## Agreement Must Include All European Nations

### Hitler's Offer of "Peace and Friendship" Inspires Statement—The League First—France More Than Ever a Supporter of Multi-Lateral Pacts.

PARIS, June 27—Premier Pierre Laval has declared he was willing to negotiate with Adolf Hitler on a "peace arrangement" for submission to all European powers, if it appeared "really possible."

"If the eventualities of a Franco-German agreement, which would respect the integrity of all powers, appears really possible soon," the premier told the Senate foreign affairs committee, he "would not hesitate to do his duty in favor of general peace and reconstruction of Europe."

Laval's statement concerned a previous remark at a press banquet that, "if an accord became possible with Berlin I would not hesitate to conclude it, but for such an accord to come about it must not be between two but among several powers."

#### Inspires Remarks

Hitler's offer of Germany's "peace and friendship," without any territorial demands, in his recent Reichstag speech, Laval indicated, inspired his remarks.

France, Laval said, "remains more than ever a supporter of multi-lateral pacts and negotiations among all powers for European peace. The League of Nations remains for the French government the necessary framework for this peace."

The premier's views were expressed in a three hour hearing before the committee, which he solemnly pledged to secrecy on his confidential report of talks with General Hermann Wilhelm Goering, Hitler lieutenant, at Krakow after the funeral of Marshal Pilsudski, and with Polish and Soviet officials at Warsaw and Moscow.

Secrecy is necessary, he said, because various negotiations including the pacts outlined at Stresa, are "far from finished."

"There are five or six men in the world on whom peace depends," Laval said, "and destiny has placed me among them. I shall work for France and for peace."

### FRIGIDAIRE SHOWS BIG SALES INCREASE

Last evening, Frigidaire Corporation, a division of General Motors Ltd. held a most enthusiastic sales meeting at the Queen Hotel, at which the entire selling organization of the local Frigidaire Distributors, James S. Neill & Sons Ltd., were present.

Mr. G. D. Denton, Maritime manager for Frigidaire Corporation, welcomed the local organization and commended them on their splendid selling efforts to date, in which they have secured a nice volume of Frigidaire business, both domestic and commercial. Mr. Denton further elaborated on the big increase he had experienced this year throughout the entire Maritime Provinces, in all over a 100% increase, as compared with the same period during 1934.

Mr. Denton then introduced the speaker of the evening, Mr. William Garlick, Sales Promotion Manager for the Frigidaire Corporation. Mr. Garlick was in a most authoritative position to talk about business conditions throughout Canada, having travelled east across the Dominion from the Pacific coast. He stated that throughout Canada, and particularly the western Canadian provinces, business had shown a definite pickup, furthermore, Frigidaire business had correspondingly increased.

Mr. Garlick stated one of the reasons for Frigidaire's increase in volume of sales was particularly due to the exclusive super-freezer contained

## Unity Is Strength

Unity is strength, disruption is defeat.  
History teaches us that internal disruption and petty divisions among nations have always led to final conquest by the onlooking enemy.

It is well known by those who have eyes and would see, ears and would hear, that a menace far worse than difference among religious believers is slowly but surely creeping through the boundaries of our country. Racial and religious dissensions are bound to fertilize the ground for the seed of revolutionary and Godless activity.

Now that the most hectic campaign since Confederation is over, let the people of New Brunswick unite and work together for democracy and the common good of government for the people, by the people.

Our forefathers fought for responsible government both in this country and in the Mother Country. It is to be hoped that insidious party campaigns will have figured in 1935 for the last time in the politics of the population of New Brunswick. The leaders on both sides in the campaign just closed have voiced utter disapproval of such.

## DETECTIVE TO STAND TRIAL IN LIBEL CASE

OTTAWA, Ont., June 27—Magistrate Glenn E. Strike definitely stated in court today he considered evidence against Jean Tissot, former city detective, was sufficient to commit him for trial by jury on two charges of publishing defamatory libel. The formal commitment was deferred until Friday in order that the evidence may be transcribed so that an application for bail may be made before a judge.

