MACKENZIE KING
MAKES STATEMENT

OTTAWA, Ont., Oct. 15—The statement of Rt. Hon. W. L. Mackenzie King in part was as follows:

"I thank the people of Canada for the confidence they have today expressed in Liberal principles and policies, in the Liberal party, and in myself, as its leader. The Liberal party has again placed its trust in the people. The people today reciprocated that trust in abundant measure. It will not be betrayed."

"I congratulate the members of the Liberal party on the splendid campaign they have waged. We have been attacked on all sides, and we have won on all fronts. Today's overwhelming victory is the response to the people made effective through organized effort in a great cause, which was begun the moment the Liberal party went into opposition in 1930, and which has been carried forward with increasing vigor and determination. In this great effort men and women, young and old, have equally shared."

"It has been furthered by efficient organization in all parts of Canada—from the headquarters of the National Liberal Federation in Ottawa and provincial Liberal associations in the provinces to Liberal workers in municipalities and in the remotest rural polls."

"The whole-hearted co-operation of the Liberal premiers and governments of eight or nine provinces of Canada, was an exceptionally significant feature of the campaign and one which may be expected to contribute in no uncertain way to the solution of many of our country's most perplexing problems. Today's victory is a victory for democracy."

FIRST HUNDRED YEARS
ARE THE HARDEST

WASHINGTON, Oct. 15—Wladimir Levandowsky, a lieutenant general in the army of Czar Nicholas II predicted today that it would take Italy "more than 100 years" to subjugate Ethiopia.

"It took the French 75 years to subjugate Algeria; it took us (the Russians) 100 years to conquer the Caucasus and Spain never did get the part of Morocco it wanted to colonize," Levandowsky said.

HUNTING PARTRIDGE

Free from the cares of official duties for a day, Hon. J. B. McNair, K.C., attorney general of the province, and J. Bacon Dickson, deputy attorney general, are today partridge hunting. It is the last day of the partridge season and the two are taking advantage of this fact to enjoy shooting for this delectable game bird before the season is closed.

GEORGETOWN, B. G., Oct. 15—Grateful inmates of Chacachacare Lepor Settlement in this colony, made George McDonald Chambers, President of Trinidad and Tobago Friendly Societies Union, their king when he visited them, bringing books and presents. Mr. Chambers gave a lecture to the unfortunate victims of the loathsome disease and abdicated his throne after a two-hour reign.

DUCE WILLING TO DISCUSS
PEACE, BLOCKADE PLANS

First Big Battle Expected Yesterday—Negus States No Peace with "Burglar in House"

GENEVA Switzerland, October 15—With Il Duce expressing a willingness to discuss peace providing its alleged interests would be protected the committee of 18 at Geneva approved a plan to blockade Italy.

The proposal went to the general staff on sanctions, comprising representatives of all League states except Italy and Ethiopia, and it was anticipated generally that the financial blockade would be voted finally tonight.

Barring Accidents

League experts said that therefore the financial isolation of Italy—barring accidents—would go into effect tonight.

Dr. Ruiz Guinazu of Argentina, president of the League Council, told the Committee of 18 that Argentina made no objections to financial sanctions against Italy but said their operation might raise a constitutional question for Argentina.

The Committee of 18 plans to set up a permanent sub-committee to watch over the application of the financial sanctions—in other words, to make sure they really work.

ADDIS ABABA, October 15—An Ethiopian army of 160,000 warriors, led by Ras Desta Dantu son-in-law of Emperor Haile Selassie hastened by forced marches across southwestern Ogden Province yesterday for a flank attack on the southern Fascist forces.

The first major battle of the Italo-Ethiopian war feared here to be impending.

Covered by the British Somaliland frontier the southern Italian army under General Rudolfo Graziani, governor of Italian Somaliland, pointed its main drive toward Harar, strategic capital of the province by the same name, on the route into the heart of Ethiopia.

The Ethiopian commander decided to strike at the Italians' left wing, hoping to turn their flank in the desolate, waterless region to the southwest.

Emperor Haile Selassie, discussing General Emilio de Bono's proclamation annexing Aduwa in the name of Italy, stated his proud unconquered warriors would never tolerate permanent occupation of that historic city by the Fascists.

May Make Appointments Civil Service

(Continued from Page One)

All the members of Mr. King's 1926-30 cabinet who participated in the election were successful except Hon. Charles Stewart who put up a strong fight in Jasper Edson but found the tide of social credit too heavy. To what extent Mr. King will revive the former Cabinet list remains to be seen.

Ottawa is agog to waiting to see what Mr. Bennett will do with the vacancies still remaining in the public service. The opinion is held that he will fill every vacancy from that of the Dominion Archivist down to the youngest typist. If he does then the new Cabinet will be faced with the decision as to whether such appointments shall stand in view of the very positive proof that Mr. Bennett has not the confidence of the public.

The old Cabinet, scattered from the Atlantic to the Pacific, must needs return to the Capital to arrange for the turnover of the new regime. They will be back towards the end of this week, and as there were a number of changes in recent date the turnover should not take long. Each Cabinet minister takes his personal files with him, and such correspondence in the departmental files as are marked personal.

A number of commissioners and departmental heads are now on tenterhooks to learn their fate. It is considered highly probable that the radio and tariff commissions will be changed, as well as the board of trustees of the Canadian National Railways. The new employment and social insurance commission may be retained, but the personnel administering some of the new social acts will be changed.

The two Ottawa members are already being besieged by job hunters, and will have the most difficult time of any of the members of the new parliament. The drive will be intensified as soon as the new cabinet is announced, Mr. Bennett having used the axe high, wide and handsome in high and low.

\$40,583 Fund Set Up
to Care for 18 Cats

MILWAUKEE, Oct. 15—A \$40,583 trust to care for 18 cats was set up under the will of an 83-year-old woman filed in the county court here today. The bulk of the estate of Miss Sarah B. Hathaway, who died last year, is to go to 11 nieces and nephews after the last cat has died.

"Although Aduwa has no special military value either to Ethiopia or Italy, it possesses great sentimental interest for us, for it was here that we won our liberty from Italy and we shall do it again", the emperor said.

"In fulfillment of our own special strategic plan, we allowed the Italians to occupy the town without real resistance on our part."

Bids Italy Blush

"If I were an Italian I should blush at the boast of capturing an unarmed undefended town, but I know the Italian people are emotional and sentimental and love the theatrical."

"But do not let the world believe that this sacred shrine of our liberty will remain in Italy's hands. There can be no peace while a single Italian soldier stands on the soil of Aduwa or Aksum. We will not tolerate a burglar in our house."

Entering the emperor's ultra-modern palace, overlooking the roof of the African world, I was struck to find sitting on an oriental, cushioned, crimson draped throne a diminutive, unpretentious man who graciously arose and extended a small, almost feminine hand in a cordial greeting.

ROME, Italy, Oct. 15—Premier Mussolini indicated a willingness yesterday to overlook League of Nations "injustices" and to talk with France and Great Britain, under the aegis of the League, about peace in Ethiopia and Italy's needs in East Africa.

Government sources said a League mandate over four provinces of ancient Ethiopia, with Italy in full possession of most of the remainder of present-day Ethiopia, could solve the problem to the satisfaction of Italy, the League, France and Britain.
