Remands were given Wednesday when judgment was given. Thomas Atherton had been remanded until next day for sentence. Atherton was remanded until next day for sentence. Atherton was remanded until next day for sentence. Atherton was remanded until next day for sentence.

MAYORALTY ELECTION IS ANTICIPATED

Ald. G. Willard Kitchen May Accept Nomination for Mayor

Ward Vacancy

Strong Support for Ald. Hedley Forbes; R. L. Phillips Named

It is stated today that Alderman G. Willard Kitchen, well known wholesaler and business man, is being pressed by representative citizens to be a candidate for mayor in the coming civic elections.

When asked today by The Daily Mail in regard to the matter Ald. Kitchen stated that different citizens had approached him and he had stated that he was in the hands of his friends and if they thought it advisable he would be willing to serve for the term, starting January next. Ald. Kitchen has been six years at the council board as the representative of St. Anne's Ward and has one more year to serve before the expiration of his term. His acceptance of nomination for mayor would create a vacancy in St. Anne's ward. Ald. Kitchen is deputy mayor at the present time.

Also Mentioned

Ald. C. Hedley Forbes, who also represents St. Anne's Ward, has been mentioned as a mayoralty candidate and it is understood would have strong support as he has made a good alderman during his term of office and is a young business man of more than ordinary ability. Hedley, however, states today that he would rather give his support to some other good man and continue for the present to represent his ward as an alderman. His term will expire in January. R. L. Phillips, who several years ago was mayor of Fredericton, is being pressed by several business men and others to be a candidate. Mr. Phillips is giving the matter favorable consideration. It is understood by the friends of Ald. Kitchen that they will try and make him stay in the ring against any competitor who may present himself. This will make an election.

There has been no election for Mayor for the past ten years. Neither has there been an election for alderman and Fredericton has been pointed out far and wide as the city which never has an election. Mayor W. G. Clark M.P.-elect, who has been nine years in the mayor's seat, has been looked upon as the safe and sane head of affairs. He has steered the city through the most troublesome time in its history and his well known financial ability has been of great service. His new parliamentary duties at Ottawa will prevent him from taking any further active part in civic affairs.

MARITIME FARMERS ASKED CONSERVE OATS

G. LeLachur, district inspector of the Dominion Seed Branch advises farmers and grain dealers to conserve supplies of good Maritime oats for seed next spring as early fall frosts seriously injured the grain crops in the prairie provinces.

Available supplies of Western Oats suitable for seed are expected to be required for the shortage in Alberta. Maritime farmers who purchase No. 2 C. W. or No. 1 Feed Oats to use for seed should insist on seeing the Seed Inspection Certificate covering shipments and check the markings on sacks or tags for the Test Numbers and the Seed Grades, No. 1, No. 2 or No. 3.

While the color of Maritime oats suffered from last harvest weather conditions the germination may not be affected, provided the grain did not sprout in the stock or heat in storage. All grain shipped for seedling purposes must have the containers or labels marked as above indicated. Information as to suitability for seed may be obtained from the Dominion Seed Branch, Sackville, N. B., on receipt of a one-pound sample which should be taken from different parts of the lot to be sold or used for seed. Postage at the rate of 1 cent per 2 ounces is required on packages marked SEED SAMPLE. Tests are made free of charge for three samples from any person or firm during the year ending June 30 next.

OBJECT OF ATTENTION

The exhibit of Canadian painting at the Provincial Normal School this week ended last evening. During the week many citizens took advantage of the opportunity to view the work of Canadian artists. Four other exhibits will be held this year, including British travel posters, prints of churches and woodcuts, Modern French painters and Maritime artists' works.

SURPRISE AUTHOR

Byron M. Fisher is Author of "Scoop," U.N.B. Dramatic Triumph

Byron M. Fisher, of Marysville, U.N.B., undergraduate and one of the co-editors of "The Brunswickian," is revealed today as the author of "Scoop," the hit play of last evening's "College Night" entertainment at the Provincial Normal School. Young Mr. Fisher was under the pseudonym of Hayward Coleman and no one suspected during the performance of the play last evening that Mr. Fisher, who was one of the directors of the play, was also its author. He is being congratulated today on all sides for his play, which turned out most suitable for college dramatics, and has some good puny writing in it.

FREDERICTON YOUNG MEN BARRISTERS

Horace A. Hanson, R. Drury Anderson, F. W. Park of this City and Franklin F. Creighton, Woodstock, Admitted.