Charges against Tissot were laid on information by A. J. Freiman, president of the Canadian Zionist Federation. A similar charge against William M. Graham, based on the same publication which was laid by Leo St. Laurent, was today withdrawn, while a charge against Herbert G. Munro also laid by St. Laurent, will be heard tomorrow.

### WINNERS OF SHIELD

Grade Four of York Street school with Miss Nellie Winters as teacher, has been announced as the winner of a shield donated for Junior Red Cross work. The presentation of this shield is to be made at the closing exercises of York Street school tomorrow morning.

HALIFAX, N. S., June 27—One man B. Pelham, 19, was drowned today when a warehouse in which 1,000 tons of salt was stored, collapsed and fell into the sea.

In all models. Through its construction it was able to remove heat much faster from the cabinet interior—this together with many other outstanding features such as Dulux exterior finish on the lower priced Frigidaires, the exclusive automatic tray release, the stainless metal in ice trays, the cold control, hydrator and acid resisting porcelain lining in all Frigidaire Models were some of the facts contributing to the public's national acceptance of Frigidaire.

Mr. J. Stewart Neill, of the local organization, was very enthusiastic of Frigidaire position in Fredericton and explained his preference for the splendid Frigidaire line.

Similar meetings have been conducted in Saint John, Halifax, Sydney, Kentville, Charlottetown, Moncton, at which points the local organizations were very optimistic for outlook for Frigidaire for the balance of 1935.

## SCHOOL BOARD OFFICE, HOW PUBLIC IS TREATED

When the Daily Mail requested information from the School Board office today this paper was treated with gross discourtesy by a junior clerk in the department. Mr. Hanson is always very obliging but he should instruct his under-strappers to be just as courteous to people who are helping to pay their salary.

The Daily Mail has seen fit to, as is our right, criticize the School Board for its arbitrary way of doing things. We have at the same time always found Dr. VanWart, the chairman, (and Mr. Hanson, the Secretary, both friendly and courteous. It is not up to some fresh young clerk to "take it out on this paper" because we refuse to accept the cut and dried reports of the Fredericton School Board. We were prepared to think that the Board was improving but if its understrappers are allowed discourteously to the public then they are not so improving.

### HOURLY EXECUTION FOR TEMPLES NEAR

ST. THOMAS, Ont., June 27—The last dawn came up today for Frank and Fred Temple, father and son, convicted of the murder of Police Constable Colin McGregor.

Sometime between midnight tonight and four o'clock tomorrow morning the Temples will mount a double gallows to be executed in the first hanging in Elgin County since 1835.

The doomed men displayed little emotion as their last few hours approached. Both slept well, and ate a good breakfast today. A doctor, a priest, prison officials and guards will be the only witnesses to the double hanging.

### LUTHERAN SYNOD ELECTS OFFICERS

WINNIPEG, June 27—Rev. E. K. Glasfion, of Seattle, Wash., was re-elected president of the Icelandic Lutheran Synod of North America at the annual meeting of the organization here. The veteran Divine has been head of the Synod for twelve years.

Other officers elected included Rev. E. Sigmar, Mountain, N.D., vice president, and Rev. J. Bjarnason, Gimli, secretary.

Cowboy songs are popular again, and almost everybody sings them except cowboys.

## F. H. S. To Graduate One Hundred Seven

### PRIME MINISTER FORCED TO SLOW UP HIS PACE

#### Remains Away from Of- ficial Duties For Period Yesterday on Advice.

OTTAWA, June 27—Acting on the advice of his physician, Prime Minister R. B. Bennett remained away from his official duties this morning and was in the House of Commons only a short time yesterday afternoon. He was not seriously ill and walked to his hotel apartment after spending two hours in the House and in his Centre Block office.

A slight abdominal disturbance which was said to be not serious, coupled with a weakened condition arising from his recent illness, prompted the prime ministers medical adviser to order him to slow up. Mr. Bennett has been extraordinarily active in recent weeks, adding the chairmanship of the select House committee on the proposed grain board legislation to his already heavy tasks. It was anticipated the prime minister would be about as usual today.

### LATE FLASHES

EL PASO, June 27—A premature explosion of 20,000 pounds of dynamite today brought death to a 17 year old boy, Stephen Sparks, and probable fatal injuries to three workmen.

