

BROTHER WAS ELECTROCUTED AT BRISTOL, PA.

Local Man, Fred Nason, Gets Word of Brother's Death in U. S.

No Details

Born in Oromocto, Richard R. Nason Was Engaged in Hydro Work

The sad news was received here this morning by Fred Nason of this city, of the death by electrocution of his brother, Richard Roy Nason, aged 41, at Bristol, Pa. Nason, who had been employed as foreman with the United Gas and Improvement Company at Bristol, had visited his brother here only three weeks ago, after an absence of fourteen years.

Details of the accident were not forthcoming today and Fred Nason of this city received only the news of his brother's death in the wire.

Here Three Weeks Ago

While he was here several weeks ago the late Mr. Nason had called on many of his former acquaintances. At one time he was employed with the Fraser Company Ltd., and was born at Oromocto.

He is survived by his wife, and parents, Mr. and Mrs. Nason of Diamond City, Alta.; one sister, Mrs. Clarence Howland of Oromocto; one brother Fred, an employee of Dunbar's Bakery here; also several half-sisters.

Nason has been the electrician in charge of the Bristol United Gas and Improvement Company. Further details of the accident and of arrangements for the funeral are awaited by the relatives in this vicinity.

NEWS BRIEFS

BITTEN BY DOG

Frank Shute, popular young man of this city, is able to be up around again after having been confined to his home from blood poisoning caused by the bite of a dog.

UNDERGOING TREATMENT

Mrs. J. E. Stocker of Oromocto was taken to the Victoria Hospital recently where she is now undergoing treatment. Today her condition was reported to be quite comfortable.

TO AKLAVIK

Clifton Quartermain left Edmonton, Alta., today for Aklavik, where he will engage in missionary work for the Anglican church. Mr. Quartermain who is from Kingsclear, left here on Wednesday.

A LONG ABSENCE

Norman Green, an employee of The Daily Mail, hadn't seen his brother for thirteen years. Last evening Bertram Green, the brother, arrived in the city by auto and spent several hours here before proceeding to New Glasgow, where he will greet his parents after a similar long absence. At the present time Mr. Green is studying for the ministry at the University of Toronto. During the present summer Mr. Green has been doing supply work in the parish of Westfield.

FRENCH COURSE BEGINS

An unusually large enrolment of students has been made this year for the French Department of the Provincial Normal School which opens tomorrow for the 1935 term. A total of twenty-one students will take this year's course. This is a larger enrolment than any recent year, the highest previously having been fifteen. The term will be completed at Christmas, the course leading to a third-class teaching license. J. Edgar Poirier, member of the P.N.S., Faculty, is head of the department. The English department opens on September 3 at the same time that the public schools open in the province. A number of French-speaking students enrol in the English department course each year, which leads to first and second class teaching licenses.

PROBLEM OF CITY RELIEF IS DISCUSSED

Council Considers Whether to Continue Relief

Relief Cost More

Joint Committee Municipal Home, Roads and Streets Meets Today

What shape that city of Fredericton unemployment relief will take for the next month or so, will be decided upon at a joint meeting at seven o'clock this evening of the Municipal Home, the roads and streets committee, and E. C. Armstrong, relief officer. It was decided last night at the August committee meeting of the city council.

The matter of city relief was discussed at some length, last evening during which time a general outline of relief matters was sketched by Mr. Armstrong who appeared before the Council. Ald. F. S. Mundle declared that the matter of relief "was getting worse and something should be done now".

Mr. Armstrong gave statistics of relief for July. There had been 108 dependents for July, 1934, while in 1935 in the same month there had been 129 dependents. The amount spent in relief in July, 1934 was \$153.84, while in July this year the amount had been \$408.76. Mr. Armstrong explained that the reason for the wide variance in the costs was that those on relief now were on full time, whereas formerly it had been only partial time. The information was disclosed, however, that relief costs had been 23 per cent less this year for the October-March term than the previous year.

PUT MEN TO WORK

While considering whether to continue relief for August, the council members were eager to learn if men on relief could be put to work on Beaverbrook Street. It was suggested that this was a far better way of handling relief. At the same time were there enough able-bodied men to do an ordinary day's labor? Mr. Armstrong said that at least 16 out of the 35 men on relief would be able to do a day's work. Most of them are married men.

Ald. T. Earle Doohan believed that the men should be put to work in this (Continued on Page Five)

LEAGUE GAME STANDS

At a meeting of the York-Sunbury Baseball League held at Minto last evening sanction was given to the two playoff games played between Devon and Marysville. Dr. Percy Thompson of this city, representing the Fredericton Pets, claimed that Marysville was not registered, which seems to be a fact, and that the amateur constitution is not being followed out. Dr. Thompson will be present at a meeting of the amateur baseball officials at St. John this week at which time this matter is expected to be "ironed out." Devon's game with Minto at the latter place was rained out last evening. It was slated to be the first game of the playoffs.

DR. BRITTAIN ONE OF SPEAKERS AT FIELD DAY

McDonald College Agricultural Head is Fredericton-Born

Big Day Wednesday

Hon. A. C. Taylor, Minister of Agriculture, A Speaker

Among the speakers at the Dominion Experimental Station's special Soils and Crops Field Day tomorrow, August 7, will be Dr. W. H. Brittain, dean of the Agricultural College at McDonald College, Quebec. Dr. Brittain lived in this city until he was fifteen years of age, and is the son of the late Dr. John Brittain, one time instructor in Natural Science at the Provincial Normal School and later professor of the same subject at the University of New Brunswick. A brother, Dr. Horace Brittain, is connected with the municipal research department at Toronto University.

Dr. Brittain was at one time connected with the Agricultural College at Truro. He will replace W. T. G. Wiener, secretary-treasurer of the Canadian Seed Growers' Association at Ottawa, who was to have spoken tomorrow afternoon. Dr. Brittain's address will be on Agricultural Education.

Tomorrow's field day has many features, including plowing demonstrations, field crop competitions, and motion pictures depicting plowing matches, farm (Continued on Page Five)
