

RAIN BRINGS RELIEF TO CENTRAL N. B.

Capital Sweltered in High Temperature Yesterday and Last Night

Rain Aids Crops

Also Boon to Forest Service, Momentarily Expecting Fires

Central New Brunswick was visited by heavy general rains early this morning, following upon yesterday's 88-degree temperature. The rainfall, which amounted to almost three quarters of an inch, brought relief to parched crops and also to the overheated citizens.

The biggest advantage of the rain was to bring moisture to the crops, most of which are now in great need of rain. They are expected to thrive now that their thirst has been slackened.

The river at this point has shown a slight rise within recent days and is likely to come up as a result of today's rainfall.

The month of July to date has witnessed more warm weather than any month of the current summer season. June was rainy with cool nights and only a few spells of seasonable weather. July has shown the hottest days of the summer and the mercury has on more than one occasion crawled up to the 90-degree mark.

Today's rainy weather is not general, although showers have occurred in the central and southern portions. In the north the weather has been dry and the hazard to the forests has been intensified. G. L. Miller, chief forester, stated today that the several fires, which were reported earlier this week are now under control. One occurred on the Upsalquitch where 65 acres of old burn, was razed. Also a fire occurred on Bass River, in Gloucester County, caused directly from lightning. A crew of men were sent in on this fire yesterday and it is now under control.

NEWS BRIEFS

REV. MR. DAGGETT HERE

Rev. J. B. Daggett, formerly Deputy Minister of Agriculture in the government of the late Premier J. K. Fleming, is here giving special sermons in connection with the Dr. Pettigill Bible courses. Many citizens will remember Rev. Mr. Daggett's connection with the Agriculture Department and will be pleased to welcome him back.

OPERATED UPON

J. R. Montieth, of North Devon, was operated upon at the Victoria Hospital last evening for appendicitis and today his condition was reported to be fairly satisfactory.

SENT UP FOR TRIAL

A local man appeared before Police Magistrate Walter Limerick in the police court yesterday afternoon and was committed for trial on a charge of being in control of a motor vehicle while intoxicated. The case had been adjourned from last week, and no further evidence was presented yesterday.

RESTS MORE COMFORTABLY

It was reported this morning that Nathan Lipshetz, Fredericton tailor who was injured on Sunday evening, when he fell from the running board of his automobile, was resting more comfortably at his home. Since Sunday Mr. Lipshetz has been in considerable pain from the injuries to his head and body and he was not so well yesterday. From his home today it was learned that his condition is more favorable however.

RESERVES DECISION

A meeting of the Board of Review under the Farmers' Creditors Arrangements Act was held yesterday at Hampton with the chairman, Mr. Justice C. D. Richards, of this city, presiding. Decisions were reserved in the three cases heard. Other members of the board present were J. D. Palmer of this city, representing the creditor, and A. E. McIntosh of Glassville representing the debtor. Paul C. Quinn of Saint John is registrar.

BOSTON ANGLER PRAISES N. B. TROUT FISHING

Alfred E. Vytal, of Boston, Writes Letter of Appreciation

Fine Accommodations

Points Out Excellent Trout Fishing on Nepisiquit River

Words of commendation for the excellent trout fishing on the Nepisiquit River in the northern part of the province of New Brunswick, Canada and for the type of accommodation to be found there come from the pen of Alfred E. Vytal of Boston, Mass.

His appreciation of his recent trip is sounded in a letter addressed to D. W. Griffiths, Director of the New Brunswick Government Bureau of Information and Tourist Travel. "You can be certain", writes Mr. Vytal, "that I am returning to Indian Falls on the Nepisiquit at the first opportunity for I've never run into such natural trout waters". Excerpts from his letter further express his satisfaction with the Nepisiquit:

"According to our schedule I had but one full day for fishing at Indian Falls and I think you will agree with me that this very limited time is not even a test for any fishing space.

"I was out to hook some whoppers but found myself virtually deluged with an abundance of smaller trout (to us down here they'd be BIG) with the great big fellows completely ignoring my earnest efforts to wreak their doom. Nevertheless I had a marvelous time and I am no end pleased since returning home to find that Mrs. Vytal speaks of her trip up on the Nepisiquit in superlatives.

"On a great many of my fishing trips I have often expected and welcomed 'roughing it'. But Arthur Leger's outfit, the Bathurst Hunting and Fishing Lodges, actually accomplish the unexpected—deep in the forest, where fishing's best they have established solid, restful comfort with 'roughing it' virtually non-existent. I concur fully with Mr. Rodman of the National Sportsman magazine who described to me last May Arthur Leger's equipment by saying, sort of smacking his lips, 'He's got a beautiful layout'. It is all of that and then some.

"You can be certain, that I am returning to Indian Falls on the Nepisiquit, and perhaps further up, at the first opportunity for I've never run into such 'natural' trout waters. And when I do back, I'm going to stay more than one day. I'm not disappointed—merely, my appetite is whetted".

MARKET TODAY

There was an average market today at Phoenix Square with a fair patronage by the buying public. It was a variety market the produce bringing in only the fullest grown vegetable. Potatoes have not as yet made their appearance in any considerable quantities.

Following is the price list:

CHIEF HIGHWAY ENGINEER HAS RESIGNED POST

B. H. Kinghorn Appointed by Baxter Government Vacates Shortly Says Matter Private

Understood B. M. Hill and L. L. Theriault Mentioned for Job

It is understood that B. H. Kinghorn, Chief Highway Engineer for the Provincial Government has resigned, the resignation to take effect in the near future.

Mr. Kinghorn was appointed sixteen years ago as road engineer and was promoted to the Chief Engineer's position by the Baxter Government in 1925, being placed over the heads of of Leon L. Theriault who had been with the department since its formation and of D. W. Burpee, another engineer, whom the Baxter government dismissed from office.

No announcement has been made by Premier A. A. Dwyer, Minister of Public Works and Mr. Kinghorn did not wish to discuss the matter publicly. It is understood, however, that either Mr. Theriault, who is the senior highway engineer or B. M. Hill of St. Stephen, who was formerly Chief Highway Engineer, will have the position. Both are well qualified engineers. Both have the advantage of a University course as well as being practical men. It is understood from other sources that Mr. Hill is liable to be the Liberal candidate in Charlotte County in the coming Federal elections.

"Barking Dogs"

(Slang for tired feet)

Many of the sons of Adam suffer from tired "dogs" during the summer months. If your pedal extremities are unhappy it's a safe bet that you are uncomfortable all over your body. Let's get down to "brass tacks." Let's get to the source of the trouble. Perhaps you are wearing cotton or artificial silk socks. Many tender "dogs" just can't "take it"—they must have soft pure wool to keep them from "barking" (slang for aching).

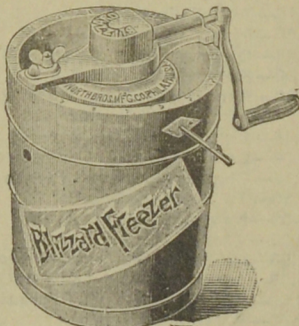

Here's your remedy: Wear Pure Wool Summerweight Socks. Wool lets the hot air out, the cool air in. Pure wool socks act as a pad for your feet, never stick to your feet in the hottest weather.
