The Montreal Herald today prints the following special despatch from Ottawa.
"Premier Mackenzie King will next year go to the country and his election appeal will be the abolition of the income tax, this it is learned from a very reliable source, is to be the bombshell of the 1929 call to the people by the Liberal party. The secret has leaked out and the source of the information gives it as the plank in a progressive platform."

CONFIDENCE MEN FLEECE A MONTREAL LADY

Montreal, Nov. 20—Under pretence of being a prospective buyer of property a confidence man, aided by a confederate, fleeced Mrs. Alexis Berrisse, 5630 Chabot street of \$2,000, her own and her husband's life-savings, according to a complaint laid at detective headquarters Saturday.

For the past month the woman said the confidence man had been discussing with her the purchase of some property she owned. Friday while they were together they met another man who said he had \$85,000 in his possession and asked the woman to take charge of it. He placed it in a box and asked each of the other two to put \$2,000 there as a guarantee. The prospective buyer did so, and the woman went to the bank and drew \$2,000 to put in the box also. When she got the box home, however, there were only a couple of dollar bills, some paper and a pair of gloves in it.

LIQUOR SOLD TO CHILDREN UNDER PROHIBITION

(Special to THE DAILY MAIL by the British United Press.)
Chicago, Nov. 20—Federal, local and school authorities moved today to end the selling of liquor to school children. Evidence that saloons, masked as an ice cream and child parlors have been running full blast, was brought after the killing of William Adomaytis, 18, a student, by Anthony Juskus, proprietor of an ice cream parlor.

ITALY IS TO BUILD POWERFUL RADIO STATION

Rome, Nov. 20—Il Tevere said today that one of the most powerful broadcasting stations in Europe and capable of reaching the United States will be constructed in the course of the coming year. It will be ready for inauguration on October 28, 1929, the anniversary of the Fascist march on Rome.

The newspaper said that the decision to build the station was taken at a meeting of the committee of vigilance for radio diffusion. The new plant will have a beam system of the Marconi type. It will be used for the sending of "national programs."

V. A. Smith of Moncton is in the city today.

WOMEN M.P.'S. PROMINENT IN THE NEWS

Mrs. Phillipson Will Not Stand for Reelection Next Year.

LABOR MEMBERS PREDICAMENT

Mrs. Runciman to Contest Tavistock at the Next Election.

By HERBERT BAILEY, British United Press Staff Correspondent

London, Nov. 20—Three British women members of Parliament were prominent in today's news. Mrs. Hilton Phillipson has decided not to stand for reelection next year because she wishes to give more time to her growing family and finds that motherly responsibilities conflict with parliamentary duties. She has two sons and one daughter and explains that they are now at the impressionable age.

Miss Ellen Wilkinson, Labor member, who has visited Canada, found herself in a curious predicament last night. She succeeded in getting the kitchen committee of the Commons to agree to admit women strangers into the dining room. She accordingly arranged a party for last night but had to cancel it because the superior authorities had not confirmed the kitchen committee decision.

Enemies of Lloyd George

Mrs. Runciman, who recently was reelected for Stives, now intends to contest Tavistock in the next election. She and her husband who sits for Swansea, are both Liberals but the bitter enemies of Lloyd George and they refused to accept his assistance or give him any help.

Liberal headquarters are perturbed by the fear that Mrs. Runciman's action means taking Tavistock away from Lloyd George's authority.

TAXI DRIVER ADVERTISES A LIBERAL TIP

London, Nov. 20—There is a taxi driver in London who admits that a passenger gave him too much money.

During greyhound races at the White City Stadium the following announcement was broadcast through the loud speakers:

"Will the person who hired a taxicab in Piccadilly Circus and drove to the White City kindly go to the manager's office where the driver is waiting as he gave him a £5 (\$25) note instead of a ten shilling (\$2) note."
The liberal tipster did not appear.

STEPHENS MAY BE MINISTER TO TOKYO

Ottawa, Nov. 19—One of the important matters to be dealt with when the cabinet meetings are resumed next week will be the appointment of the first Canadian Minister to Tokio. It is now believed that this appointment will go to Major George Washington Stephens, of Montreal.