HONG KONG, June 27—The M. S. San Lunon, carrying 260 passengers on the Canton River, capsized today near Heiping, carrying 140 persons to death.

BROOKLYN, N. Y., June 27—Hundreds of school children witnessed the fatal shooting today of Frank Italiano by two unidentified men as he stepped out of his automobile in a crowded street.

LOS ANGELES, June 27—Poia Negri's suit against her former husband, Prince Serge Mdivani, in which she sought to recover \$80,000 allegedly loaned him, was dismissed today. Attorneys said a settlement had been made, but did not disclose details.

WASHINGTON, June 27—Secretary of the Navy Swanson announced today that bids would be opened August 7 for the construction of 13 of the 24 warships authorized.

### JOHN D. ROCKEFELLER TO GET \$5,000,000 ON 96th BIRTHDAY

NEW YORK, June 27—The American said in a copyrighted article today that John D. Rockefeller, Sr., would "receive a plum of \$5,000,000 in cash on July 8."

He will be 96 on that date, and the paper said he would then be paid the face value of insurance policies on his life.

Mr. Rockefeller is at his estate in Lakewood, N. J., and expects to spend his birthday there. He returned to Lakewood recently from Daytona Beach, Fla., where he had gone for the winter.

The American explained that life insurance companies make a practice of discontinuing policies on persons who become 96. The face value of the policy is paid and their names are dropped from the books.

Mr. Rockefeller took out his first policy, it was said, "when he was only 21—a thrifty, hard working partner in the firm of Clark & Rockefeller, Cleveland commission merchants." He obtained more insurance, as his income rose, but before a vast flood of golden oil had assured him of security during his old age.

### Closing Exercises at the High School This Even- ing — Misses M a b e l Grieve, Margaret Law, and Curtis Cameron and Fred Flewelling Double Winners — The Programme.

Fredericton high school will graduate a total of 107 students at its 1935 graduating exercises which take place in the high school auditorium this evening. This number is slightly less than last year, when 135 were graduated. Tonight's exercises will feature a program of musical and other numbers, addresses, and the presentation of certificates and prizes.

Miss Mabel W. Grieve, daughter of Mr. and Mrs. Fred A. Grieve of Harvey Station is a double prize winner this year, being the winner of the Senate of U. N. B. prize for mathematics, and the McMurray prize to the pupil standing highest in Grade eleven. Other double winners are Miss Margaret Law, who captured the Governor General's silver medal for English and the City of Fredericton Silver Medal for Best English essay. Fred Flewelling, another double winner, will be presented tonight with the Dr. Coulthard Memorial Medal for Science and the Prize of \$5 for the highest standing in History in the Academic course. Curtis Cameron, the fourth double winner, distinguished himself in the Vocational Department of the school.

The John Thurston Clark Memorial prize of Ten Dollars to the Boy Standing highest in the Graduating Class of the Commercial Department goes to James McElman.

The program to be carried out this evening commencing at 7:30 is an interesting one. Rev. G. W. Guion will deliver the address to the graduating class, and the valedictory will be delivered by Gerald Bell, son of Mr. and Mrs. Ernest Bell, of this city.

The programme will be as follows:—"O Canada".  
Address by the Chairman—Dr. G. C. VanWart.

Presentation of a Memorial Library.  
Chorus: The Sextet from "Lucia Di Lammermoor."

Latin Declamation—Mr. Douglas Page.

Presentation of Prizes.  
Chorus: "The Erl King"—By Schubert.—The School.

Presentation of Certificates.  
Address to the Graduating Class.—Rev. Gerald W. Guion.

Valedictory—Mr. Gerald Bell.  
God save the King.  
The list of prize winners for 1935 follows:

Douglas Silver Medal for Classics, won by Douglas Page, presented by Dr. G. C. VanWart.

Governor General's Silver Medal for English, won by Miss Margaret Law, presented by Major I. B. Rouse.

Dr. Coulthard Memorial Medal for Science, won by Fred Flewelling, presented by Mr. Jack Reid.
