71-Year-Old Man Died In Hospital Here After Accident

Charles Frank Ingraham of Jewetts' Mills Died
of Shock and Hemorrhage

A Sad Holiday Fate

Inquest To Be Held This Afternoon at 3 O'clock
at McKen's Corner

Struck by an automobile near his home at Jewetts' Mills yesterday, at 9 a.m., Charles Frank Ingraham, aged 71, died in the Victoria Hospital here last night, fifteen hours after the accident. Mr. Ingraham died of shock and hemorrhage. The car was driven by Thomas Price of Scotch Settlement, York county. Deceased suffered arm and leg fractures and a large scalp wound.

Dr. Charles MacKay, Fredericton coroner, will hold an inquest this afternoon at 3 p.m., at the Community Hall at McKen's Corner, Keswick Ridge.

Mr. Ingraham and his nephew, Walter Ingraham, son of Elbridge Ingraham, Jewetts' Mills, were driving several head of cattle along the road shortly after 6 o'clock last evening. At that place there is a down grade and a sharp turn at the approach to the Jewetts' Mills bridge, and it was here that Price, when he rounded the turn and saw only Walter Ingraham, veered sharply to the left, it was said, and came on the elder man, who stepped to the right in an attempt to avoid being struck.

Price, who was accompanied by Donald Fox, stopped his car within 45 feet, R. C. M. P. stated, but not before the entrance to the bridge was reached, to which point the elder Ingraham was reported dragged.

Dr. B. W. Robertson, Keswick Ridge, attended the injured man and accompanied him to the hospital. Ordinarily, Dr. Robertson, who is a coroner, would have presided at the inquest, but having been connected with the case in his capacity as a physician he was unable under the law to conduct the inquest also, it was pointed out by Dr. MacKay.

Funeral Tomorrow
Ingraham's body was removed today to the home of his brother, Elbridge, where it will be viewed by members of the coroner's jury before the inquest. The funeral will be held Friday from the home at 2 p.m., followed by a service at 2.30 p.m., at the Baptist Church at Macquaque, conducted by Rev. W. A. Harper. Interment will be made in the adjacent cemetery.

Born at Jewetts' Mills, of which he was a life-long resident, Ingraham was a son of the late Alfred and Elizabeth (Jewett) Ingraham, and is survived by his brother, one nephew and one niece.

Witnesses expected to be heard at the inquest are Price, Fox, Walter Ingraham, Albert Jewett and Mr. Mrs. Elbridge Jewett, Jewetts' Mills, all of whom witnessed the accident. Elbridge Jewett picked up the injured man afterward, when Ingraham was reported to have broken that he thought his leg was broken.

The jurors summoned were Clowes Sloat, Harvey Duplissea, George Albright, Lloyd Sloat, Dow Gordon, Woodford Merrithew and Fred Cornburn, of Jewetts' Mills, Keswick Ridge and Mouth of Keswick.

GREAT BRITAIN, FRANCE AND SOVIET RUSSIA RALLY TO LEAGUE

GENEVA, July 2—Three of the world's greatest powers rallied to the support of the League of Nations tonight in the face of veiled hints of smaller powers at withdrawal.

The three were Great Britain, France and Soviet Russia. Spokesmen for the first two said their governments would not recognize Italy's annexation of Ethiopia and all voiced continued faith in the League's future. Delegates from Canada and South Africa presented opposite views with respect to continuation of sanctions against Italy.

Speaking for Canada, Hon. Vincent Massey, high commissioner to London, said there would appear to be

NEW BRUNSWICK INDIAN MAID TO CONCLAVE

Miss Eva Dedham, Maliseet Indian, to Sail to
Attend Great Gathering
at Oakland, Rhode
Island—Only Canadian
Indian Maid to Attend.

When the Eastern Steamships Liner "Saint John" sails out of the harbor of its namesake city for Boston this evening, it will carry a little miss bound upon a most peculiar mission.

