CANADA AND U. S. AMITY EMPHASIZED BY THE SPEAKERS AT HISTORY MAKING EVENT

Situation May Cause Trouble Between Nations

Italian Planes Were Brought Down by French Airmen
Reported Obtaining Uniforms From Plane in Mid-Air
Were Flying Over French Morocco in Civilian Clothes

PARIS, August 1—The Spanish civil war is no further today as to a definite resolve. With warring factions still both claiming considerable gains, there is danger of the situation assuming proportions of international threat. The French Socialist Government yesterday ruled that if a Frenchman wants to fight across the Pyrenees he can. The Italians have been reported carrying arms to the rebels and press reports show that several planes have been brought down on French Morocco territory.

CASABLANCA, French Morocco, Aug. 1—General Victor Denain, chief of France's North African air force, took over investigation last night or four Italian planes believed en route to aid Spanish rebels.

Eleven Italian air force officers in civilian clothes were under arrest on charges of flying over Moroccan territory without permission. They were forced down on the coast in two large tri-motored ships.

A third plane crashed and burned killing three and seriously injuring two of its occupants. The fourth plane was reported lost at sea.

Under close questioning the Italian fliers forced down at Oujda denied they were sent by the Rome government and said they were dispatched by a private aviation firm.

A report from Rabat said knapsacks dropped by another plane, which flew low, contained uniforms of the Spanish Foreign Legion.

Instructions Attached

It was said officials seized the uniforms as well as a note instructing the aviators to put on the uniforms and say they were Legionnaires who had lost their way on a scouting flight.

The planes were believed members of a convoy of six en route to Melilla, Spanish Morocco stronghold of General Francisco Franco. They took off from Delmas Field, South Sardinia, supposedly on an attempted non-stop flight to the rebel town.

(An authoritative source at Rabat reported 14 planes similar in type to the Italian machines which came down in French territory arrived at Nador, Spanish Morocco.)

Machine guns, a bomb thrower, several cases of machine gun cartridge belts, hand grenades and Italian ammunition were found in the planes.

GREAT BRITAIN DOES NOT INTEND TO RECOGNIZE THE ANNEXATION OF ETHIOPIA

LONDON, Aug. 1—The first Parliament in the reign of King Edward VIII adjourned until autumn as the Parliamentary Under-Secretary for Foreign Affairs drew cheers with the announcement: "Great Britain has no current intention of recognizing the annexation of Ethiopia."

The statement was made by Viscount Robert Cranborne during debate in which the foreign relations of His Majesty's Government were comprehensively surveyed.

The Government was powerless, he said, to stop commercial sales of air-

THINKS SCENERY ROCKIES BAFFLES DESCRIPTION

BANFF, Alta., Aug. 1—If you try to describe it verbally, it sounds all the same. Winding trails above great precipice. Lakes green as jade or glittering like emeralds in the sunshine, dark pines sloping to glacier rivers, hits a varied as three ringed circus and a couple of ballets, you feel you must halt your pony entranced at each opening vista.

Returned this morning from a ten-day trek into the Mount Assiniboine district, Vernon Brooks of New York (White Plains), made what he admits to be a futile effort to describe the scenery. With him pack train of fifteen horses and three guides were his wife, son, Vernon, Jr., aged thirteen, daughter, Barbara, sixteen and Mrs. Kenneth N. Wallace, wife of Dr. Wallace of New-Rochelle.

Marvel Lake, Porcupine Pass, Sunburst Valley and little hidden unnamed lakes above the snow like unknown to even their guides, were star turns in their explorations.

The second day out, Mrs. Wallace got a nasty kick from a pack horse, which slowed up the party some. Otherwise the expedition was without disastrous incidents. Moose mountain sheep and bear were among the big game sighted and the party over supplied themselves with rain-bow trout every time they camped.

Two seasons ago the Brooks family penetrated beyond the Lake St. John country in Quebec and discovered an unnamed lake in that region. With Mr. Wallace, they will spend some further time holidaying at Banff Springs hotel.

Thanksgiving Day October 12th

A proclamation from Hon. Judge L. A. Cannon of the Supreme Court of Canada, Administrator for Canada has fixed Monday, October 12, as the date for Thanksgiving Day in Canada. The proclamation appears in the last issue of the Canadian Gazette.

About Ourselves

TODAY THE DAILY MAIL STARTS OUT ON ITS THIRD YEAR in business under the present management. Without bragging about ourselves we wish to state that this paper has made good. Our circulation has increased many times and one has only to look at today's paper to see that our old advertisers and very many new ones have appreciated this fact. In order to provide the news and at the same time accommodate our advertisers, The Daily Mail has found it necessary to enlarge its paper from forty-eight columns daily to between fifty-six and seventy columns daily. We appreciate this patronage both on the part of our subscribers and our advertisers. Like everyone else and like every organization which tries to do things worthwhile, we have, no doubt, made enemies, but whether they like us or not, we will continue to sit in at the game.

