COMMITTEE WILL WORK TO PRESERVE OLD CEMETERIES

Rev. Dr. Wightman and W. M. Burns Appointed Committee

Will Seek Legislation

Historical Society Will Endeavor to Preserve Neglected Cemeteries

At the monthly meeting of the executive of the York and Sunbury Historical Society held last evening it was suggested that a committee, consisting of Rev. Dr. F. A. Wightman and W. M. Burns, be continued as a cemetery committee. They will endeavor to get in touch with all the clergymen in the province regarding the matter of neglected cemeteries. They will then endeavor to have these old cemeteries fixed up and made respectable. In Ontario there is an act to provide for the proper care of these old cemeteries where rest the men and women pioneers of the country. In New Brunswick as one drives through the country one finds many neglected spots that contain the last remains of the "rude forefathers of the hamlet." It is felt that too much respect cannot be paid to the resting place of the early pioneers who came into this country and helped to hew homes for themselves and their descendants in these parts. In most places the churches have looked after the churchyards, but in many cases there are private graveyards in the rear of farms which should be looked after.

In the early days and up to a score of years ago it was the habit in many places, especially along the St. John valley, for families to have their own cemeteries situated in the rear, and sometimes in the front of their farms. In some cases the farms have passed from the family, but those who have taken over the farm properties have very properly continued the care of the cemeteries. In other cases these family plots and, in some cases, community cemeteries, have long since been overgrown with brush, and in some places, trees. It is these old cemeteries that it is sought to preserve.

It is felt that no self-respecting community would allow their cemetery to be neglected or to be used for other purposes if the matter was pointed out to them in the proper light, and in this connection it is hoped that the different clergymen and others in the community throughout the province will work side by side with the Historical Society in seeing that a measure is introduced through the Legislature, providing for the better care and maintenance of these old cemeteries.

"Y" MEETING
The annual meeting of the Community "Y" will take place this evening at the Community "Y" hall, 380 Queen street, commencing at eight o'clock. Election of officers, directors and standing committees will be made at the meeting.

Trucks in Collision Near Oromocto; One Was Badly Smashed

Two large trucks were in collision on the Shirley Road, near Oromocto at about eleven o'clock last night, with the result that the truck owned by Harold Hayes of Tay Settlement was badly smashed. John McFarlane, of Oromocto, was the driver of the second truck. The latter was proceeding to Oromocto, while the Hayes' truck was going the other way towards Gagetown, when the accident occurred. The big trucks locked wheels. Both drivers are employed with the McNamara Construction Company which is now engaged on road work between here and Gagetown.

Pursue Abattoir Matter Further -- Meeting Friday

The general committee from York county and the city of Fredericton, headed by Hon. J. B. McNair, K.C., attorney-general, is expected to meet with Hon. A. C. Taylor, minister of agriculture, tomorrow morning at the parliament buildings. At that time a report will be made of the progress which has been made towards the establishment of an abattoir and cold storage plant here, and steps will be taken to hasten the matter before winter. Both city and county have contributed certain monies for the abattoir and it is understood that the government will also assist.

Ald. Fred S. Mundle, chairman of the abattoir committee of the Fredericton city council, emphasized today that a plant of this nature is absolutely necessary to all concerned, both financially and otherwise. It will mean that the local meat supplies can compete with the western meats coming in. At present, western meat is selling for 25 cents, and an abattoir here will mean that local meat will sell for 12 to 15 cents. On account of no cold storage here, it is difficult to obtain fresh supplies of chicken and other meats.

LONDON, Oct. 15—Captain C. W. A. Scott and his companion, Guthrie, winners of the recent all-British air race from London to Johannesburg were guests at a dinner given in their honor last night. They received congratulations from the King and several wires, including one from Miss Jean Batten.

CABINET WILL CONCLUDE ITS BUSINESS TODAY

Premier Dysart Has No Announcements to Make

Ministers at Routine

Supt. Bruce New R.C.M.P. Head Makes Personal Call on Premier

The provincial government is this afternoon continuing a meeting which was begun yesterday, and it is probable that the cabinet will wind up its week's business this evening. Premier A. A. Dysart had nothing to announce today at noon, although he said that matters of routine were discussed. No delegations appeared before the government.

This morning the premier and various members of the cabinet were at their desks at the parliament buildings engaged in departmental business. The out-of-town ministers here today besides the premier are Hon. A. C. Taylor, minister of agriculture; Hon. W. S. Anderson, chairman of the Hydro Commission; Hon. Dr. W. F. Roberts, minister of health and labor; and Hon. F. W. Pirie, minister of lands and mines.

Premier Dysart was in brief conference this morning with Superintendent W. V. M. B. Bruce, new head of "J" Division of the R.C.M.P., here, who has just returned from a summary inspection of detachments about the province. He visited the parliament buildings this morning and called upon Premier Dysart at the latter's office. Superintendent Bruce succeeds Major E. C. P. Salt, who is taking Superintendent Bruce's post at Lethbridge, Alta. Major Salt is leaving this afternoon for Alberta, his family having left earlier this week.

IMPETUS TO BARREL TRADE IS ENVISIONED

Already Demand Great Because of Spud Shipments

Opens Up New Market

Opening Up Argentine Potato Market Spurs Barrel Manufacture

An impetus to the barrel industry of this province is underway at the present time, coincident with the initial shipments of New Brunswick potatoes to the Argentine Republic.

Already the barrel manufacturers in this province have been rushed for fresh orders following the recent heavy shipment of potatoes to the Argentine and this is expected to be augmented as shipments continue to go forward. Because the demand for barrels has been abrupt it has been necessary to have some supplied from Nova Scotia.

G. C. Cunningham, potato expert in the employ of the provincial department of agriculture envisioned the opening of a greater barrel market in the Maritimes today because of the increased demand brought on by potato shipments to the Argentine.

The value of potatoes recently shipped to the Argentine was in excess of \$100,000, and a current shipment going via Portland will amount to more than \$50,000.