By name she is Eva Dedham, Maliseet Indian maiden from North Devon, New Brunswick. Her sailing aboard the Eastern Steamships Liner is occasioned by the great Indian congress being held at Oakland, Rhode Island, July 4th and 5th and at this unique event Miss Dedham will be the only representative of the Indians of the Dominion of Canada.

The gathering is being held to celebrate the centenary anniversary of the coming of Roger Williams to the lodge of Canonius of the Narragansett Tribe. The two-day programme at Oakland, R.I., will be in charge of Princess Red Wing of the Narragansetts and will be attended by parties representing tribes as far west as the Rocky Mountains.

The Maliseet maiden from New Brunswick will occupy a place of importance on the programme. Miss Dedham is possessed of a talent rare among the taciturn peoples of the Red Race. She has definite dramatic ability and is an accomplished elocutionist and pantomimist. Through her interpretations she preserved many of the legends of her race. Her disembarkment at India Wharf, Boston, will be noted with interest.

PRESBYTERIAL IS MEETING IN CITY THIS AFTERNOON

The Saint John Presbyterian of the Presbyterian church in Canada will commence a two-day meeting here this afternoon at 2.30 o'clock. About sixty delegates are already here for the meetings are being held. Rev. Mr. Cial ceremony will take place at St. Andrew's Presbyterian church where the meetings are being held. Rev. Mr. Fulford, moderator, will be the special speaker. The meeting this afternoon will consist of enrolment, and routine matters.

BAR RIOTER AT BUTLER'S

NEW YORK, June 29—Because of his alleged participation in a riotous demonstration at the home of Dr. Nicholas Murray Butler, president of Columbia University, on May 19 last, Robert Burke, Youngstown, O., president of the class of '33, has been denied permission to register at the college next September, a university announcement said today.

Soaking the Tourist

Some time ago The Daily Mail suggested that the hotels, cafes, and the merchants as well, use a reasonable amount of courtesy in dealing with the tourists who come here during the summer months. We also suggested that those dealing with the tourists continue as in the past to charge reasonable prices for board and lodging as well as for articles placed on sale. No stranger coming within our gates, no matter how much money he may have, likes to feel that he is being roasted. If he is not a piker he comes prepared to pay his way. If he gets soaked double prices he leaves with a bad impression of the place and he passes the word along to his friends. Then the place is blacklisted and people keep away from it. Fredericton has won praise from tourists and others in past years as a place where visitors are treated right. We give them the best we have at reasonable prices, and we try our best to make their stay a pleasant one. Both our provincial and local tourist bureaus are doing their best to make conditions satisfactory for the tourist. It is to be hoped that this satisfactory condition will continue.

The tourist associations throughout the province would do well to see that visitors coming to our province are used right and to blacklist any place within the province that does not do this.

A horrible example of how the tourists are being soaked came to the notice of a member of The Daily Mail staff while staying a day or two in the city of Quebec during the past week. Many of those who conduct cafes, rooming houses and many of the merchants who sell souvenirs are nothing better than racketeers. This does not apply to reliable places like the Chateau Frontenac or the St. Louis Hotel. People going to these hotels expect to pay high prices and they receive service in return. Surrounding the Chateau, however, and in the vicinity of Dufferin Terrace and the Citadel are scores of cafes, rooming houses and stores selling souvenirs. Most of these are conducting the racketeering game to the limit. This has been going on for some years and according to those with whom we talked the tourists are beginning to get fed up on it. One man informed us that the only reasonable people for a tourist to deal with in Quebec were the Chinese cafes. He said that there were probably many Christians charging reasonable rates, but he was unable to find any of them. Quebec City contains much that should be of interest to the tourist. It would be a shame if these racketeers drove them away. The Quebec tourist organizations should look into this.

