**SERVICES AT
CITY CHURCHES
ON SUNDAY**

Ven. Archdeacon A. F. Bate preached special sermon to Sons and Daughters of England at Parish church — Special Music.

The usual services were conducted at the various churches in the city and vicinity on Sunday. The fine warm weather drew many to the services.

At Wilmot United Church the service in the morning was conducted by Rev. Ralph Barker, and in the evening by Rev. Dr. W. C. Kierstead. The regular pastor, Rev. J. W. Bartlett, is ill in the Victoria Public Hospital, having undergone an operation last week.

Rev. G. W. Guioa conducted both services at the Brunswick Street Baptist church, large congregations attending. The morning theme was "Jesus Came Preaching," and the evening theme "Why Join the Church?"

At St. Andrew's Presbyterian church Rev. Dr. G. E. Ross, the regular pastor spoke at both services during the day. "Living for the Highest" was the morning subject, and "King of Kings, and Lord of Lords," the evening theme. Sunday school and bible class were held at 2.30 o'clock.

At the Christchurch Parish church Holy Communion was celebrated at eight o'clock in the morning. The morning service was broadcast over station CFNB, and was a special service with the Sons and Daughters of England attending in a body. Ven. Archdeacon A. F. Bate was assisted at the service by Rev. W. J. Bate. Special anthems were sung by the choir.

Ven. Archdeacon Bate took his text from Isaiah, Chapter 62, and verse 3, and his remarks were appropriate. He stressed kindly deeds and habits on his hearers. He made a plea for righteousness in the individual and in the state. In the evening the pastor spoke at St. Margaret's Chapel of Ease and during the service 6—three adults and three children, were baptized.

At St. Paul's United church services were held at 11 a.m. and 7 p.m. The morning subject was "The Secret Place," and the evening subject "Job and Jesus." Rev. George Telford, M.A. B.D., conducted both services, and large congregations attended all the services.

"Did Jesus Say Poverty Men's Happiness?" was the title of the sermon delivered by Rev. W. A. Burge at the morning service of the Gibson Memorial United church. It was the second in a series of addresses on The Beatitudes. Service was held at Nashwaak in the afternoon. In the evening in Devon the pastor spoke on the theme: "The Palace Beautiful."

**Do Not Take All
This Sailor Did**

BALBOA, C.Z., May 27—The quarantine service of the Panama canal, one which gives by radio medical advice to ships, recently received a request for the diagnosis of the illness of a member of the crew of the freighter Cristobal. It explained the case by radio, the master said:

"Seaman complains of aching all over, but has no fever. I have given him epsom salts, quinine, aspirin, castor oil and a few other remedies, but they do not seem to do any good. The man still aches."

In the reply he was instructed to give the seaman hot baths and stop the medicine.

Many a man carrying life insurance wonders whether the Little Woman has sufficient business judgment to handle the money in the event of his death—whether she could resist the smart salesman who invariably tries to sell doubtful gold mine and oil well stock, and all other such glittering investments, to widows who suddenly find themselves with ready cash on hand.

Well, how about judging her by her attitude toward chain letters, which assure her—guarantee her—that a lot of persons she never heard of will send her \$1,562 if she will send one of them a dime?

**MAINE BUYERS
PROMINENT IN
N. B. AUCTION**

Buyers from Maine, Ontario, Prince Edward Island, and New Brunswick bought the entire herd of eighty Jersey cattle sold at auction by the Estate of Dr. L. DecM. MacIntosh, Hartland, N. B., on Monday.

Over 500 people were in attendance at the largest sale of pure bred cattle ever held in the Maritime Provinces.

The sale was in charge of Jas. Bremner, Fredericton, Secretary of the Canadian Jersey Cattle Club, and the auctioneers were A. R. Foster, Hartland, N.B., and Lorne Franklin Toronto, Ont. The well known Jersey breeder, Harry Duthie, Woodstock, N.B., purchased five head, and perhaps secured the cream of the herd.

In the lot was the imported cow La Sentas Lae: Sultane, a cow imported from Jersey Island several years ago, and although she is now ten years old topped the sale at \$127.50. Mr. Duthie also purchased her daughter, a real outstanding cow, that is a half sister of the new herd sire recently purchased by the Harvey Jersey Club for over \$1,000.00.

