

King's Silver Jubilee Arrangements

Mammoth Parade to Feature May 6 Celebration—Parade Committee Decides to Give Children Silver Jubilee Medals—City Church Choirs to Take Part—Fireworks Part of Program—Parade to be Held Regardless of Weather.

The general committee delegated to thing necessary for a complete and arrange for the King's Silver Jubilee picturesque program of fireworks. celebration on May 6th, met last evening in the council chamber of the city hall and made detailed arrangements for the provincial celebration to be held in this city, in honor of the anniversary of the accession of King George V. Ald. C. Hedley Forbes, chairman of the general committee was in the chair.

Ald. F. S. Mundle, chairman of the Floats committee reported on this committee. He told the general committee that over sixty industrial and business people of the city intended to take part in the parade. At least eight societies, to date, have agreed to participate in the mammoth celebration. Devon, Marysville and Oromocto have been invited also to take part. Generous prizes for the best floats are to be divided amongst historic, patriotic and business classes. There will be a number of industrial floats showing the progress made in industry during the past twenty five years.

Mrs. W. G. Clark suggested that patriotic movies for the children would be appropriate entertainment for the morning of May 6, and in this regard movies will be shown at the both theatres. The picture shows have contributed free shows for the cause. The vocational committee have arranged that there be floats for boys and girls work, and medals are to be contributed. It was suggested that flags be carried by the school children and that flags be used to decorate homes and business houses. A motion was passed that children be given a Jubilee medal of aluminum which would cost about eight cents a piece. The Broadcast committee of which Archie Williams is chairman, reported that application at Parliament Square be supplied during the evening of May 6. He stated that the cost would be about 25 and that the amplification would be supplied by the radio station as "a public service". Two microphones will be used and a radio engineer will be present.

An extensive program of fireworks is to be carried out on the evening of May 6. F. E. Osborne, reporting for the fireworks committee, stated that an excellent program will be arranged for \$175. The company which the contract was made would send every-

thing necessary for a complete and picturesque program of fireworks. Charles Fleet, who has been directing the fireworks programs at the Fredericton Exhibition Ltd., for some years will be available to direct this program and in this way the expense of bringing a man from Toronto will be saved. Parliament square to the west of the A. and B. Club House has been suggested as the spot to hold the fireworks. In case of unfavorable weather the fireworks program will be taken up by the directors of the Fredericton Exhibition in order that no loss will be sustained by the city and province.

It was suggested by George Beatty that in the event of unfavorable weather the celebration be held in the next favorable holiday, but his suggestion was overruled, and it was decided to hold the celebration on May 6th, regardless of weather conditions.

It had previously been arranged and suggested again last night by Ald. Hedley Forbes that the various church choirs be approached as regards their participation in the celebration.

The Fredericton High School and the Provincial Normal School will also be approached as regards their participation in the celebration.

Byrce M. Love, chairman of the Ball Committee, reported that the orchestra for the ball which is to be held in the Legislative Building had been engaged for the sum of \$40. The ball, which will be under the distinguished patronage of His Honor the Lieutenant Governor, Dr. Murray MacLaren and Mrs. MacLaren, His Worship Mayor Clark, the Countess of Ashburnham, and others will be a gala affair, commencing at nine o'clock and lasting until one o'clock. The Girl Guides will be permitted to operate a check room at the ball.

Col. E. J. Lounsbury, chairman of the Parade Committee, gave a report on the plan of the parade which was published in the Daily Mail several days ago. The only change in the program was that the parade will proceed from Smythe street, down Brunswick to Westmorland street, rather than down King Street to Westmorland street, and thence out Westmorland to Queen and down Queen to Parliament Square.

The Royal Salute will be fired at

three o'clock, when His Honor the Lieutenant Governor will arrive at Parliament Square. Col. Lounsbury was of the opinion that a publicity committee be appointed and the committee was named as follows: Robert Herbin, chairman, Harry Garvie and Arthur MacLaggan.

The question of decorations of public buildings arose and it was decided to enquire about the federal buildings in the city being decorated for the occasion. Ald. C. Hedley Forbes said that the city would be decorated on that day. George Beatty suggested that some arrangement be made in order that the sick and infirm could participate in the celebration. This was left to the committee to consider.

It was suggested that an archway now situated between the exhibition grounds and the race track be moved to a prominent point on Queen Street for the celebration. Ald. Forbes said that he would inspect the arch to see if it was in fit condition to use for the purpose. Ray Barker thought that the \$152.00 set aside for prize money in the parade be increased, in view of the fact that broadcasting expense would only amount to \$25 as against an expected \$225. J. Stewart Neill has generously offered this broadcasting service free of charge except for the small cost of installing equipment. Sterling Limerick suggested that floats be classified into different categories for prizes. The meeting adjourned.

Power Problems May Be Discussed

TORONTO, April 17—Premier Mitchell F. Hepburn said today he hoped to meet Premier L. A. Taschereau of Quebec in the near future to discuss the whole pulp and paper situation.

