Broadcast From Famous Shrine at St. Anne De Beaupre

Canadian and United States radio listeners will hear a detailed description of the closing ceremonies on the Feast Day of St. Anne, at her world famous shrine located at the foot of the Laurentian mountains near Quebec City, when the Canadian Radio Commission presents, over its Eastern and Midwest networks and through the facilities of the National Broadcasting Company, a broadcast from St. Anne de Beaupre on July 26. The program will be heard from 9:30 to 10:00 P. M., A. S. T.

Hundreds of thousands of pilgrims from all over the North American continent annually visit this shrine and scores are reported cured of afflictions. The ceremonies are ended on the Feast Day of the Patron Saint.

A graphic word-picture of the lovely evening services will be heard, and an elaborate mechanical setup will enable listeners to sense the atmosphere of the shrine.

If Singin' Sam should return to New York in the fall, when his current CBS program goes coast-to-coast, he will probably be one of the artists to use the Hammond electric organ which is getting a big play on the airwaves. The Court of Human Relations has used the sensational new instrument for months and now reports are that Morton Downey and Rudy Vallee are to give it a place on their shows.

SHORT WAVE PROGRAMS FOR C. B. C. HEARERS

Final tests are now being made of the Radio Commission's new short wave receiving station, construction of which was recently completed on Ontario Highway, 15, ten miles west of Ottawa. Ottawa newspapermen inspected the station last week and were given a demonstration of the quality of reception of programs from Great Britain. Commission engineers pronounce the operation of the station to be highly satisfactory.

This station is to be used for bringing in programs by short wave from Great Britain, France, Germany and other countries, and giving them to the Commission's networks covering Canada from coast to coast. This additional service by the national broadcasting system will be inaugurated very soon, and overseas programs will be fed to the networks daily. Thus another of the original purposes of the national system is being carried out. It will be recalled that the Aird Commission in its report in 1929 recommended that the proposed public service broadcasting system for Canada should not only supply Canadian listeners with the best Canadian broadcast entertainment that could be produced but should also effect an exchange of programs with other countries. During the past eighteen months the Commission has been exchanging selected programs with the big networks of the United States, and now choice programs from overseas will be made available to Canadians. Hitherto, overseas programs brought in by the Commission have come by way of the trans-Atlantic radio telephone system. Through the new station near Ottawa they will be picked up by the Commission itself.

STARLINES

FRANCES LANGFORD, Chief contralto to interest in the "Hollywood Hotel". Was born in Lakeland, Fla.

And 20 years later finds her with a pet alligator. It reminds her of home. She attends Southern College where she sang soprano in glee club. Then she had her tonsils removed. Emerged from the hospital a contralto.

As such was heard by Rudy Vallee, who happened through Tampa. He signed her as guest star for his next week's New Orleans program. And fame, future and fortune were practically in the bag.

Did the theatrical "wheels" and radio commercials with honors.

Believes she will never be perfect. However, college boys and Annapolis midshipmen think differently.

Their fan mail sets her up as "America's college campus queen".

Few are "mash" notes, most of them as orderly as a quiz section. Frances would make most any college year book beauty section in a walk.

VITAL STATISTICS: Weight 100; height five feet, three and one-half inches; dark complexion; raven hair; she's single.

SPONSOR: Campbell Soup Company.

AIR TIME: Fridays from 9:00 to 10:00 P. M., A. S. T.

Gentle hints seem to make no more impression on the average man than snow flakes on hot sand; but when a woman says "Gimme!" he knows, pronto, exactly what she means.

Prof. Einstein carries on. He had a second theory that when, at a dinner you are called on to speak, and have nothing to say, you should say nothing. And only about a dozen men in the world understand that, either.

STAR DUST

The generous nature of Uncle Charlie Winger has received so much publicity, the reception chambers for audiences of the "Tent Show" are always filled with mothers who offer the old trouper "Shirley Temples" of the radio. Winger says it has become a strain on his diplomatic faculties to explain his limited influence.

Nick Dawson, who is heard as the hero of the "Dangerous Paradise" air show, says he has tried too many ways of earning a living to be enumerated in one paragraph. He has been a soldier, sailor, cowpuncher, salesman, advertising man, circus ballyhoo man, and many other things but always his love for acting caused him to revert to the stage between interludes. Now he is happy as a radio star.

Phil Duey has had to move into a larger apartment. The young baritone formerly did most of his practicing at home in a combination music room and library, but found himself stopping his vocal gymnastics too often to browse among his pet books. "After all," says Phil, "I couldn't combine my two hobbies that way, so now I've a music room without a single book in it".

The Revelers, radio's premier quartette, had been annoyed for a long time by a pianist who insisted who insisted he was divinely gifted to be their perfect accompanist. In despair, they finally gave him an audition, which turned out as badly as one might expect. "That piece is difficult", he apologized after a study in discord. "We wish", returned Elliot Shaw, the baritone, "it were impossible."

The farm housewife, who is now Mrs. Theodore Webb, formerly sang with the Beauty Box baritone in opera. That was before they became enmeshed in the matrimonial web.

Waring To Honor Noted Composer With Stoop, Bud

Fred Waring and his Pennsylvanians are preparing several popular numbers from the pen of Vincent Youmans, noted Broadway composer, as a musical tribute to him in their broadcast over the WABC-Columbia network Tuesday, July 3, from 9:30 to 10:30 P. M., A. S. T.

Colonel Stoopnagle and Budd, who are equipped with their own individual priming systems, have gone into communion with themselves and, with the aid of such high-strung individuals as Mr. Lucius Bopp, Gregory Longcotton and Meticulous H. Hush, are making vague preparations for the broadcast. Pursuant to a policy laid down before he wore his first long pants (See Sec. 1, Pgf. 14 Compiled Statutes of Page Page), the Colonel petulantly refused to emerge from seclusion long enough to tell anybody what kind of doings they will be doing on the program.

Fred and his proteges will present five compositions by Youmans, who has written many hit musicals. His first production, "Two Little Girls in Blue", played on Broadway in 1920, when Fred Waring's musical organization was in its infancy.

The Youmans numbers selected for the program are: "Carioca", "Hallelu-

TONIGHT'S NOTES