At the outset we stated that we would support what we honestly thought to be for the best interests of the public, especially those of Fredericton and vicinity. We said that we would do this without fear or favor. We have done so. We have not tied ourselves up with any person and we are not afraid of anyone when it comes to discussing what we consider in the interests of the city and the country which we love, and which our forefathers helped to build.

Some of our readers—many of them have sworn by us, and have shown their appreciation by giving us their support. Others have sworn at us, because we roasted them and have shown-up their shortcomings, as any independent paper has a right to do. That is their right. Keep on swearing at us. We don't care a darn. Everyone cannot see alike, or all men would be courting the same girl.

We believe that we have accomplished some good. Nine out of ten of the progressive things for which we have fought have been adopted—the new public abattoir; the doing-away with the city dump; paving Needham street; stop signs at Queen and Carleton streets; obtained improvement in the rotten conditions at the County Jail; abolishing certain gambling dens. All these are only a few of the things which we have taken up and have seen accomplished to the satisfaction of the public. We have advocated a stronger Board of Trade and have helped increase the membership from thirty-five to nearly two hundred. We struck out against sweat-shops and advocated patronizing the Home Merchant instead of sending your money to mail-order houses. We are, in a large measure, responsible for electing W. G. Clark to the Dominion Parliament by our boosting him for the seat. We did this not for personal reasons but because we believed that it would be in the public interests to put the Liberals in power at Ottawa. At the same time we believe that, personally, Hon. R. B. Hanson was a splendid representative and a credit to York County. So here we are. We will continue to do business at the old stand. Come and see us. If you like us, tell us—if you don't like us, give us hell. It's all the same to us.

Some narrow-minded individuals in public places have endeavored to vent their small-minded personal spite on us because it was necessary for us to show-up their shortcomings as public servants. But The Daily Mail will continue to try to do community service when they are forgotten. We have been in this community long enough to see such people fade away across the stage. Their unlimited gall did not carry them very far.

The Daily Mail recognizes that THIS COMMUNITY HAS LONG NEEDED A HOME COMMUNITY PAPER. We have proved beyond the shadow of a doubt that in our case such a paper working for our home city and county is appreciated. You continue to help us. We will continue to help you.

In this connection we pledge ourselves to do our best to continue to promote the interests of Fredericton and York and Sunbury counties in particular and our Province, Dominion and the Empire—no matter who may or may not like our point of view. In this connection we are prepared if necessary to give and take hard knocks.

RT. HON. R. B. BENNETT

PREMIER A. A. DYSART

OPENING NEW MUSEUM THIS AFTERNOON

Fort Beausejour Scene of Ceremony

FOR BEAUSEJOIR, August 1—The new museum erected at Fort Beausejour National Park was officially opened this afternoon. The ceremonies started at 2.3 p.m.

Hon. W. E. Foster, Rothesay, Speaker of the Senate, was the official representative of the federal government at the opening, presided over by Dr. J. Clarence Webster, of Shediac, member of the Historic Sites and Monuments Board of Canada. Other speakers included Rt. Hon. R. B. Bennett, federal Conservative leader; Hon. A. A. Dysart, premier of New Brunswick, and Hon. Thane A. Campbell, premier of Prince Edward Island; Chief Justice J. B. M. Baxter, New Brunswick; Chief Justice Sir Jos. Chisholm, Nova Scotia; Hon. J. W. Comeau, Digby, representing the government of Nova Scotia; Senator T. J. Bourque, M.D. Richibucto; Rev. Dr. LaPalme, president, St. Joseph's University; and Hugh Watson, United States consul general in the Maritimes. Three bands were in attendance.

The following is the speech delivered at the opening by Premier A. A. Dysart:

Ladies and Gentlemen: My esteemed friend, Dr. Webster, has asked me to extend to you words of welcome on this occasion. Few privileges come to one more acceptably and I am indeed happy to embrace this opportunity of extending an official welcome to you all on behalf of the province.

It must, indeed, be gratifying to Dr. Webster and those associated with him to have you participate in this event, the formal opening of the Museum—an event which marks the achievement of a lofty and noble purpose. Through the agency of the Historic Sites and Monuments Board of Canada and the untiring efforts of Dr. Webster, we have acquired for this province an asset of real consequence. This magnificent edifice, modest in proportions, grand in design, is to become the storehouse of these historic treasures of which our civilization boasts. Furthermore, here will be assembled and preserved relics drawn from all quarters of this

Dr. C. J. Veniot Liberal Candidate In Gloucester

Tribute To Late P. J. Veniot, Minute of Silence, Resolution

F. T. B. Young, M.P.P., and John G. Robichaud, ex-M.P., Decline Nomination

Doucet 18 Votes Behind — Hon. C. T. Richard Predicts Balanced Budget

ABERHART ROLL FOR DIVIDENDS AUTHORIZED

EDMONTON, Aug. 1—Authorizing registration of Alberta citizens under supervision of the Department of Trade and Industry as the first step toward payment of basic dividends, an Order-in-Council was approved here recently by the Provincial Cabinet-in-Council.