Mr. Hepburn said power problems might be discussed at the conference but the conversations would mainly concern pulp and paper problems.

The premier stressed the necessity of an immediate rearrangement of the pulp and paper industry. Two or three propositions have been placed before the government for consideration, he said.

"It is our aim to stabilize the industry and eliminate as much as possible the cut-throat competition which has existed and which tended to lower the standards of employees," Mr. Hepburn said.

"The Daily Mail is the only 'daily' in New Brunswick with a full radio page and programme."

BRADDOCK NEAR TAKES POKE AT MAX FOR JIBES

Jack Dempsey's New Hash House Scene of a Near Riot As Braddock Goes After Baer.

NEW YORK, April 16—Jolting Jimmy Braddock, the Man Who Came Back, met Champion Maxie Baer for the first time last week—and these two tough cookies nearly tangled in a bar room brawl that would have put Jack Dempsey's gin mill on every front page in America. It happened—or almost happened—like this:

Magnificent Max had been putting the blast on Jimmy Braddock, the New York Boxing Commission's No. 1 challenger, every time his train from California stopped at a station.

Braddock was a bum, declared Max Baer. Max's young brother, Buddy, could whip him. Max was willing to fight him a four-rounder for nothing, just to get Jimmy out of the picture. These remarks, beating Baer into New York, irked the Jersey stevedore no little.

Johnston Promotes Peace

"Why don't you go over and take a punch at him?" James Jackanapes Johnston, the Garden's boxing promoter and a fellow who hates peace, asked Braddock as Baer was being cross-examined by fight scribes in Dempsey's hash joint across the way from Eight Avenue's Haunted House.

The mild mannered Braddock thought a minute. His Irish map lighted up and he seized his hat and coat, exclaiming:

"That isn't a bad idea!"

Those in on the plot accompanied James on his mission. The slugging stevedore explained:

"When I walk into that joint, if Baer makes one crack about me, I'll paste the guy right on the potato!"

Braddock entered the restaurant. There was Baer, flanked by Dempsey and Baer's manager, Ancil Hoffman, and surrounded by nearly a hundred reporters and camera men. Max rose to meet Jimmy. He extended his hand, the abashed Braddock accepted it and stammered:

"Baer? I don't believe I ever heard of you!"

"Do you think Braddock will whip you, Max?" somebody asked the champion.

"You can never tell," grinned Baer. "I understand Jimmy is a very fine fighter. That shellacking he handed Art Lasky was a swell job."

"What can you do with a guy like that?" Braddock mumbled. "I come here to murder him, and he gives me the old blarney!"

"If it was me, I'd have wrecked the joint," snapped Dempsey, when told how Braddock had been ribbed up by the Machiavellian Johnston, "and it's my own joint, too!"

Bob Seeds To Play With Montreal

MONTREAL, April 17—Outfielder Bob Seeds is with the Montreal club of the International League now. Bob was taken from the Cleveland Indians early this year at the waiver price, but Mickey Cochrane decided his outer patrol was strong enough without Bob. He went to Montreal outright.

Titanic Anniversary

HALIFAX, April 16—The story of the sinking of the liner Titanic 550 miles off Halifax, 23 years ago yesterday, was recalled today and many people visited the grave in Fairview Cemetery—kept in perfect condition by a fund established by the White Star Line.

Leaving Southampton for New York on her maiden voyage, the Titanic, the largest craft afloat at the time, was speeding on her fourth day at sea when she struck an iceberg.

A gaping hole 300 feet long was torn in the ship's hull and the \$10,000,000 liner sank. Of the 2,201 passengers and crew, 1,400 lives were lost.

Ontario Premier Suggests Talks

TORONTO, April 17—Suggestion for a conference between Dominion and provincial representatives in an effort to draft an agreement upon social legislation affecting federal and provincial rights was made today by Premier Mitchell Hepburn.

Declaring proposals in the report of the mass buying commission tabled in the House of Commons last week infringed upon provincial rights, Mr. Hepburn said control over wages, hours of work and other labor matters have always been regarded as being within provincial jurisdiction.

Britain Prepares Civilian Forces

LONDON, April 17—Great Britain is quietly mobilizing her civilian forces for defence against gas and bombing attacks, it was disclosed today when Colonel E. M. Crowell, director of the British Red Cross in Surrey, appealed for 1,000 men and women for volunteer first aid nursing work at Croyden Airport.

More than 500 have already been recruited and trained under auspices of the Red Cross, its officials said.

"Strange how time flies when a man is kissing a girl, and how painfully it hobbles along, when he knows she is expecting him to come to a show-down and talk matrimony."

WHEN THE OCCASION REQUIRES THE PURCHASE OF A FUNERAL

Those who investigate will find our prices lowest. Prompt and efficient service. Complete stock and equipment. Complete funeral including motor hearse and services \$50, \$75, \$100 and upward. No extra charge for delivering to rural districts.