One of the features of the sale was the purchase of the splendid show and producing cow Merry Brook Ruth for Edward McLaughlin, Andover, N.B. This cow was purchased for Mr. McLaughlin over long distance phone from Vancouver by his uncle, Roy Brown, editor of the Vancouver Daily Province, and a native of Canterbury, N.B. Mr. Brown is one of the leading breeders of Jersey cattle of the Pacific coast.

The highest priced heifer went to Maine at \$115.00, and baby calves sold from \$15.00 and up, going to Ralph Boake, Whitby, Ont., who was present at the sale. C. T. Jones, Apohaqui, made a nice selection in a two year old heifer, and a very promising bull calf, Herbert Lindsay, C. H. Fox, and Lewis Wilson, all of Woodstock, each got a cow. The Boys' Industrial Home, East Saint John, purchased a son of the grand old champion cow Brackley Ada, winner of many show ring honors with a production record of 607 lbs. of fat at two years of age. Harold Stead, who bred and raised Brackley Ada at Charlottetown, P.E.I. was on hand at the sale, and purchased one of the best cows, an imported daughter of the \$30,000.00 bull Sybil's successor. Accompanying Mr. Stead, was one of Prince Edward Island's younger breeders, Dr. J. P. Lantz, Charlottetown, who bought six head, taking back with him in the lot a son of Brackley Ada.

The senior herd sire Brampton Jersey Forward, a son of the Gold Medal bull goes to St. Quentin, N. B., having been purchased by Lawrence Lynch.

Mr. Franklin, who has sold throughout Canada over \$200,000.00 worth of Jersey Cattle stated that this was one of the most successful dispersal sales held in Canada in recent years.

**Canada Has One
Auto For Every
Ten Inhabitants**

OTTAWA, Ont., May 27 — Of the 1,100,000 motor cars of various kinds alone number close to 1,000,000, according to the dominion bureau of statistics. In round figures there is one motor car in Canada for every ten inhabitants. These cars have about 400,000 miles of roadway in the Dominion upon which to travel.

It takes more than 500,000,000 gallons of gasoline to run these cars for a year, or about 500 gallons for each car. If the price is 25 cents a gallon, the average cost of fuel is about \$125 a year for each owner. Registrations and taxes on vehicles bring in over \$20,000,000 to the government, while gasoline taxes account for \$27,000,000 more.

Voice A Columnist

The Voice of Experience has become a newspaper columnist for the time being. Salt Lake City, Utah, papers are carrying a column by the radio oracle in anticipation of his appearance there in the Mormon Tabernacle May 30 in a benefit for Mormon and Shriner crippled children funds. Directors of the event report that requests for tickets are coming in from all over the mountain states and from California.

Of Interest to Women

**COMBINE SPRING FRUITS
FOR SUMMER DESSERTS**

Top Off Salad Meals With Nutritious
Second Course

(By Katherine Baker)

Strawberries, pineapple, rhubarb — all are here to emphasize the golden days of approaching summer. These fruits are rich in flavor and bring "pep" to the menu. They're very nice in their natural state but stewed rhubarb, diced pineapple, and the same old strawberries and cream do sometimes get a bit flat.

These tested recipes bring unusual desserts with full fresh fruit flavor to top off springtime meals. The tapioca dishes are full of calories, vitamins and other dietetic essentials and so are particularly fine finishes to salad or cold plate meals.

SPRING FRUIT TAPIOCA

2 cups water
1-3 cup quick-cooking tapioca
1 1-4 cups sugar
1-2 teaspoon salt

2 1-2 cups rhubarb, cut in 12 inch pieces

1 cup shredded fresh pineapple

Place water in top of double boiler

and bring to a boil over direct heat.

Combine quick-cooking tapioca, sugar,

salt, and rhubarb; add to water and

bring to a brisk boil, stirring constantly.

Place immediately over rapidly

boiling water and cook five minutes,

stirring occasionally. Remove

from boiling water — mixture clears

and thickens as it cools. When slightly

cool, fold in pineapple. Chill.

Serve with plain or whipped cream.

Serves 8.

JUNE RICE PUDDING

1 package quick-setting strawberry
jelly powder

1 pint warm water

1-2 cup cooked rice

1 cup fresh strawberries, coarsely

chopped and sweetened

Dissolve jelly powder in water

which should be slightly hotter than

lukewarm but not boiling. Chill. When

slightly thickened, fold in rice and

strawberries. Pour into mold. Chill

until firm. Unmold. Serves with

crushed, sweetened berries. Serves

six.