Four young New Brunswick law students were this morning admitted to the New Brunswick bar as solicitors and barristers at a session of the Supreme Court presided over by Mr. Justice Grimmer and Mr. Justice Harrison. The four new barristers are Horace A. Hanson, Fredericton; D. Drury Anderson, Fredericton; F. W. Park, Fredericton, and Franklin F. Creighton, Woodstock. The motion to have them admitted was made by J. F. Winslow K. C., who remarked that their applications had been accepted by the Barristers' Society Council and that they were eligible for their admittance. H. Lester Smith, registrar of the court, administered the oaths, following which Mr. Justice Grimmer congratulated the young men on their admission to the bar. He told them they had entered on careers that should lead them to distinguished honors if they acquitted themselves. He hoped they would do credit to themselves and inestimable credit to the profession. Following Mr. Justice Grimmer's remarks the court adjourned sine die.

Mr. Hanson, who is a son of Mr. and Mrs. Benjamin Hanson, Fredericton, is also a nephew of the Hon. Dr. R. B. Hanson, former minister of trade and commerce. He is a graduate of the University of New Brunswick and the Dalhousie Law School. Since his graduation in 1935 he has been associated with the law firm of Hanson, Dougherty and West in this city. Mr. Anderson, who is a son of Assistant Postmaster W. Arthur Anderson and Mrs. Anderson of this city, is a graduate of U. N. B. Since his graduation in 1933 he has studied law under the late C. R. Hawkins and Albert Murray in this city.

DEVON SCHOOL BOARD MET
The regular monthly meeting of the Devon school board took place last evening and in the absence of the chairman, Police Magistrate W. A. Haines, the chair was occupied by Ald. H. D. Dobie. Miss Isabella McFarlane, teacher, was reported ill, and George McElman is supplying in her absence. The meeting consisted mostly of routine business. Tenders for fuel were awarded to Alexander Bailey of Devon. Mrs. Robert McLaggan and Mrs. James Stickles were appointed delegates to attend a meeting on November 28th inst. in the Provincial Normal School in the interest of the National Federation of Home and School Association. The members of the board present in addition to Ald. Dobie were Mrs. McLaggan, Mrs. Stickles, Gilbert Henry, M. R. Perley, A. D. Neill and Fred Mawer, secretary.

C. W. HALL

NO TRICKS TO BE TOLERATED BY PENSION BD.

Director Says No Hope of Transferring Property to Gain Pension Operation Planned

Pension Board Offices May be Located in Parliament Buildings

According to provisions in the Old Age Pensions Act, persons transferring property in the hope of coming in line for a pension will be immediately disqualified for a pension. It was stated today by Hon. W. P. Jones, K. C., chief director of administration of old age pensions in New Brunswick. It is thought that some people desirous of obtaining a pension are not aware of this particular provision in the Act, and Mr. Jones wanted to particularly warn these people against violating this section.

The chief director is in Fredericton today attending to business in connection with his department and will meet his assistant directors in Moncton on Tuesday from where they will proceed to Halifax, N. S., to study the sister province's method of administration of the old age pension scheme. Mr. Jones was in Halifax several weeks ago for the same purpose. But this trip is particularly for the benefit of the new directors, J. G. Robichaud, Shippegan, and Rev. Robert Scott, Douglastown. The system in use in Nova Scotia is considered the best in Canada and it is the intention of this province to carry on as nearly along the same lines as possible, Mr. Jones said.

COLONIZATION IN GLOUCESTER IS PROGRESSING

More Than 200 Lots Will be Occupied by as Many Families Soon

Plight of Fishermen

Plan to Have Roads Servicing Lots Built This Winter Also

More than 200 colonization lots are being laid out in the county of Gloucester and in a short time will be occupied by as many families of that county, thus reducing the pressure of direct relief to a large extent, it was stated today by J. A. Doucet, M.P.P. from Gloucester county, who is in Fredericton in connection with business in connection with his county. Some of the lots have already been laid out by the surveyors and are occupied by the settlers, but there are yet some to be surveyed. It is also planned to have roads servicing the lots surveyed. Work on this project will be carried on throughout the winter, Mr. Doucet said. There will be 120 lots on the Bathurst road in the parish of Bathurst and a road will be laid out grouping this section with the coast highway. Eighteen more lots will be laid out from St. Isidore towards Bathurst, and there will be 75 lots between Paquetville and St. Isidore. At present there is a short road being cut out between Tracadie and Bathurst, about forty miles long, to serve the lots in that section.

Speaking of relief in his county Mr. Doucet said that he thought many of the men would go into cutting pulp