Premier Aberhart announced the order, authorized under the Social Credit Measures Act, passed at the last session of the Legislature, has not yet been sent to Lieutenant-Governor W. L. Walsh for his signature.

British subjects to qualify for registration must have been living in Alberta during the entire year 1935 and continuously thereafter. Otherwise, they must be domiciled in the Province and be self-supporting for three years before registration.

Only citizens 21 years old or more are eligible for registration. Besides discovering the amount of production now available, farmers' forms will disclose the production possible if disposal of such additional produce could be assured. Manufacturers' forms, along with their total production, will reveal the quantity of raw materials they have to bring into Alberta.

The latter, Mr. Aberhart said, is the amount of imports the Province will have to offset by exportation of goods.

CARAQUET, Aug. 1—At a Liberal nomination convention here yesterday, Dr. C. J. Veniot, Bathurst, was chosen to contest the federal by-election in Gloucester on Aug. 24. The seat was left vacant by the recent death of Dr. Veniot's father, Hon. Dr. P. J. Veniot. Nomination day is Aug. 17.

It has been rumored that should Dr. Veniot be chosen as Liberal candidate, the Conservatives would not consent his election, out of respect to the late Dr. Veniot, held in high esteem by political friend and foe alike.

Dr. Veniot was given 60 votes today and J. A. Doucet, M.L.A., Paquetville, had 42. F. T. B. Young, M.L.A., Caraquet, and John G. Robichaud, Shippegan, whose names also were placed before the meeting, declined nomination.

Every polling sub-division in the county was represented by 102 delegates, Dr. F. X. Comeau, Caraquet, presided and the meeting was called to order by Hon. C. T. Richards, provincial secretary-treasurer and president of Gloucester County Liberal Association. A. H. Michaud, Bathurst, was secretary.

Dr. Veniot's candidature is his first. He has been president of the New Brunswick Medical Association, president of the Gloucester County Liberal Association.

CONDITION UNCHANGED

The condition of W. A. Hay, who has been quite seriously ill for the past several weeks, remained unchanged today. There is no improvement in his condition.

U. S. President and Gov.-Gen. of Canada Renew 100 Years Peace

FEED SHORTAGE IN DRY AREAS BEING STUDIED

OTTAWA, Aug. 1—The livestock situation in Western Canada occupied the attention of Cabinet at its regular weekly meeting yesterday.

At the conclusion of the three-hour sitting, Prime Minister Mackenzie King said consideration was being given to the removal of feeder cattle from drought-stricken areas in Alberta and Saskatchewan to places where feed would be available. Ontario had been suggested as a suitable province in which to locate some of these cattle.

The Prime Minister stated, however, that no agreements had been reached yet with the Western Provinces to meet the situation. Officials of the Federal departments concerned had been considering the problem of Western Canada cattle producers from various angles. The grave situation due to serious feed shortage was still being canvassed from the angle of marketing, hipping and processing cattle.

Hon. W. D. Euler, Minister of Trade (Continued on Page Five)

Passamaquoddy and St. Lawrence Spirit of Give and Take Important.

The historic meeting of Baron Tweedsmuir and President Roosevelt yesterday in Old Quebec—the first of a United States President and a Canadian Governor-General on Canadian soil—was brief, but significant of much that makes for the happiness of the two great nations of America. At 7 p.m., A.D.T., the President boarded his private train at Wolfe's Cove and headed for Montreal and Hyde Park, N. Y.

Baron Tweedsmuir and President Franklin D. Roosevelt clasped hands and pledged anew the 100 years of peace that has prevailed along the unprotected borders of Canada and the United States.

They met and talked socially. Then they turned to affairs of international importance but peace was the predominant note in their conference.

On a platform covered with British and United States flags on Dufferin Terrace Lord Tweedsmuir said it was his prayer that "not by any alliance, political or otherwise, but through thinking the same thoughts (Continued on Page Five)

NEWSPAPER ADVERTISING IS LAUDED

NEW YORK, Aug. 1—The magazine Printer's Ink reported a survey today showing that newspaper and magazine advertising is bringing in more returns than for years. Coupon returns the magazine said, have had "a remarkable increase in the last few years."

One advertiser was quoted as saying that using the same copy theme that marked his advertising in 1932-34 greatly increased returns were noted in the latter part of 1935 and the early months of 1936.

A travel firm, which refused use of its name, was quoted as answering that with a 10-year average base, newspapers in 1935-36 had an average efficiency of 416 and magazines for that period of 144, while in 1934-35 the figures for newspapers were 286 against 113 for magazines.

Mr. and Mrs. Harry Webb of St. Stephen, are spending the day in the city, the guest of their daughter, Miss Frances Webber.