The same thing applies to the village of Ste. Anne de Beaupre. Thousands of people, including pilgrims and visitors, visit this famous shrine each year. It is a matter of record beyond dispute that many cures have taken place at the shrine. But the region in the immediate vicinity of the shrine seems to have got into the hands of a lot of sharks who charge from three to five times the proper price for souvenir articles. When a visitor is asked to pay fifty cents for an article which can be purchased for fifteen cents elsewhere, he may cough up but he does not go back for another soaking. It is understood that the authorities who conduct the shrine have nothing to do with those who sell the articles. Whether this be so or not they should "drive the money-changers from the temple." These people impose mostly upon women who imagine that it is the proper thing to purchase these souvenirs for the people back home.

It is to be hoped that we in New Brunswick will never fall into the condition that exists among certain of the Quebec people who are conducting the racketeer game and are beginning to loose out, as they will in the long run. They will kill the goose that lays the golden egg.

Fredericton has won praise for the way it has of handling tourist travel. We have given the tourist the best that we had at reasonable prices. We have used the tourist in a kindly way, and have tried to make their stay a pleasant one.

The result has been satisfactory to everyone concerned. The tourist travel will begin again to flow this way after the fourth of July. We will treat the tourist in the same courteous manner as in the past.

\$30,000,000 TO BE SPENT IN '36 BY FEDERAL GOV'T

Will Be Used as Direct
Employment Stimulus
in Canada; Grants-in-
Aid to Provinces Cut 10
Per Cent For Three
Months.

OTTAWA, July 2—Labor Minister Rogers has announced conclusion of Dominion-provincial agreements under which at least \$30,000,000 will be spent this year "as a direct stimulus to employment," in addition to more than \$40,000,000 voted in supplementary estimates for federal works projects.

The new agreements for joint works on a 50-50 expenditure basis contain a mandatory clause providing at least 5 per cent of those employed on projects covered by the \$33,000,000 shall be taken from relief rolls.

The minister made a simultaneous announcement that grants-in-aid to provinces for direct relief will be cut ten per cent during July, August and September. He said this step had been decided in view of the "improvement in general employment and in anticipation of the reduction of relief rolls through the joint works programme."

Mr. Rogers said operation of the mandatory clauses in the Dominion-provincial joint works agreement would have the result of "reducing the relief burden of municipalities and would also make it possible to determine the direct effect of public works projects as an aid to the relief situation."

He said projects covered by the agreements will consist largely of highway construction "which will be developmental in its ultimate effects through the stimulus it will afford to two of the major industries of the country, namely, the mining industry and the tourist trade."

He emphasized provision in the agreements that grants-in-aid shall be subject to quarterly review. "Before the next revision takes place in September," he said, "it is expected that the National Employment Commission will have carried out a re-registration of those on relief and that any new readjustment of the form and amounts of grants-in-aid will be based on an analysis of the actual relief situation in each of the provinces."

"The recent revisions have taken the form of horizontal percentage increases or decreases as applied to grants-in-aid which were in effect when the present government came into office, last October."

This, he explained, meant that the changes might not meet adequately conditions in provinces where the employment situation had shown a retreat and might be more than adequate for others which had experienced real improvement.

AWARD LOST AS CAT'S A "LADY"

CALGARY, July 2—A month ago Albert Hoving, Calgary cat fancier, who has a breed of freak felines, thought he had a male tortoise-shell kitten eligible for the \$5,000 offer of a British cat club, but today he knew he was wrong.

"It's a female," he sadly announced. "But he hasn't given up all hope of claiming the thirty-year-old \$5,000 offer."

"If I breed one of my freak cats with the tortoise-shell female cat, something unusual should result," he said. "It may even be a male tortoise-shell."

Cat authorities hold that there is some biological make-up that makes all tortoise-shell females. There is no such animal as a male tortoise-shell cat, they claim.

Hoving, an unemployed construction engineer who now makes a living by helping his wife in a candy business, has fourteen cats at his home here, the majority of them freaks.

Most of his cats have more toes than the regular back-fence howler. Lady, the grandmother of them all, has twenty-eight toes, a dozen more than her alley mates. One kitten has twenty-two toes and another twenty-six.

"GOD AND HISTORY WILL REMEMBER YOUR JUDGMENT"

Dramatic Indictment of
League of Nations by
Selassie—Tumult Fol-
lows League Session.