RHUBARB JELLY

Wash rhubarb—cut up and cook un-

til soft. Drain off juice and add an

equal amount of sugar and the juice

of one lemon to every quart of juice.

Boil and test as with any other jelly.

Very Good.

**RHUBARB & STRAWBERRY
CREAM**

1-2 cup sugar
1-3 cup water
1 pound rhubarb, cut in small pieces
1 package quick-setting strawberry
Jelly powder

1 cup fresh strawberries, sweetened
and crushed.

1-2 cup cream, whipped

Dash of salt

Combine sugar and water and heat

until sugar is dissolved. Add rhubarb

and simmer until tender. Measure;

add water to make 1 1-2 cups. Dis-

solve jelly powder in warm rhubarb

mixture. Chill. When slightly thick-

ened, fold in strawberries, cream and

salt. Turn into mould. Chill until

firm. Serves eight.

**STRAWBERRY TAPIOCA FLAM-
INGO**

1 quart strawberries, hulled

1 cup sugar

2 cups water

1-2 teaspoon salt

1-3 teaspoon quick-cooked tapioca

1 cup strawberry juice and water

1-2 cup cream, whipped

Crush strawberries slightly, add

sugar, and let stand 30 minutes or

longer. Place water in top of double

boiler and bring to a boil over direct

heat. Add salt to quick-cooking

tapioca; add gradually to water and

bring to a brisk boil, stirring constantly.

Place immediately over rapidly

boiling water and cook five minutes,

stirring occasionally. Remove from

boiling water—mixture clears and

thickens as it cools. Drain strawber-

ries; add water to juice to make 2

cups. tapioca mixture is slightly cool,

add strawberry juice. Pour 1-2 mixture

into parfait glasses. Chill. When

remaining tapioca mixture is cold,

fold in cream, pile lightly in glass.

Just before serving, top with crushed

strawberries. Serves six.

HOUSEHOLD USES FOR SALT

In hot weather, when you are tired

and thirsty and particularly after pro-

fuse perspiration, when you feel the

need of a long, deep drink of water,

add a pinch of salt to it. It is the

surest, most scientific preventive of

heat exhaustion or heat cramps. If

the men are working in the garden or

the children are playing outside on a

hot day, put a little salt in the water

they will want to drink when they

come in and they will be saved a lot

of discomfort and have more energy.

**QUEEN MARY
ONCE POOR**

Learned Economy As
a Bride — Kept Own
Household Books

LONDON, England, May 26—Asked to give a pen portrait of Queen Mary, first lady of England, the average American would find himself stumped after recalling that she is a sort of handsome queen who always wears a turban that they make jokes about and who is never seen in public without a silk umbrella.

There is, however, as Britons are fond of pointing out, a good deal more to Queen Mary than that.

She has, for instance, known comparative poverty and lived in part of a rented house. She is an ardent housekeeper; so ardent that none of the scores of servants in Buckingham Palace is ever certain she won't pop up the next minute and find dust on the mantel.

Like "Those Hats"

Furthermore, she wears those hats because she likes them. She discovered many years ago that the particular model became her more than any other shape. She has ordered them ever since. She wears pearl-gray costumes for much the same reason.

Millions of women who have envied Queen Mary her sumptuous residence at Buckingham Palace do not know what she has been up against.

Only women, her friends say, who have inherited difficult, old-fashioned houses with inconvenient pieces of furniture, can appreciate her position.

She has devoted most of the last 25 years to trying to modernize the great house at the head of the Mail, refurbishing one room at a time and gradually getting things to suit her taste. It's been a trial, they say.

The Queen's knowledge of house-keeping comes from personal experience. As the daughter of the Duchess of Teck, an amazingly unconventional and improvement woman, most of her girlhood was spent helping cope with domestic difficulties.

Lived in "Cottage"

The Duchess, although possessed of only a modest income, was the most enthusiastic first-nighter in London and believed in entertaining one and all, including theatrical celebrities, on a lavish scale.

As a result, there came a time when the future Queen, then 16, and her mother had to go to Italy for a couple of years to economize. That was when she lived in the rented house, or part of it.

Even after she married George, then the Duke of York, things were not too rosy. The Duke's income was small, the cottage in which they lived at Sandringham was even smaller, and as the royal children continued to arrive economy became a real problem. Mary kept her own household books and even did much of her own shopping.