Major Stephens, who was formerly chairman of the Montreal Harbor Commission, was once a contestant for the mayoralty of Montreal, and has come into prominence since the war as a member of the Saar Commission in Europe. He is well known as a business man, is reputed to be possessed of considerable wealth and his appointment would be popular in all parts of Canada.

The man who is compelled to eat his own words always runs a chance of acquiring a case of acute indigestion.

The Soviet Military Estimates Amount to A Respectable Sum

The London Morning Post Says That \$419,730,000 Will be Appropriated—Will Have 5600 Training Centres—Military Instruction Compulsory for Those Between 21 and 25 Years.

(Special to the Daily Mail by the British United Press)

LONDON, Nov. 20—The Conservative Morning Post published today what it said were the latest official army estimates in Soviet Russia for 1927 and 1928.

Appropriations amounted to 823,000,000 roubles (approximately \$419,730,000) the Morning Post said. Training centres number 5,600 in the military and sixty military schools had been established. Military instruction is compulsory for those of from 21 to 25 years of age in the training centres and reservists must stand in readiness between the ages of 26 to 40 years.

The Cable Merger

London, Nov. 20—The Financial Times, understands that Labor will be unable to attack the cable merger bill tomorrow in the way they expected because the government intends carrying the merger through by an executive act and will only bring in the Imperial telegraphs bill. No details of the merger need be given to the Commons. Labor is now seeking a way to meet the government's decision.

WOMAN KILLED WHEN AUTO RAN UP BANK

Middleton, N. S., Nov. 19—Mrs. Arthur Gates, of Spa Springs, N. S., was killed instantly yesterday afternoon about four miles from her home when the car in which she was a passenger skidded and ran up a small bank. She was thrown against the glass with such force that her neck was broken, was hurled through the window of the car and pinned underneath the machine. Henry Gates, son of the woman killed, and his wife, other passengers, were uninjured. The party were on their way to Kentville at the time. Her son is a contractor there.

EXPLOSIVES LEFT FROM WAR PUT TO GOOD USE

Washington, Nov. 20—Stocks of surplus military explosives, including more than 126,000 pounds of TNT, accumulated by the government during the world war, have been put to industrial uses, the United States Bureau of Mines reported recently. Experiments on practicability of using TNT and other dangerous explosives in industrial operations have conclusively proven its feasibility for that purpose, the bureau said.

Most of the explosives have been expended in road building, construction of dams and reservoirs, draining swamps, clearing cut-over lands and similar purposes.

STRONG FOR AIR

New York, Nov. 20—For real exhilaration flying is the thing, in the opinion of Prince Alfonso of Spain, who is visiting. "There are very few two-legged animals who don't fly, by the way," he elaborates.

G. M. Stickney of Montreal is in the city today.

MESSAGE OF THANKS FROM SIR AUSTEN

Ottawa, Nov. 19—Before leaving Quebec on his return voyage to England, Sir Austen Chamberlain sent a telegram of thanks and good wishes to Premier Mackenzie King. Sir Austen's telegram was sent in acknowledgment of one sent to him by the Prime Minister, and he refers to the "most kind message" which he has received.

His telegram was as follows:
"We have been deeply moved by all the kindness shown to us by you, your colleagues and the Canadian people, for all of us this visit will be among our happiest memories and we shall hope that it may be possible some day to repeat it. I pray that Canada may continue to prosper in her national development and play an ever larger part in our United Commonwealth of Nations."

SPUD MARKET CONTINUES RATHER QUIET

Hartland, Nov. 19—The potato market continues low, with very few cars moving to market. They are chiefly destined to Quebec. Some loads from the farms arrived at the local market and sold at 40 cents for Irish Cobblers and 50 cents for Green Mountains per barrel of 165 pounds.

One shipper said that on the Toronto market today native grown Ontario white potatoes sold at only 50 cents per 90 pounds in bulk. Deducting freight from New Brunswick this would leave the grower here only 29 cents per barrel of 165 pounds.

Farmers and shippers who are financially able, plan to hold their stored stock for a winter or spring market in the hope of better prices.

A Bostonian who went to Guatemala City to refresh himself says the best cocktails are shaken by earthquakes.