GENEVA, July 2—Riotous scenes of cursing and fighting in the galleries shattered the dignity of the League of Nations Assembly when black-robed Emperor Haile Selassie charged: "You deserted us to Italy."

Police were called in to restore order after a chorus of heckling bores and curses greeted the Emperor when he rose to make a final, dramatic plea for aid.

It was almost ten minutes before police restored order and the Negus was allowed to resume and bitterly tell the League members:

"God and history will remember your judgment."

Persons alleged to be Fascists started the tumult, shouting curses at the Negus in Italian, French and Spanish. Fighting broke out when League attaches tried to restore order. Only when police came and ousted the hecklers was calm restored.

Later the Emperor said what he had to say, calmly and fully.

"I could not believe that 52 nations—among them the most powerful in the world—could be defeated by a single aggressor," he said sorrowfully.

"In this struggle I have been fighting the cause of all small countries against the greed of a powerful invader."

Demonstrators in the galleries were hustled away to jail in taxicabs. They will be held, pending investigation of the manifestation.

Foreign Minister Nicolas Titulescu of Rumania, furious at the commotion stood on his chair and turning toward the rioters, shouted:

"Cease these barbarous and uncivilized methods!" But only those at his elbow could hear.

Horrors of Italian Gas

Describing the Italian campaign in Ethiopia, Emperor Haile Selassie last night told the League of Nations Assembly:

"From January, 1936, soldiers, women, children, cattle, rivers, lakes and pastures were drenched continually with gas. These fearful tactics succeeded."

"Men and animals succumbed. The deadly rain made the people flee, shrieking in pain. All those who ate affected food or drank poisoned water also succumbed amid dreadful sufferings."

POLICE SEEK MYSTERY MEN SLAYING NIGHT CLUB HOSTESS

CHICAGO, July 2—Police took in to custody one man, and sought for questioning all other known "boy friends" of Mrs. Florence Thompson Castle, pretty night club entertainer murdered before the eyes of her 7-year old son.

The man questioned was Sigmund Schaps, master of ceremonies in a club where Mrs. Castle formerly worked. A picture of Schaps, inscribed "My new-found love," was found by police on the dressing table of the murdered woman.

Police also sought a man known only to them as "Mr. Taylor." It was this man, according to little Jimmy Thompson, who took him and his

A movement having in view the establishment of a trade branch in this city in connection with the federal department of Indian Affairs is being discussed. The matter was brought up at a meeting of the executive of the York and Sunbury Historical Society held on Tuesday evening. More than one speaker pointed out the difficulties which the Indians in this section of the province, were having in disposing of their wares. This is due to the fact that while the Indians turn out some very fine work in the way of baskets, bead work and other articles, that they are handicapped because of their inaptitude as salesmen. It is said that while other organizations are encouraging home craft that the valuable art work of the Indians is being allowed to die out. It is pointed out that if such a trade branch is established here that it would greatly facilitate the sale of Indian work; that the Indians would be employed and after a time would be able to provide for themselves without much aid from the dominion government, and that a Commission on the sale of such goods would reimburse the sales officers whom the department would appoint. It is felt that there should be a big market for these kind of goods, not only amongst the local people who purchase Indian chairs, benches and other wicker work but that large sales could be made amongst the tourists who even now visit the Indian camps but who are unable to secure a sufficient quantity of Indian wares to take back into the United States.

The York and Sunbury Historical Society appointed a committee composed of J. L. Neville and C. A. Taylor to go into the question and if deemed advisable to take the matter up with the federal department of Indian Affairs.

It was also suggested that a dictionary of the Maliseet language be prepared and that C. A. Taylor do the work in conjunction with the department of Indian Affairs.

SAINT JOHN MAN HEADS HOTEL ASS'N

G. S. Whitehead, Saint John, was elected president of the N. B. Hotel Men's Association at its meeting here on Tuesday.

In his address he stated that one object of the organization is not at variance with that of temperance. (Continued on Page Four)
